**810 STUDENT TRANSPORTATION**

**Purpose**

To ensure the safe and efficient transportation of all resident students of the District to and from school at regularly scheduled hours, field trips, and designated extracurricular events, it shall be the policy of the Board of School Directors to provide student transportation in accordance with the law in Pennsylvania and consistent with this Board policy.

**Delegation of Responsibility**

The Superintendent or their designee shall promulgate Administrative Regulations implementing this Board policy and shall continuously seek opportunities to improve the safety and efficiency of transportation for all resident students. To this end, these regulations shall address student eligibility, transportation logistics, and the safety and security of District transportation.

The Superintendent or their designee shall periodically review bus stops for safety and logistical efficiency and change bus stop locations if deemed necessary.
