6. To add courses:

**First** – Select a category from the first column.

**Next** – Highlight the desired course from the second column

**Last** – Click the “+” button in the Semester 1, Semester 2, or Alternatives column.

**Important:**

- If you make a mistake, simply highlight the course and click the “-” button.
- A full year class will populate in the Semester 1 and Semester 2 columns.
- Don’t worry about which classes end up in which semesters. These are only course requests, not your actual schedule.
- You will need 8 classes in Semester 1, 8 classes in Semester 2, and 4 alternates.
