

HOMEWORK

The New Hanover County Board of Education (Board) believes that homework is an integral part of the school program. Homework is appropriate to reinforce classroom learning; practice previously learned skills; finish class work; preview instructional materials; and complete special research/writing projects, activities, or papers.

Homework shall be sufficiently explained to students so that they clearly understand the expectations of the assignment.

Homework shall be carefully planned and evaluated for its purpose, appropriateness, value, and timeliness. Homework shall be monitored by the principal or designee.
