

The Carnegie Learning High School Math Series provides a complete set of research-based educational materials that will help students master high school mathematics. The instructional materials, which include textbooks and ® Software, align to the Common Core Georgia Performance Standards. Carnegie Learning’s materials encourage active engagement and deep understanding of mathematics.

## ***Parent & Student Resources Designed for Home Help***

- ONLINE Resource Center access to all text resources
  - This includes PDFs of Student Text, Student Assignments, and Skills Practice
- ONLINE “Home Connection” on our Resource Center
  - This includes links to general math websites
- Chapter Summaries in print in the Student Text
  - The Chapter Summary includes a written summary and worked examples from each student text lesson.
- The Skills Practice worksheets provide additional practice on the skills covered in the text lessons. A worked solution is provided for the first problem in each problem set (except for vocabulary sections) and answers for the odd-numbered problems are provided in the back of the book and on the Resource Center.

## ***Resource Center***

The Carnegie Learning Resource Center provides digital editions of all student and teacher materials for viewing and printing, as well as interactive “See It, Try It” modules. *The Resource Center is accessible to parents, students, and teachers.*

### ***Login***

Resource Center Website:

School Name: **millcreek jhs-84010**

Student Access Code: **53552-0281**

*See reverse side for login instructions.*

## ***Cognitive Tutor Software***

Carnegie Learning offers personalized mathematics instruction with our Cognitive Tutor Software. The adaptive software individualizes instruction based on how students learn. Cognitive Tutor was developed around an artificial intelligence model that identifies and targets weaknesses in each individual student’s mastery of mathematical concepts. Engagement features such as interest areas, characters, and personalization options help hold students’ interest while they are learning.
