

## Community Council Minutes

March 17, 2017

In attendance: Amanda Keller, Marla Ridges, Amy Smaellie, Rachelle Boulton,

Amanda reviewed DIBELS data for K-6. We have dropped slightly from last year. This is partly due to a greater focus on comprehension since Stewart has consistently scored well on DIBELS indicating proficiency in decoding. The data is skewed because not all grade levels used DIBELS as an assessment last year. Also, the assessment was given differently from year to year.

The team discussed possible needs for the 2017-2018. We approximate Stewart will receive about \$68,800.

Proposed items to use Trustlands funding included:

TAs to support small group instruction-\$19,000

Beverly Taylor Sorenson Art Program -\$ 5,000

Project Lead the Way materials - \$8,000

Grade level Planning days- \$4,000 (but was agreed to only set aside \$2,000)

TTM licenses that are not covered by state grant \$1,000

RI licenses \$1,200 (will not fund this year, review again next year)

STEAM Night \$2,000 for teacher stipend, \$1,000 for materials (500 will be funded)

Kindergarten TA for immersion \$8000 (will not be funded)

Instructional materials (DIBELS materials) \$2,000

1 TA for immersion teachers to share \$8,000

Technology – the remaining budget.
