618 STUDENT ACTIVITY FUNDS

The Board recognizes that duly approved student organizations may wish to raise and disburse funds to be used to support their activities. The Board is responsible for adopting and enforcing reasonable rules regarding the management, supervision, control, and prohibition of student activities, including raising and disbursing funds.

For purposes of this Policy and the accompanying Administrative Regulation, "student activity funds" shall include the funds of Board-approved student groups. Student activity funds shall be raised by students and expended for purposes related to the activity, with student participation in the decision-making process regarding these areas.

The Board adopts this Policy to ensure proper supervision of student activity funds under the District's responsibility. This Policy does not apply to organizations such as Booster Clubs and Parent Organizations as set forth in LMSD Board Policy 916 and similar clubs organized and governed by parents/guardians or any persons other than District students.

The Superintendent or designee is responsible for developing Administrative Regulations governing student activity funds.
