

Internet Access Guidelines for Student Use in Classrooms

- 1) No e-mail outside of District
- 2) No releasing of personal information of any kind
- 3) No chat rooms
- 4) No searching for “inappropriate” sites (even though the filter (BESS) probably wouldn’t allow access anyway)
- 5) If a site is accessed which wasn’t screened, exit immediately and report it to the teacher.
- 6) If in doubt about a site, ask the teacher to prescreen it.
- 7) No purchasing on-line
- 8) If you see another student breaking the rules, report it to the teacher
- 9) No downloading of any files
