

# TONBRIDGE EVENTS

## EM Forster Theatre

The **EM Forster Theatre** was built in the year 2000, it offers a flexible, professional space for a diverse range of artistic events including theatre, comedy, dance, cinema and music productions as well as being a flexible venue for conferences and seminars.

This modern theatre seats up to 368 patrons split between the stalls and circle level. The stage is over 8m by 7m enabling the accommodation of large scale productions, it can also be dressed for intimate events. We offer a complete lighting, projection and sound service.

Within the complex there is a more intimate studio theatre (seating up to 80) and a drama classroom.

The main foyer contains an integrated bar which can be used for intervals and conference refreshment breaks. This foyer and the nearby mezzanine foyer can also adapt to teaching, rehearsal or break-out areas.

We provide duty management, technicians, stewards, bar staff and, if required, a Box Office service.

The theatre complex has full facilities for less able patrons.
