

RELATIONS WITH COLLEGES AND UNIVERSITIES

The New Hanover County Board of Education (Board) desires that staff and students of this school district benefit in every feasible way from resources provided by the colleges and universities of our area. To accomplish this aim, the Superintendent is expected to keep the Board informed of all opportunities for shared and cooperative services between the district and institutions of higher learning.

Additionally, staff members are encouraged to seek out and utilize the services of college and university faculty members who are willing to serve our schools as instructional resource persons. Such services may take the form of lectures or presentations, or comprehensive, contracted instructional curricula and programs. Any contracts must be approved in accordance with Board policy.
