Parent Volunteers Needed!!

Although parental involvement changes somewhat during the Jr. High years and forward, Parents still need to stay involved with their children's lives at all ages!

The school looks to the **PTA** for parental volunteer help!

You Are Needed!

Your volunteer involvement allows the school to host more activities,
Helps those activities run smoothly and efficiently and,
Volunteering provides you as a parent an opportunity to stay connected with your teen.

Please indicate in which area you would be willing to help with. A member of the PTA will call you with specific times, dates of assignments, and will look forward to meeting you.
