

Community Council Notes
February 9, 2017

In Attendance: Amanda Keller, Mark Vawdrey, Amy Smaelie, Laura Charchenko, Laura Klein, Rachelle Boulton,

STEAM Night

Online scheduler, 20 minute rotations, announcements will be made over intercom to remind of rotations, information table-need volunteers, family catapult competition. 1 event in each classroom. Each grade level will also run 1 activity (4 teachers to 1 activity).

Organizations that have committed:

The Leonardo, Stem Shoppe, Hogle Zoo, YMCA, Viemont High TSA club, Discovery Gateway, Weber State University UTEC, Mad Science, Davis police, CJH Band, Scratch coding by Mindfire, electronics bugs by Brian Ivie, and 1 activity per grade level. We are waiting on confirmation from a few others.

Students create art work that will be hung on wall. Using Aurasma app, parents will be able to scan art work and see video of student explaining art work.

Amanda will send out sign up genius for info table volunteers, get prizes for catapult competition, will get videos/directions to Carol for QR codes
Mark will contact Viewmont High TSA Club to get write up for activities

BTS Arts

Integration model. Specialist has Masters degree in arts integration and teaching certification. Specialist and teacher co plan so art supports content areas in classroom. Focus on and teaches art core. A grant will be written by district to cover 80% of cost, district will pay 10% and Stewart will pay 10%, approximately \$10,000. District will use Stewart as model school for other schools/districts. Committee agreed to fund pending teacher input.

Concerns regarding parking and safety were mentioned. Possible ideas to address concerns: only turn right out of loop, extend parking north of school, parent volunteers to direct students on proper route along loop, UDOT walking app

Next Meeting: March 13 4:00pm
Plan for School Improvement Plan 2018
