

ELEMENTARY SCHOOL AGE STUDENT ACCEPTABLE USE AGREEMENT

Davis School District - Electronic Information Resources

1. Introduction to the Parent or Legal Guardian:

Electronic information resources are available to *qualifying* students in the Davis School District. These resources include the use of the computer and access to the Local Area Network, Davis Wide Area Network and Internet services. Our district goal, in providing electronic services to students, is to promote educational excellence by facilitating resource use, innovation, communication and acceptable use.

The Davis School District Internet System is being filtered by a proxy server, through the Utah Educational Network. Student use of the Internet is monitored. Students who abuse acceptable use, which includes, but is not limited to: copyrighted material, threatening or obscene material, pornography, gambling, and inappropriate language will be subject to discipline.

To *qualify* for electronic information resource services, students must be willing to abide by the rules of acceptable use. Please work with us in helping your elementary school age child understand and abide by these simple but important rules of appropriate use. Thank you.

2. For the Student - Acceptable Use:

Acceptable use means that as a student in the Davis School District, you will promise to use the computer and those special learning tools and programs, such as the Internet, with respect. Acceptable use means you will promise to abide by the school and district rules as outlined here and as will be taught to you by your teachers and computer specialists in your own classroom or school. You must understand that the use of these electronic teaching and learning tools are designed to support your education. If rules are broken, a student may lose his/her privilege in using the computer and the Internet. Please pay special attention to the following:

1. Be Polite and Show Respect: When using the computer to write, send or to receive messages or information, always use kind and proper language and abide by the rules of friendliness. Treat others and equipment with respect. You may be alone in your use of the computer, but, what you write or receive, using electronic machines, may be viewed by others with or without your knowledge. Parents or legal guardians may gain access to their student's e-mail upon request. You must not vandalize or abuse the equipment. Show respect for property, others and self. The computer and electronic resources belong to the school district.
2. Be Honest and Obey the Rules: Do not do things on the computer that would be against the rules, the law, or may be looked upon as dishonest. Use the computer and the Internet for appropriate educational purposes only.
2. Keep Personal Things Private: It is advised that students not tell or show others any personal or family information over the Internet, such as: home address, phone numbers, passwords, personal photos when used with names, or Social Security numbers. Do not log on or use another person's account. Keep personal and electronic information

private.

3. **My Promise to Follow the Rules:**

My parent or guardian has reviewed the Davis School District Acceptable Use Agreement with me. I understand the importance of being polite, respectful, honest, and the need to obey the rules for the use of the computer and the Internet. I also know I should not give out personal information about myself or my family over the Internet. I understand that the computer, the Internet and other electronic information resources are to be used for educational purposes. I also understand that if I break the rules, my use of these educational tools may be taken away from me and that other disciplinary or legal action may be taken. I promise to follow the rules.
