We have \$5000 left over that wasn't used. We will use it to replace some iPads.

Discussed School improvement plan and budget for 2017/18

Increase SAGE proficiency by 2% for STEM and Math with 2 engineering modules per grade level. Most of this will be paid for by district. We need iPad carts all the iPad carts are out of date. This will cost about \$43000. 12000 from techtrek 5000 from grant 20000 from trustland remainder from district. We should be able to buy 2 carts with TrustLands and TechTrek and district money.

District wants us to put aside \$5000 for lead the way money.

Discussed STEAM night and Chinese Cultural night

Increase language Arts, Math and Science. 80% of students in grades 3-6 will score 80% or better.

Need to start planning Tech Trek

Potential air conditioning next year
