

May 1, 2018

Dear Parent,

Oklahoma State Law requires the Tdap immunization for 7<sup>th</sup> graders. This immunization protects your child from Tetanus, Diphtheria, and Pertussis. In order to assist with obtaining the immunization, please contact your school health clinic by May 15<sup>th</sup> to see if your child qualifies for the free immunization and schedule to receive it.

If your child has already received the immunization, please provide a copy of the immunization to the school health clinic by May 15<sup>th</sup>.

We're looking forward to helping your child.

Thank you,  
Tulsa Public Schools  
Department of Health and Wellness
