Comprehensive Needs Assessment

Student Achievement

Student Achievement Summary

Our schoolwide scores on STAAR, DRA, TELPAS are increasing. We do need to focus on our ELL students by providing our teachers with more strategies to enhance the students learning.

School Culture and Climate

School Culture and Climate Summary

According to our Organizational Health Survey, our scores were the highest of all elementary schools in the district. The average score for elementary schools was 579. Valley Oaks overall score for the 2014-15 school year was 703. We will continue to maintain these high scores by focusing on building and maintaining positive relationships.

Technology

Technology Summary

The data from teacher observations and the observations of student work does not show that our students are utilizing technology to it's fullest capacity. We will need to focus on providing students the opportunity to create products with the use of technology.
