**1. GENERAL PROVISIONS**

- 1.1. The Board of Education of Davis School District (“Board”) and Association share the belief that our paramount objective is to provide Davis School District students a quality education. With a focus on Learning First, representatives of the District and Association shall work together to establish appropriate financial and community support for public education and to examine avenues for facing challenges while maintaining excellence. We believe this support is imperative to enhancing educator practice, quality of service, and student achievement.
- 1.2. The Board and the Association understand that the Board has certain powers and responsibilities that under the Constitution and Laws of the State of Utah may not be delegated to another group or organization. Accordingly, if any provisions of this Agreement or any application of this Agreement to any teacher covered hereby shall be found contrary to law, such provision or application shall have effect only to the extent permitted by law. All other provisions or application of this Agreement shall continue in full force and effect.
- 1.3. Having been identified as the exclusive bargaining agent under Board Policy, the Board recognizes the Davis Education Association (“the Association”) as the exclusive representative of the licensed personnel except as herein provided. Any individual teacher shall have the right to present grievances, with or without representation by the Association, in accordance with the Grievance Procedure provided. Nothing in this Agreement shall be so construed as to deprive any individual of his/her rights under the Utah Right to Work Law nor his/her rights as set forth in Title VII of the Civil Rights Act or under Title 34, Utah Code Annotated, 1953, or amendments thereto.
- 1.4. The Association recognizes the Board as having all the rights and powers as provided in the constitution and the laws of the State of Utah.
- 1.5. The Board shall continue to recognize the Association as the exclusive representative for the term of this Agreement or any renewal thereof as long as there is verification of representation. Recognition, once effective as to the unit described above, shall be effective during each year of the term of this continuing contract, or any renewal thereof.
- 1.6. Employee associations may use the buildings for meetings and membership drives. These meetings shall be without cost and include the use of faculty rooms, class rooms, auditoriums, and multipurpose (cafeteria) rooms. These meetings should not interfere with the normal operation of the school where teachers are working with students and should follow other District policies.
- 1.7. Employee associations may use the District delivery system, place notices, circulars, and other materials on designated bulletin boards and in teachers' mailboxes. Authorized representatives of the associations will assume responsibility for the posting or distributing of material for the associations. All materials shall clearly identify the association distributing or posting the material and when appropriate, such materials shall be signed.
- 1.8. The rights and privileges of the teachers' organization and its representatives as set forth in this article shall be granted only to the Association recognized as the exclusive bargaining agent of teachers, with the exception of 1.6 and 1.7.
- 1.9. The Association President of the Exclusive Bargaining Agent
  - 1.9.1. The District shall release the association president full-time or part-time as soon as possible following Association elections. The Association president shall be considered to be on temporary special assignment.
  - 1.9.2. The Association shall reimburse the District for the Association President's compensation as agreed to by the Association and the District less the amount allowed by law. The portion of the President's time paid for by the District shall

1.11. Individuals working in licensed positions not excepted above may be paid according to their respective salary tables (instead of Salary Table 1) but are otherwise covered under the provisions of this agreement.

1.12. No change, revision, alteration or modification of this Agreement in whole or in part shall be valid unless the same is ratified by both the Board and the Association and is endorsed in writing by both parties.

1.13. This Agreement shall be deemed to be a part of each individual teacher's contract by reference thereof.

### 3.4. Professional Responsibility and Organization for Extra Duties

3.4.1. The contractual agreement with licensed educators sometimes involves a commitment of time and responsibility beyond the classroom and regular school hours. In secondary schools this may require supervision, direction and/or coaching of various clubs, activities and athletic teams. When such positions are open, the principal shall give first consideration to licensed educators employed at the site who have indicated an interest on the yearly reassignment request form. At the elementary level, it becomes necessary for teachers to assume the direction and supervision of their students throughout the school day as organized and directed by the principal. For all compensated extra duty and coaching assignments, principals will submit the names along with their positions and amounts of compensation to the Board for formal approval. Compensation for extra duty shall not be considered as "salary" or "pay." Payment for extended contracts shall be considered compensation for extra duty. Compensation for extra duty may be withdrawn at any time upon reassignment of the recipient. Receipt of compensation for extra duty shall establish no right, expectation, or requirement that such assignment and compensation will continue in the future. Extra duty assignments may be modified or changed at any time. When either the educator, or the principal wishes to discontinue an extra duty assignment, the parties will meet as early as possible to discuss the assignment. Whenever possible, changes in the assignment should be arranged prior to July 1 to ensure that both parties have adequate time to make alternative arrangements, if necessary.

#### 3.4.2. Lunch Supervision and Extra Duties — Elementary:

- [a] The principal will seek volunteers from the licensed staff for lunch time playground duty, lunchroom duty, before-and-after school bus duty, and before-and-after school student supervision. In cases of no volunteers, use of teacher assistants or paid community volunteers for these duties is recommended. In case no volunteers or teacher assistants are available, then the principal may select from the faculty individuals whom he/she desires to assume the responsibility.
- [b] Professional staff members who perform any of the duties listed above will be paid at the rate of \$15.49 per hour. The principal will submit a plan for payment of extra duties to be approved by the Superintendent of Schools.

3.4.3. Lunchroom Supervision — Secondary:

- [a] The principal will submit a plan for payment of lunchroom supervision, including two (2) paid duty positions to be approved by the Superintendent of Schools. Principals will assign lunchroom supervision to teachers as an extra duty rather than in lieu of a regular class period wherever feasible. Pay shall be at the rate of \$15.49 per hour.

3.4.4. Elementary and Secondary Extended Teaching (Productivity):

- [a] An extended teaching contract is defined as any specified number of teaching hours in addition to a teacher's 7 1/2 hour regular contract where the additional hours are spent teaching in the same program and school. Such a contract is also known as productivity.
- [b] Acceptance of a productivity teaching assignment shall not be required.
- [c] Teacher compensation shall be calculated at an hourly rate based upon the teacher's position on the salary schedule.
- [d] In secondary schools, teachers will be paid for one (1) extra hour daily, which allows for forty-five (45) minutes of teaching time and fifteen (15) minutes preparation.
- [e] Teacher compensation for extended teaching contracts shall be part of the regular monthly check. Teachers in secondary schools with A/B schedules will be paid for two (2) extra hours every other day.

3.4.5. Additional Educational Duties and Non-Athletic Extra Duty

- [a] Additional educational duties include teaching staff development classes, make-up classes, summer school, remediation classes, summer coaching clinics, and other assignments that involve teaching groups of students but which are not part of the regular school day.
  - (i) Educators performing these duties shall receive their hourly rate of pay where class enrollment permits.
  - (ii) In the event that enrollment fees are insufficient to cover the instructor's salary and benefits and needed supplies, the educator may agree to work for a reduced rate. If the educator does not agree, the course will be cancelled.
  - (iii) In no case will a teacher's rate of pay be reduced once the course or activity has begun.
- [b] Non-athletic extra duties include those which do not involve direct instruction of groups of students, such as tutoring, monitoring study halls after school, track changes, etc. Educators performing these duties will be paid the hourly rate of \$24.36.
- [c] Educators who agree to take a Home Hospital assignment will be paid at the hourly rate of salary level J on the Educator Salary Schedule.

- [d] Educators who agree to perform specific tasks for which the work hours are not defined, such as web page creation or serving on a District committee, may be paid a stipend to be agreed upon by the educator and the supervisor.
- [e] Davis teachers serving as substitutes for teachers will be paid at the long-term substitute rate. The substitute rate shall be pro-rated to an hourly basis if the assignment is for fewer than three (3) hours per day.

- [c] Additional information regarding COBRA may be obtained from the Insurance Division.
- [d] Continuation of coverage other than health insurance is available only as provided in specific insurance contracts.

District’s medical insurance shall be required to pay a nominal monthly Wellness Program premium, the amount of which shall be determined by the District’s Insurance Committee.

- (iii) If an employee and his/her spouse work in insurance eligible positions for the District and elect to carry 2-party or family medical insurance coverage under the name of one spouse only, the District shall pay one hundred percent (100%) of the cost of the option selected for one of the employed spouses working in a position, or combination of positions authorized for thirty-five (35) or more hours per work week. Additionally, the District shall pay one hundred percent (100%) of the monthly Wellness Program premium for both employees. These contribution levels are in consideration of the fact that both individuals are insurance-eligible District employees. (Eligible, enrolled spouses employed in a position, or combination of positions, authorized for fewer than thirty-five (35) hours per work week, shall receive an appropriate pro-rated premium contribution reflecting the higher contribution level.)

Accumulated sick leave shall be charged at one-third day for each day in which the worker’s compensation benefit is supplemented by the District. Sick leave hours shall not be used on days that the employee would normally be off track or on non-contract time. In situations where employees do not have any accrued sick leave, the District shall not supplement workers’ compensation.
- [b] continue to fund the District’s share of employee benefits (life insurance, disability insurance, health insurance and retirement) during the District approved leave of absence. Employees shall continue to fund their share of the benefit payments in order to keep their benefits in force. - [d] Insurance coverage eligibility is lost at the end of the month in which an employee:
  - (i) not eligible for family leave (defined in section 4.4.4) exhausts approved paid leave (or has no available paid leave for the position). If the employee is insurance eligible as a result of combined positions, he/she loses insurance eligibility if leave is exhausted in a position that is needed to meet the insurance eligibility threshold.

- (ii) eligible for family leave exhausts approved paid leave and is beyond the family leave period. If the employee is insurance eligible as a result of combined positions, he/she loses insurance eligibility if leave is exhausted in a position that is needed to meet the insurance eligibility threshold and he/she is beyond the family leave period.
- (iii) An employee may continue health insurance coverage by electing COBRA (section 4.2.5). Other insurance coverage may be continued only as provided in the specific insurance contracts. Note: Catastrophic sick leave and/or advanced paid leave approval provide paid leave only and do not provide for continuation of insurance eligibility.

4.4.2. Sick Leave Policy

  - (i) Seven (7) days per year will be allowed for the first three (3) years of employment (unless noted otherwise on the salary schedule for the position).
  - (ii) Ten (10) days per year will be allowed for succeeding years (unless noted otherwise on the salary schedule for the position).
  - (iii) Unused sick leave days will accumulate.

  - (v) The sick leave policy is designed to assist persons who have to remain away from work because of illness, disability, or other reasons specifically identified in this policy.
  - (vi) Employees are expected to return to work as soon as they have recovered from their illness, injury, surgery, delivery, or other disabling condition.
  - (vii) The Board reserves the right to require written verification of illness or disability by the employee’s physician or by a physician appointed by the Board.
- [b] Death or Serious Illness of Family Member. - The sick leave policy is designed by the Board to be used judiciously for illness of self and in the event of the death or serious illness of an immediate member of the family, according to the following provisions:
  - (i) The phrase, “an immediate member of the family,” includes husband, wife, son, daughter, father, mother, father-in-law, mother-in-law, brother, sister, grandmother and grandfather. (Exceptions that may be considered by the Superintendent: sister-in-law, brother-in-law, uncle, aunt, nephew, niece, first cousin

- and those who have virtually held the position of an immediate member of the family.)
- (ii) For any absence beyond one day in case of serious illness of an immediate family member other than spouse, parent, or child, approval must be secured from the Superintendent. For any absence beyond one day in case of serious illness of a spouse, parent, or child, the Family Leave Policy 4.4.4 shall apply.
  - (iii) With the approval of the principal or program director, any educator under contract with the Board will be entitled to a leave of absence for up to five (5) days in the event of death in the immediate family. Principals shall have discretion in approving leave requests based on the particular needs and circumstances surrounding the death. The days will be charged to “Sick Leave.” Additional sick leave may be allowed for this purpose subject to the approval of the Superintendent.

- [d] Employees anticipating an absence exceeding ten (10) consecutive work days shall provide advance notice in writing to the District personnel office of their approximate leave dates so that necessary payroll adjustments and long-term substitute arrangements can be made.
- (i) In emergency situations when extended absences cannot be anticipated or planned, employees shall provide written notice to the District Human Resources Department as soon as they are physically able to do so.
  - (ii) Upon request, employees who use more than ten (10) consecutive sick leave days shall also provide the District Human Resources Department with a written statement from their physician(s) certifying illness or disability and projected recovery date.
- [e] Employees who exhaust their accumulated sick leave may request an advance of sick leave credit, but not to exceed five (5) days.
- (i) If such credit is granted, the requesting employee must pay back the number of days during the following two (2) years by deducting days from unused accumulated sick leave.
  - (ii) For employees who use sick leave credit and who cease employment, sick leave credit must be returned in cash and may be withheld from the employee’s final paycheck.
- [f] Licensed personnel who incur an extended illness which makes it impossible for them to fulfill their professional duties, may upon request be granted by the Board, relief from their current year contract without penalty and without prejudice to contract renewal rights for the succeeding contract year.

- [g] Personnel who are employed beyond the basic nine (9) month contract period and who qualify for sick leave shall be entitled to one additional day of sick leave for each additional month worked inclusive of vacation days.
  - (i) Only extended contacts with continuous service within any given month which can be evaluated to equal one-half month or more of a regular school year service shall apply. In no case would this include evening classes, hourly rate employees, workshops or in-service programs.

- [h] Upon retirement, eligible employees may convert accumulated sick leave as specified in the Retirement Incentives provision under section 4.6.3. In the event of the death of an employee eligible for the Retirement Incentives, the employee’s designated beneficiary shall be paid a sum equal to twenty-one and one-half percent (21.5%) of the value of the employee’s accumulated sick leave based upon the employee’s position on the salary schedule.

4.4.3. Catastrophic Sick Leave Bank

- [a] The District will establish and manage a catastrophic sick leave bank from which eligible educators may draw leave under the conditions and restrictions outlined below. Teachers who wish to participate in the catastrophic sick leave bank program shall be required to contribute one (1) day of their available sick leave to the bank. This contribution must be made each year during the insurance open enrollment period, as designated by the District, by completing and submitting the appropriate form to the Human Resources Department. If the bank has a substantial balance of days remaining at the end of the academic year, the Association and District may agree to suspend the contribution requirement for one year. Any educator who did not previously participate in the bank but who desires to participate during the non-contribution year will be required to donate one (1) day to initiate eligibility by submitting the appropriate form to the Human Resources Department during the insurance open enrollment period, as designated by the District.
- [b] Only educators who have contributed to the bank and who have depleted their sick leave and personal leave balances shall be eligible to receive consideration for sick leave from the bank.
- [c] All requests for sick leave from the bank must be in writing and must be addressed to the Human Resources Director. Requests may be submitted and approved any time after the required sick leave has been contributed. The requests must include the reasons for the request, written verification from the attending physician indicating the nature and severity of the illness or health problem along with the projected recovery date, and the number of sick leave days requested.
- [d] Only severe, extended illness and catastrophic medical problems of an employee or immediate family member will be considered for leave withdrawals from the bank. Illness or medical problems

of a short-term nature shall not be considered. Life-threatening illness or severe accidents requiring extended recovery periods will be given first priority.

- [e] Withdrawals from the bank for illness of the participating employee shall not exceed one-hundred (100) leave days per employee during any consecutive twelve (12) month period. In addition, bank withdrawals for illness of the participating employee shall not exceed one-hundred (100) days cumulatively for the same illness, medical condition or recovery.
- [f] Withdrawals from the bank for illness of an immediate family member shall not exceed twenty (20) days during any consecutive twelve (12) month period. In addition, bank withdrawals for an illness of an immediate family member shall not exceed twenty (20) days cumulatively for the same illness, medical condition, or recovery. For requests under this policy, immediate family members shall include husband, wife, son, daughter, father, mother, brother, sister, grandmother, and grandfather. In addition, exceptions may be considered by the Superintendent for other relatives or those who have virtually held the position of an immediate member of the family.
- [g] In all sick leave bank withdrawal requests, whether for the participating employee or for an immediate family member, the District reserves the right to approve requests, deny requests, or to approve only a portion of the leave days requested.

4.4.4. Family Leave

- [a] In the event of serious illness of an eligible employee or an eligible employee’s spouse, parent, or child, an employee may request in writing to the Superintendent a leave of absence of up to twelve (12) calendar weeks. An eligible employee may also request a leave of absence of up to twelve (12) calendar weeks following the birth or adoption of the employee’s child.
- [b] In the event of a “qualifying exigency” arising out of a military service member’s current tour of active duty or because the service member is notified of an impending call to active duty, an employee who is the spouse, parent, or child (as defined by the Family & Medical Leave Act) of the service member may request in writing to the Superintendent a leave of absence of up to twelve (12) calendar weeks.
- [c] In the event a “covered service member” (as defined by the Family & Medical Leave Act) who sustained a “serious injury or illness” (as defined by the Family & Medical Leave Act) requires the care of an employee that is the spouse, parent, child or nearest blood relative of the service member, the employee may request in writing to the Superintendent a leave of absence of up to twenty-six (26) calendar weeks.
- [d] Employees who have worked for the District for at least twelve (12) months and who have regularly worked a minimum of twenty (20) hours per week for the District during the previous twelve (12) month period are eligible for family leave.
- [e] Eligible employees may not be granted family leave in excess of twelve (12) calendar weeks during any twelve (12) month period

(with the exception of family leave granted on behalf of a care giver for an injured military service member).

- [f] Written requests for family leave due to serious illness or health condition must be accompanied by a doctor’s certification indicating the anticipated duration and the nature of the illness or health condition. The illness or condition must require inpatient care in a hospital or residential facility or continuing treatment by a health care provider. At its expense, the District may require the employee to obtain a second opinion by a doctor designated by the District.
- [g] In the event of birth or adoption, the District may require the employee to use his/her applicable accumulated personal leave prior to granting unpaid leave. For an employee’s own illness or illness of a spouse, parent, or child, the District may require the employee to use his/her applicable accumulated personal leave and sick leave before granting unpaid leave. The total family leave period, whether paid or unpaid, shall not exceed twelve (12) calendar weeks.
- [h] When an employee and spouse both are employed by the District, both individuals together shall be limited to a total of twelve (12) calendar weeks of leave in the event of birth or adoption of a child or the illness of a parent.
- [i] Employees anticipating a family leave request shall give the District as much advance written notice as possible.
- [j] During the family leave period and/or a paid sick leave, the District shall continue to pay its portion of the employee’s group health insurance premium. An employee on family leave must continue to pay his/her portion of the insurance premium in order to keep coverage in effect. If the employee fails to return to work with the District for at least thirty (30) calendar days following the leave, for reasons other than the continuation or onset of a serious health condition or other circumstances beyond his/her control, the District shall be entitled to reimbursement for its portion of the insurance premium costs. The employee shall not be required to reimburse the District for the District portion of the insurance premium costs if the employee is on the leave at the end of the school year and resigns employment at the end of the school year or during the summer break.
- [k] Upon returning from family leave, an employee shall be assigned to his/her previous position(s) or to equivalent position(s) with equivalent pay and benefits.

4.4.5. Personal Leave

- [a] Effective July 1 each year, educators shall be credited two (2) days of personal leave to be used for their personal business (unless noted otherwise on the salary schedule for the position). Educators earn this time as they work through the year. Educators who terminate or resign employment shall be required to repay the value of personal leave used but not yet earned. Educators with fifteen (15) or more years of experience, as determined by the salary schedule, will be entitled to one (1) additional day. Any educator with an all track contract at a year-round school will be entitled to one (1) additional day of personal

leave each year. Personal leave may also be earned when educators within a school fill in for absent teachers when the automated sub-finder system is not successful in filling an absence, or when prior principal approval is obtained (this will apply to educators in secondary schools who substitute during their prep period or educators in year-round elementary schools who substitute when they are off track). Personal leave accumulation, use and carry-over are based on a single position, not a combination of positions. A personal leave day may be used for any purpose at the discretion of the educator, subject to the following conditions:

- (i) A teacher planning to use a personal leave day or days shall notify his/her principal at least one day in advance, except in cases of emergency.
  - (ii) The teacher may be asked to explain the reason for any personal leave requested for a school day immediately before or after a holiday, weekend or vacation period and reasonable restrictions and limitations will be imposed on personal leaves on such days.
    - (1) Only in the event of an emergency will teachers be permitted to take personal leave on regularly scheduled parent/teacher conference days and the first day and last two (2) days of the school year.
    - (2) In addition, to assure the normal operation of a school, limitations must be placed on the number of teachers in a school who can take personal leave on any given day. This will be determined by the principal of each school.
- [b] Teachers not using a personal leave day or days during the school year may accumulate and carry forward a maximum of thirty (30) days of unused leave to the following year.
- (i) Educators are encouraged to use all earned personal leave each year; however, a maximum of ten (10) days may be used in a contract year. When family or personal events arise which cannot be rescheduled to non-contract time, educators may make a request to the principal or program director to use additional days of personal leave during a contract year.
  - (ii) When an employee’s balance of personal leave exceeds thirty (30) days on the last day of the monthly payroll absence reporting period in October, any days beyond thirty (30) will be removed. If the contract of a licensed employee is terminated, unused personal leave shall be compensated at the licensed substitute rate
  - (iii) For those teachers who do not complete a full contract year, personal leave days shall be pro-rated.
- [c] When family or personal events arise which cannot be rescheduled to non-contract time, educators with need of additional personal leave may make a request to the principal or

program director for an advance of up to five (5) additional days of personal leave. Educators granted an advance under this provision will have the option to repay the advance using accumulated sick leave at the rate of one and one-half (1.5) days of sick leave for every one (1) day of personal leave advanced. Educators exercising this option shall notify the payroll department in writing at the time the advance is granted.

- [d] With prior approval of the principal, a teacher who uses personal leave for professional purposes will be compensated at the personal leave rate.

4.4.6. Adoption Leave

- [a] Employees who are adopting a child are entitled to use up to twenty (20) days of their accumulated sick leave. If there is a need beyond these days, employees may request in writing to the Superintendent the use of additional accumulated sick leave or a temporary leave without pay according to the provisions in the Family Leave Policy section 4.4.4. Employees who have accrued more than twenty (20) days of sick leave may request in writing to the Superintendent permission to use up to one-half of their accrued sick leave beyond twenty (20) days during their family leave. However, any family leave granted for adoption purposes, whether paid or unpaid, shall not exceed the twelve (12) calendar week limit provided in the Family Leave Policy.

4.4.7. Emergency Leave

- [a] In the event of a personal or family crisis or other emergency situation which is not covered by the catastrophic sick leave bank, short-term disability, long-term disability or workers’ compensation, employees who need to be away from work for a limited period of time may request emergency leave in writing from the Superintendent. Such leave will be available only to an employee in good standing who has used all accrued sick and personal leave. When an employee is granted this leave, the cost of a licensed substitute shall be deducted from the employee’s daily rate of pay for each day of approved absence. Requests for emergency leave shall be limited to twenty (20) days per contract year, but the decision as to the amount of leave allowed in each individual case will be determined solely by the District.

4.4.8. Unpaid Leave of Absence for Graduate Study (Not Sabbatical)

- [c] Job placement upon return to the Davis School District will be dependent upon available openings. In the event it is not practicable for the District to assign the teacher to the same school or teaching area where he/she previously served,

reasonable efforts will be made to place the teacher in an area or position in which the teacher is best qualified.

- [d] Recipients of a leave of absence have the responsibility to notify the Superintendent of Schools on or before March 1 of the year in which they are on leave, concerning their employment intentions for the coming year.
- [e] One additional step on the salary schedule will be granted in recognition of the graduate study completed.

4.4.9. Unpaid Academic Year Leaves of Absence

- [b] Applications for leave must be submitted in writing to the Superintendent by the teacher before March 1 of the preceding year, except in circumstances involving health related emergencies.
- [c] The District shall consider leave of absence requests for the following purposes:
  - (i) Work or educational experiences related to the teacher’s educational assignment.
  - (ii) Travel-study programs for full academic year for credit.
  - (iii) Civil or political activities requiring temporary full-time involvement for one academic year.
  - (iv) Teacher exchange programs.
  - (v) Applications for leaves for work experience, programs of travel-study or teacher exchange shall be considered on the basis of potential value to the teacher and School District in their educational assignment and applications should describe the specific benefits which are anticipated. Upon return to the District the individual shall verify completion of the program for which the leave was granted.
  - (vi) Health related problems, verified by a doctor, that prevent the educator from performing work duties during the academic year.
  - (vii) Military service, extended humanitarian or religious service, or other similar service that may enhance the educator’s teaching skills or experience.
- [d] A teacher may request a one year extension of an unpaid leave of absence provided that such request shall be submitted on or before March 1 prior to the expiration of the original leave.
- [e] Personnel returning to the District from unpaid leave, approved by the Superintendent, will be given consideration for an assignment within their area of qualification. In the event it is not practicable for the District to assign the teacher to the same school or teaching area where he/she previously served, reasonable efforts will be made to place the teacher in an area or position in which the teacher is qualified.

- [f] Premiums on group insurance coverage will not be paid by the District for teachers on unpaid leaves. However, the teacher may retain the group insurance coverage during the unpaid leave period by applying for COBRA benefits (see section 4.2.5).
- [g] A teacher returning to the District from unpaid leave shall retain the same sick leave benefits as he/she accrued at the time of entering upon such leave.
- [h] The provisions of paragraphs 4.4.9 [f] and [g] apply to teachers on unpaid leaves covered in 4.4.9 [c] (i) and (ii).

4.4.10. Unpaid Leaves of Absence for Less Than One Year

- [a] Unpaid leaves of absence for fewer than ten (10) work days may be approved upon request by the principal or program supervisor. Unpaid leaves of absence for ten (10) or more work days, but for less than a full year, may be granted when approved by the Superintendent according to the following:
- [b] Applications for leave must be submitted in writing to the Superintendent by the teacher at least sixty (60) days prior to the requested leave date, except in circumstances involving health related emergencies or unforeseen events.
- [c] The District shall consider leave of absence requests for less than one year for the following purposes:
  - (i) Work or educational experience directly related to the teacher’s educational assignment.
  - (ii) Travel-study programs for academic credit.
  - (iii) Civil or political activities requiring temporary full-time involvement.
  - (iv) Teacher exchange purposes.
  - (v) Leaves of absence shall not be granted for purposes relating primarily to vacation. Applications for leaves for work experience, programs of travel-study or teacher exchange shall be considered on the basis of potential value to the teacher and school District in their educational assignment and applications should describe the specific benefits which are anticipated. Upon return to the District the individual shall verify completion of the program for which the leave was granted.
  - (vi) Health related problems, verified by a doctor, that prevent the educator from performing work duties.
  - (vii) Military service, extended humanitarian or religious service or other similar skills service that may enhance the educator’s teaching skills or experience.
- [d] The District will make a reasonable effort to place teachers returning from such leave in the same position they held prior to going on leave. However, the District will not guarantee such placement. In situations where teachers may not be returned to their same positions, their principal shall so notify them in advance of their leave.

- [e] Premiums on group insurance coverage will not be paid by the District for teachers on unpaid leave beyond the month in which the leave commences. However, the teacher may retain the group insurance coverage during the unpaid leave period by applying for COBRA benefits (See section 4.2.5).
- [f] A teacher returning to the District from unpaid leave shall retain the same sick leave benefits as he/she accrued at the time of entering upon such leave.
- [g] Teachers receiving a leave under the provisions of this policy shall not be eligible to receive another such leave within three (3) calendar years of the date their original leave begins.

4.4.11. Legislative Leave

- [a] The Board of Education grants release of personnel to participate in the legislature who have been elected to serve either in the Senate or House of Representatives. During such legislative service the employee shall receive his/her regular salary less his/her legislative salary. These arrangements shall be made through the District’s Payroll Department.

4.4.12. Military Leave

- [a] Licensed employees who are members of the United States Army, Navy, Air Force or Marine Reserve shall be allowed military leave of absence not to exceed fifteen (15) working days per year to attend mandatory annual encampment or training in connection with the Reserve training requirements.
- [b] During such military leave the employee shall receive his/her regular pay less his/her military base pay.
- [c] Such leave of absence will be granted only on the basis of official military orders which must be filed with his/her immediate supervisor.
- [d] Such leave should, if possible, be taken during the employee’s vacation or at a time which presents a minimum of disruption and interference to the District’s educational and other programs.

4.4.13. Civic Duty

- [a] Jury Duty
  - (i) Employees selected for jury duty shall receive full salary, less the amount they receive as a juror.
- [b] Witness in Court
  - (i) Employees who are subpoenaed to testify as a witness in legal action shall receive full salary for the period they are absent from duty while in court.
  - (ii) Employees who are litigants in legal action in cases where the legal action is an outgrowth of or related to their educational assignment shall receive full salary for the period they are absent from duty while in court.
- [c] Funerals and Civic Programs
  - (i) Personnel employed on a full-time basis will be allowed time for attendance at funerals and special civic

programs as a speaker, chairperson, musician, etc., provided arrangements are made in advance and the principal gives approval. If the funeral is for the death of an immediate member of the family, the absence shall be covered under sick leave as provided in Section 4.4.2. Retirement

4.4.14. The District participates in the Utah Public Employees’ Retirement System. Eligibility for participation and benefits are determined by Utah Retirement System guidelines. For Davis School District, retirement eligibility is based on individual positions, not a combination of positions. When an employee is eligible for participation in the system, all pay shall be included in the retirement system contribution calculation.

4.5. District Retirement Incentives

4.5.1. Employees who: 1) have ten (10) years of Davis District service credit, including five (5) years of current service in the District; and 2) meet the eligibility requirements for and will be receiving Utah State Retirement System Benefits within ninety (90) calendar days following retirement, may apply on a non-discriminatory basis for the voluntary retirement benefits listed in this policy. Employees with at least five (5) but fewer than ten (10) years of Davis District service credit and who meet the above criteria, may also apply for these benefits on a pro rata basis. Employees who currently are receiving Utah State Retirement System benefits are not eligible to apply for the benefits listed in this policy.

4.5.2. Social Security Bridge Payments

[a] Social security bridge payments are intended to partially offset the reduction in Social Security benefits due to early retirement. Eligible retirees shall receive a contribution of sixteen percent (16%) of their earning from the last twelve (12) months of employment into a qualified 403(b) account or a District sponsored Health Reimbursement Account for three (3) years or until they become eligible to receive unreduced social security benefits, whichever occurs first. The first payment shall occur within 180 days of retirement from the District. The second payment shall occur in February of the first year following a complete calendar year without contributions to the Utah Retirement System for the original position from which the employee retired. The third payment shall occur the following February.

[b] Employees who meet the criteria in 4.6.1 and who have at least twenty-five (25) but fewer than thirty (30) years of salary service credit, may voluntarily authorize the District to purchase additional salary service credit for them in the Utah State Retirement System by applying some or all of their eligible contributions on a one-time lump sum basis under the following conditions:

(i) Employees eligible for three (3) years of contributions shall be credited with a one-time lump sum contribution of forty-six percent (46%) of their annual salary. The District shall apply this contribution toward the purchase of additional salary service credit for the employees in the Utah State Retirement System.

- (ii) Employees eligible for two (2) years of contributions shall be credited with a one-time lump sum contribution of thirty-one percent (31%) of their annual salary, to be applied toward the District’s purchase of additional salary credit.
- (iii) Employees eligible for one (1) years of contributions shall be credited with a one-time lump sum contribution of sixteen percent (16%) of their annual salary, to be applied toward the District’s purchase of additional salary credit.
- (iv) The District shall not purchase additional salary service credit that, when combined with an employee’s current years of salary service credit, would exceed thirty (30) years of total salary service credit.
- (v) Eligible employees shall notify the Payroll Department in writing of their request to receive a one-time lump sum contribution no later than the early retirement notification deadlines stipulated in section 4.6.6.

4.5.3. Sick Leave Conversion

- [a] Employees qualifying for Utah State Retirement benefits shall receive an amount paid as a lump sum employer contribution into a qualified 403(b) account or a District sponsored Health Reimbursement Account equal to twenty-one and a half percent (21.5%) of the value of the employee’s accumulated sick leave.
- [b] Employees who meet the criteria in section 4.6.1 and who have at least twenty-five (25) but fewer than thirty (30) years of salary service credit, may voluntarily authorize the District to apply some or all of the sick leave payment explained in section 4.6.3 [a] toward the District’s purchase of additional salary service credit for the employees in the Utah State Retirement System. The District shall not purchase additional salary service credit that, when combined with an employee’s current years of salary service credit, would exceed thirty (30) years of total salary service credit. Eligible employees who wish to exercise this option shall notify the Payroll Department in writing no later than the early retirement notification deadlines stipulated in section 4.6.6.
- [c] If the retiree dies, the amount remaining to be paid under section 4.6.2 shall be paid to the retiree’s designated beneficiary.

4.5.4. Post-Retirement Health and Dental Insurance

- [a] Employees who retire under the incentive program will continue to be enrolled in group medical and dental programs until they become eligible for Medicare, or for the ten (10) consecutive years following retirement, whichever occurs first. This enrollment is contingent upon the retirees contributing the same premium as required of active employees for the first three (3) years and the full premium, as determined by the District Insurance Committee, for the following seven (7) years. Retirees electing the out-of-area plan pay the difference between the District contribution to the in-area premium and the full premium for the first three (3) years and the full premium, as determined

by the District Insurance Committee, for the following seven (7) years.

- 4.5.5. The following employees are not eligible for participation in the retirement incentive program:
  - [a] Any employee who has received a written notice of termination.
  - [b] Any employee who is retiring under the disability provisions of the Utah State Retirement Act.
  - [c] Any employee who previously has received retirement incentive benefits from the District or is currently receiving Utah State Retirement System benefits.
- 4.5.6. In order to apply for retirement incentives, an employee must notify the Human Resources Department in writing no later than December 1, for a retirement date at the end of the second term; or March 1, for a retirement date at the end of the regular school year. If there are substantive changes in Utah State Retirement System benefits between March 1, and the end of the regular school year, the District may elect to allow an additional notification opportunity to retire or rescind a March 1 notice.
  - [a] Employees need to contact the Utah State Retirement Office at least three (3) months prior to their date of retirement to determine eligibility.
  - [b] Employees who qualify for monetary District retirement incentives will participate in an “Exit Interview” to determine if those monies will be contributed to a qualified 403(b) account or a District sponsored Health Reimbursement Account.
- 4.5.7. No verbal communications or letters of intent will be accepted as application for participation in the retirement incentive program. Without appropriate completion of the "Application for Retirement Agreement and Waiver" form, no employee shall qualify for nor receive any of the benefits provided through the program.
- 4.5.8. Benefits of this early retirement incentive program provided by the District are independent of the Utah State Retirement System.
- 4.5.9. Benefits of this retirement incentive program are not intended to be combined or coordinated with the early retirement provisions outlined in Utah Code Ann. § 67-19-14.
- 4.5.10. For purposes of determining the retirement incentive contribution, the number of years before the retiree becomes eligible to receive unreduced social security benefits as of the official last day of work shall be used. Annual leave days for which an employee receives pay following the last day worked shall not be considered in determining retirement benefits.
- 4.5.11. Re-employed District Retirees
  - [a] District retirees receiving the incentives provided in this section shall be subject to the following benefits and conditions if they are rehired by the District.
  - [b] Social security bridge payments shall continue as outlined in section 4.6.2.

- [c] Upon re-employment in an insurance eligible position, insurance benefits, including premium payments, shall be administered in the same manner as for other active employees.
- [d] Upon re-employment, any unused balance of sick leave credit previously applied toward the payment of health insurance premiums shall be contributed to a qualified 403 (b) account for the employee.
- [e] Eligible re-employed retirees may utilize any unused participation time on the Davis School District Early Retirement Incentive Medical and Dental Plan (ERP) when they terminate District employment. This participation time includes the balance of the unused insurance benefit extension (to a maximum total of ten years) or until Medicare eligible, whichever occurs first. The Early Retirement Incentive Medical and Dental Plan, available for review in the Human Resources Department, include the specific provisions governing retiree insurance benefits.

4.5.12. If the District is required to revise educator retirement incentives during the contract year due to legislation, case law or litigation, the revisions shall be developed through the contract negotiation teams.

4.6. District Extra Curricular Passes

- 4.6.1. Charge a \$30 fee for the yearly non-transferable pass.
- 4.6.2. All educators of the Davis School District can purchase this pass.
- 4.6.3. The pass will allow the holder plus one to any authorized school activity without charge.
- 4.6.4. The pass may be purchased through the District office.

4.7. Accommodations for Employee’s Children

- 4.7.1. Educators will be allowed to have their children attend the school of their choice when there is space available. Requests must be submitted to the principal in accordance with the District’s open enrollment boundary variance policy. (see: 5S-001 Enrollment Options for Students and for year-round teachers see: 6.9.1 and 6.9.2 of this agreement.)

**5. PERSONNEL MANAGEMENT**

5.1. Selection of Licensed Personnel

5.1.1. Teachers

- [a] The nature of vacancies shall be determined at the school level, based on the instructional needs of the school. Consideration shall be given to the totality of the assignment, including the academic subject matter, grade level, and extracurricular needs. The assignment of FTE positions shall be determined by the principal, with input whenever possible from the department or grade level in which the vacancy occurs. The principal shall determine whether it is possible to fill the vacancy by transfer within the school in accordance with section 5.2. If the vacancy is not filled by in-school transfer, the principal shall communicate the preferred qualifications to the Human Resources Department.
- [b] Those applying for teaching positions in Davis School District must:
  - (i) Show evidence that they will possess a regular license applicable to the position by the effective date of their assignment, or must otherwise meet the legal requirement established by the State Board of Education.
  - (ii) Be recommended by a reputable teacher-training institution or, if they have prior experience, by the district or districts in which they were previously employed.
  - (iii) All teaching positions shall be filled with the best qualified applicants according to the District teacher applicant evaluation system.
- [c] The Human Resources Department shall have the right to place qualified teachers under the following circumstances:
  - (i) to place teachers who have been involuntarily transferred;
  - (ii) to further District equity goals;
  - (iii) to expedite the hiring of qualified people in areas in which the applicant pool is inadequate; and
  - (iv) In accordance with the Americans with Disabilities Act, the District may transfer or reassign a qualified individual with a disability to a vacant position as a reasonable accommodation for the individual.
- [d] When 5.1.1.[c] does not apply, the Human Resources Department shall refer names of qualified applicants to the school. When possible, the candidates shall be interviewed by a Selection Committee consisting of the school principal or his/her designee, one or more teacher representatives from the grade or department(s) in which the vacancy occurs, and, where appropriate, parents. The Selection Committee shall make a hiring recommendation to the principal, who shall make the final decision.

- [e] The Selection Committee shall be provided with guidelines explaining proper interviewing procedures which shall be reviewed prior to interviewing any candidate.
- [f] Candidates who are interviewed by the Selection Committee shall be told the date by which it is anticipated that the hiring decision will be made. Once a vacancy is filled, all interviewees shall be notified in a timely manner. If the hiring decision is delayed by more than two weeks, the interviewees shall be notified of the delay.

5.1.2. Highly Qualified Requirement

- [a] Educators are expected to meet Highly Qualified requirements for the subject(s) for which they are assigned. However, no teacher shall be required to become Highly Qualified in a subject for which they are not assigned.

5.2. Priority of Assignment

5.2.1. All teachers assigned to a school, including part-time teachers and those on leaves of absence, may request and be granted consideration for any vacancies in their school for which they are licensed and endorsed

- [a] Educators who wish to be considered for reassignment opportunities must notify their principal. Educators may submit the requests any time but are strongly encouraged to do so through the survey sent out annually by the District. Requests for reassignment shall be considered active for the current calendar year only.
- [b] Principals shall consider reassignment requests from these teachers before selecting outside applicants or transfer candidates from other schools.
- [c] Job openings filled through reassigning staff within a school need not be announced or posted. However, before filling positions through reassignment, the principal shall consider any written reassignment requests that have been submitted prior to the opening being filled.
- [d] When filling openings through reassignment, the principal shall not be required to interview outside applicants or transfer applicants.
- [e] When it is necessary to reassign an educator from one grade or subject area to another grade or subject area within the school due to a change in enrollment or the dissolution of a job share position, the principal shall make the final reassignment decision(s) based on the following considerations:
  - (i) the educational needs of the school;
  - (ii) educators who volunteer for reassignment;
  - (iii) seniority of educators in the grade or subject area; and
  - (iv) educators’ experience, education, licensure, and endorsements.
- [f] No teacher making a good faith effort to become Highly Qualified shall be involuntarily transferred or reassigned solely on the basis of their Highly Qualified status.

- [g] Principals may involve other school staff members in considering reassignment requests and making reassignment decisions.
- [h] No provision in this policy shall prevent principals from asking educators to accept reassignments or from requiring reassignments when deemed appropriate. Reassignments shall not be imposed for the purpose of resolving performance problems that should be addressed through a formal Plan of Assistance.

5.3. JOB SHARING

5.3.1. General Provisions

- [a] In situations where it is mutually advantageous to both the school District and teachers, a job sharing arrangement may be implemented which provides that two teachers may accept responsibilities for one full-time teaching assignment.

5.3.2. Requirements

- [a] Only two licensed employees may share one full-time position. No teacher in a job share arrangement shall be assigned classroom duties comprising less than one-half of a full-time equivalent position unless approved by the assistant superintendent.
- [b] At least one of the licensed employees must have had three (3) or more years of successful full-time teaching experience in the Davis School District. An applicant for a job sharing position who is not a current licensed employee of the Davis School District will be considered only if the applicant has earned a finalist rating through the District personnel department and has obtained the approval of the supervising principal and the appropriate school director.
- [c] A written plan must be presented to the principal by the licensed employee(s) desiring to job share. The plan must meet the needs of the students within the school’s educational program and must be approved by both the principal and the school director. If two licensed employees from two different schools propose a plan to job share at one of the schools, approval must be obtained from the principal of the school where the job sharing will take place and from the school director.
- [d] Time scheduling may vary as determined by the principal, with the approval of the school director.

5.3.3. Responsibilities

- [a] Job sharing employees and all other part-time employees shall be subject to the same District policies, procedures, and assignments as any other licensed employees. They shall attend faculty meetings, parent/teacher conferences and other meetings required by the principal without additional compensation. School administrators will be encouraged to be sensitive when scheduling beyond-contract time requirements and explore reasonable ways to communicate and share information whenever possible.

5.3.4. Absences

- [a] Whenever a job sharing teacher is absent from work, the school may assign a substitute teacher or may allow the other job sharing teacher to substitute for the absent teacher at the long term substitute rate. This rate shall be adjusted to the appropriate full-time contract rate if the job sharing partner substitutes for his/her job sharing partner for ten (10) or more consecutive work days.
- [b] In the event that one job sharing employee terminates during the school year, the other job sharing employee shall assume the full job responsibility until a replacement can be hired. The District will make every reasonable effort to fill the vacant position in a timely manner. When this occurs the “covering” employee shall receive the appropriate full-time contract pay rate during the interim.

5.3.5. Contract

- [a] A full-time equivalent position shared by two employees shall not obligate the District for greater salary and District fringe benefit costs than would be the case if the position were filled by one full-time employee.
- [b] Job sharing employees will be eligible for one standard salary step increase for every contract year of service.
- [c] All job sharing is approved for a single contract year. Each employee wishing to continue a job sharing arrangement from one school year to the next must submit a letter of application for re-employment as a half-time licensed employee in a job sharing assignment. The letter of application must be submitted to the appropriate school director before March 1 of the preceding school year. No job sharing participant shall have an expectation of continued employment in a job sharing assignment in a succeeding contract year.
- [d] Licensed employees who have participated in job sharing may, at the District’s discretion, be offered a full-time position in a subsequent school year. If a licensed employee was employed full-time by the Davis School District prior to entering into a job sharing assignment, and if that employee notifies the District in writing by March 1, that person shall have the right to continued employment as a full-time employee should openings become available for which he or she qualifies.
- [e] When involuntary transfers or reductions in force are deemed necessary by the District administration, job sharing employees shall not be exempt. However, job sharing employees identified for involuntary transfer who were not employed full-time by the Davis School District prior to their job sharing assignment shall only have the right to transfer to another regular half-time teaching position, pending the availability of such position.
- [f] When it becomes necessary to dissolve a job share position and reassign the participating educators from one grade or subject area to another grade or subject area within the school, the principal shall make the final reassignment decision(s) based on

the language contained in section 5.2 of this agreement.

5.4. Multiple Work Site Assignments

5.4.1. In some circumstances, the District may offer a classroom teacher an assignment which requires the educator to teach at more than one work site. Building administrators should work collaboratively with the educator assigned to multiple work sites to develop a reasonable schedule and expectations regarding staff meetings, parent teacher conferences, after school activities, and other such responsibilities.

5.4.2. These responsibilities should not exceed those required of a full-time educator at a single work site.

5.5. Transfers

5.5.1. General Provisions

- [a] The District administration may transfer educators from one school or work location to another.
- [b] However, before such transfers take effect, educators shall be entitled to meet with their principals or District administrators to discuss the District’s reasons for the transfers as well as the educators’ concerns and preferences.
- [c] Transfers shall not be imposed for the purpose of resolving performance problems that should be addressed through a Plan of Assistance.

5.5.2. Voluntary Transfers

- [a] Teachers within the District who desire to change from one school to another may indicate such desire by completing an electronic transfer request form and returning it to the Human Resources Department. Teachers are strongly encouraged to submit the transfer request by March 1, and remove their name from the transfer list when a transfer is no longer desired.
- [b] Transfers are discouraged after August 1 or during the school year but may be considered in situations where the District administration determines that the transfers would be beneficial to students.
- [c] Request for transfer shall be considered active for the current calendar year only.
- [d] In filling vacancies, consideration shall be given to qualified teachers voluntarily requesting transfers.
  - (i) All teacher openings shall be announced within the District for at least five (5) calendar days prior to filling the opening, except for openings occurring within forty (40) calendar days before the beginning of the contract year or in situations where teachers terminate employment without providing written notification thirty (30) days in advance as required by the Davis Educators Agreement. If a position is not filled and announced again, it may be announced for less than the initial five (5) day period.

- (ii) The principal shall interview at least two (2) qualified District transfer candidates before filling a vacancy if contacted by transfer candidates before the position is filled.
  - (iii) After a selection decision has been made, the principal shall promptly notify all transfer candidates interviewed and the Human Resources Department may remove the name of successful transfer candidates from the transfer list.
- [e] In evaluating transfer candidates, principals shall give extra consideration to those who have served ten (10) or more years at their present school. Correspondingly, educators who have served ten (10) or more years at the same school are encouraged to consider transfer opportunities that would enhance professional growth and benefit students and faculties at other schools.
- [f] A principal may recommend to a teacher that he/she should consider a transfer if serious public relations problems are evident.
- [g] Nothing in this section shall preclude two non-provisional educators from exchanging positions provided that the principals at both schools give approval. In such cases, an announcement will not be required in that no opening exists.

5.5.3. Involuntary Transfers

- [a] The District administration reserves the right to transfer to another school, educators who do not possess certifications or endorsements appropriate to the subject areas they are teaching.
- [b] An ESL endorsement shall not be a factor in identifying educators for involuntary transfer. However, ESL endorsed educators may be identified for involuntary transfer when they are the teacher in the grade level or subject area where the position is being eliminated, with the least overall seniority in the District.
- [c] Exclusive of the provisions in paragraphs [a] and [b] above, when an involuntary transfer is necessary to meet staffing requirements including but not limited to decreased enrollment, changes in the District staffing formula, and the inclusion of programs at the school requiring educators with unique skills, the following criteria shall be applied in sequential order to determine which teacher is to be transferred.
- (i) The teacher in the grade level or subject area where the position is being eliminated who has the least overall seniority in the District will be identified as the one for transfer. However, when a school must eliminate a part-time teaching position, a part-time employee shall be identified as the involuntary transfer. At an elementary school, where licensure is not an issue, a part-time teacher identified for involuntary transfer may request to take the place of the one teacher at the school with the least seniority only if that

teacher is working in an equivalent part-time status. Similarly, at an elementary school, a full-time teacher designated for involuntary transfer may request to take the place of the one teacher (who is part of the school’s regular staffing allocation) with the least overall seniority in the District. If the principal approves these requests, the teachers who are replaced shall be designated for involuntary transfer.

- (ii) Exclusive of the provisions of paragraph (i) above, teachers in job sharing assignments shall not be considered as individual part-time employees in determining their seniority and involuntary transfer status. Instead, in calculating the seniority of teachers in a job sharing assignment, the total number of previous full-time (and part-time) years worked by the partners shall be combined and averaged. In addition, for each year the team has worked as a job share, they will receive one year of combined seniority. With the dissolution of the job share team, each teacher’s seniority will be calculated individually at one-half year for each year of any job share. Portions of a year worked shall be pro-rated.
- (iii) When more than one teacher is identified for involuntary transfer at an elementary school in a given school year, the principal shall follow the steps outlined in (i) and (ii) above. If more than one teacher chooses to take the place of another educator with less District seniority, the principal shall meet with all those designated for involuntary transfer and identify to them an equal number of teachers at that school with the least overall seniority in the District. In consultation with the teachers designated for involuntary transfer, the principal shall determine which lower seniority teacher shall be replaced by each teacher identified for involuntary transfer. A teacher thus replacing another educator with less District seniority shall assume the same grade level assignment as the individual he/she is assigned to replace. The teachers who are replaced under the terms of this provision shall then be designated for involuntary transfer from the school.
- (iv) Preparation time (prep-time) teachers shall not be eligible for involuntary transfer. If preparation time positions are eliminated due to staffing reduction, the prep-time teachers shall be given transfer consideration only for equivalent prep-time openings at other schools.

[d] The educator thus identified for an involuntary transfer may remain at the school if another vacancy occurs at the school in a subject or grade level for which the educator is licensed and endorsed prior to being placed at another school.

[e] An involuntary transfer or reassignment will be made only after a conference between the teacher(s) involved and the principal(s) involved, at which time the teachers designated for transfer shall

be given the specific reason(s) among the above criteria for their selection.

- [f] In the event the teacher desires further discussion of an involuntary transfer or reassignment following this conference, the Superintendent or his/her designee will meet with the teacher and at his/her request, an Association representative, to discuss the matter. Following such a conference, the decision of the Superintendent shall be final.
- [g] The District cannot guarantee that educators designated for involuntary transfer will be placed in positions matching their current assignments. However, the District will make every reasonable effort to place provisional educators designated for involuntary transfer in the same grade level or subject area in which they were previously assigned.
- [h] The District shall not be obligated to continue to employ individuals designated for involuntary transfer if they reject appropriate interviewing opportunities or assignment offers.
- [i] The District shall not be obligated to place educators in an endorsement area different from the one where they are presently assigned, regardless of certification, if they have not been employed to teach in that endorsement area within the last ten (10) years.
- [j] In the event a teacher provides a critical need for the school and where replacing the teacher could cause considerable hardship on the school, the principal may apply for a waiver of the involuntary transfer policy. The waiver may be granted upon approval of the District/DEA Liaison Committee.
- [k] Employee reassignment from a grade level or subject area to another grade level or subject area within the same school shall not be considered an involuntary transfer. Similarly, employee reassignment within the same District department or District program shall not be considered an involuntary transfer. Such reassignments shall be made according to the considerations listed in the Priority of Assignment Section.
- [l] Principals of new schools shall promptly notify all interviewed involuntary transfer candidates of their status. The notice shall clearly state whether the educator is being selected, is not being selected, or is under further consideration and will be informed promptly when a final decision is made.

5.6. Contract Non-Renewal or Termination Due to Necessary Staff Reduction

5.6.1. General Provisions

- [a] A reduction of staff may be necessary because of decreasing student enrollments in the District, discontinuance of a particular service, or unanticipated shortages of revenue following budget adoption or school consolidation. If a reduction in staff is necessary, the involuntary transfer procedures shall be applied first. As soon as possible but no later than July 1, in the contract year the District needs to reduce staff, the District shall begin identifying individuals subject to reduction in staff. 5.9.1. General Provisions

[a] A grievance is defined as a complaint by an educator or educators in Davis School District that there may have been a violation, misinterpretation or inequitable application of any provision in this agreement or other policies relating to the terms and conditions of their employment where an administrative appeals process is not set forth for that provision or policy. The purpose of the grievance procedure is to secure, at the closest point of origin, equitable solutions to grievances.

[b] Any grievant has the right to have an Association representative, counsel or any other representative of his/her choosing at all levels of the procedure. Use of a representative is not mandatory.

[c] No educator shall suffer reprisals or reduction in status as a result of having presented a grievance or having been a party in interest in the grievance procedure

[d] When any party finds good reason why the time requirements in this procedure cannot be met, a maximum extension of ten (10) days is allowed. The party which requires the extension shall notify the other parties indicating the reason thereof.

[e] All documents, communications and records dealing with the processing of a grievance will be filed in a separate grievance file and will not be kept in the District personnel file of the participants.

[f] Both parties agree to make available all non-privileged relevant information in their possession or control.

[g] No provision contained in this Grievance Procedure shall be deemed to constitute an arbitration agreement. Nothing herein

shall be construed to limit the right of the District or the employee to appeal to an appropriate court of law.

- [h] Once a final determination is made on a grievance, the events or issues that initiated the grievance may not be grieved again unless new significant information pertinent to the grievance is reported.

5.9.2. Grievance Process

[a] Informal Process

- (i) Should educators believe that there is a basis for a grievance, they may discuss the grievance with the principal, immediate supervisor and/or the education association representative with the objective of resolving the matter. To initiate the grievance process, the educator must inform the principal or immediate supervisor that the complaint is at the informal grievance level. The grievance shall be initiated no later than ninety (90) calendar days following the event or action being grieved. Proceedings should be kept as informal and confidential as may be appropriate for the grievance determination. This, however, does not limit the right of any employee who has a grievance to discuss the matter informally with any other appropriate member of the District administration.

[b] Formal Process

- (i) Step 1: If, after the required informal discussion with the building principal or supervisor, a grievance still exists, the educator may invoke the formal grievance procedure.
  - (1) This grievance must be in written form, dated and signed by the grievant and delivered to the principal or supervisor.
  - (2) Within five (5) working days, the principal shall meet with the grievant, who may be accompanied by his/her chosen representative.
  - (3) The principal shall indicate his/her disposition of the grievance in writing within five (5) working days of the meeting and shall furnish a dated copy thereof to the educator.
- (ii) Step 2: If the educator is not satisfied with the disposition of the grievance at Step 1, or if no decision has been rendered within five (5) additional working days, the dated complaint will be forwarded by the grievant within five (5) more working days, to the Superintendent of Schools or his/her designee.
  - (1) The Superintendent or designee shall hold within five (5) working days an interview with the aggrieved employee and/or his chosen representative.

- (2) The Superintendent or designee shall render his/her written decision within five (5) working days of the interview.
- (iii) Step 3: If the educator is not satisfied with the decision rendered in Step 2, the educator and/or the educator’s representative may, within ten (10) working days of receipt of the decision, request the submission of the grievance to a hearing examiner.
  - (1) The Board and the educator’s representative shall agree to meet within twenty (20) days of the hearing request. This timeline may be extended by mutual agreement. In the event that the educator and/or the educator’s representative fail to meet to choose a hearing examiner, the grievant will be deemed to have accepted the result of Step 2 and the grievance will be considered to be resolved.
  - (2) The Board and the educator and/or the educator’s representative shall attempt to agree upon a mutually acceptable hearing examiner.
  - (3) If they are unable to agree, each party shall select a representative. Those representatives shall meet within twenty (20) days to jointly select a qualified hearing examiner who may be selected from the American Arbitration Association Hearing Examiner Pool and whose findings shall constitute a written recommendation to the Board of Education. The timeline may be extended by mutual agreement.
  - (4) This report will be made only in executive session to the Board with the educator and or/his/her representative in attendance. The expenses of securing a hearing examiner shall be borne equally by the District and educator. The employee’s association may assume responsibility for the educator’s share.
- (iv) Step 4: If the educator is not satisfied with the decision rendered in Step 3, the educator and/or his/her chosen representative may request and be granted an informal hearing before the Board in executive session. The Board will notify the educator of its decision within five (5) business days following the informal hearing. Nothing herein shall be construed to limit the right of the District or the educator to appeal to an appropriate court of law.

5.10.2. Review of Services Process

- [a] Local Level – Informal Steps
  - (i) The initiator of each review shall first communicate the nature of the problem to the person, on whom the review is being considered, with the objective of resolving the matter informally and making it clear that a formal review is being contemplated.
  - (ii) If the problem/issue cannot be resolved at Step (i) within five (5) business days, those initiating the review shall contact the supervisor of the person(s) or program(s) to resolve the issues. This step may be waived if the principal is the subject of the review, in which case the person filing the review may proceed to the formal steps as outlined below.
  - (iii) If resolution is not attained through the preceding steps, either party may notify the appropriate District level administrator that the issues remain unresolved. The District level administrator then shall initiate the following steps for resolution.
- [b] District Level – Formal Steps
  - (i) If resolution is not achieved through the Informal Steps, parties initiating the review shall submit to the designated District level administrator a detailed written description of the unresolved issues. In consultation with the person initiating the review and/or the Association, the District level administrator may designate an alternative District level administrator to hear the review. The description shall clearly state the specific reasons for the review and shall specify the remedy requested. Unless the nature of the complaint or the circumstances require confidentiality, copies of the written description of the unresolved issues will be provided to all affected parties.
  - (ii) The designated District level administrator shall then schedule and conduct a meeting with the parties directly involved in the review. During the meeting, the parties initiating and responding to the review shall be provided an opportunity to state their concerns and positions pertaining to the unresolved issues.
  - (iii) After the meeting in Step (ii), the administrator shall submit findings and recommendations for resolution in writing within ten (10) business days of the meeting to the parties involved.

- [c] Office of the Superintendent
  - (i) If the conflict has not been resolved the review will be sent to the Office of the Superintendent for a decision which will be given within ten (10) business days of the completion of the formal steps.

Upon receiving such request, the Board may request its attorney or insuring company to consult with the licensed employee's attorney or insuring company and cooperate insofar as the interests of the District and the licensed employee are not conflicting.

6.14.4. Reimbursement of Expenses

- [a] The Board shall consider request for reimbursement of expenses incurred from personal property loss or medical or other services necessary as a result of an assault upon the educator's person, or from damage to personal property arising in the course of his/her employment. Only those expenses which are not paid by the individual educator's insurance, worker's compensation or the insurance provided by the Board or other organized benefit program will be reimbursed.
- [b] Reimbursement may include full salary if approved.
  - (i) The educator may receive full salary if approved by the Board for absence from employment as a result of injury sustained during an assault on him/her or for a court appearance in connection with such an assault.
  - (ii) The period of payment for such salary will not exceed as a maximum the time until the educator could have qualified for disability payments under Social Security or long-term disability insurance sponsored by the District.
  - (iii) If payment of such absence is approved by the Board, the time shall not be charged against the educator's sick leave or personal leave days.

6.14.5. Payment of costs for preparing and offering defense shall be referred to the insuring companies who shall mutually decide their proportional liability in each case. Neither the school District nor the District's insuring company shall have any liability in the payment of fines arising out of criminal proceedings.

6.15. Student Discipline Procedures

Schools shall develop school-wide discipline plans that provide for the removal of students exhibiting persistent or dangerous behaviors that disrupt the learning of other students in the classroom. Procedures should be consistent with District policy.

**7. EMPLOYMENT OBLIGATIONS**

**7.1. CONTRACT YEAR**

**7.1.1. Contract Days**

- [a] Full-time educators in schools on a traditional calendar will work 185 days; those in schools on a year-round calendar will work 177 days.
- [b] Four (4) contract days will be designated as Professional Days. These days will be used for activities that support the District, school, department/grade level, and individual professional development activities as outlined by each site’s School Improvement Plan with input from the JSSC.
  - (i) The number of professional days as well as their placement in the calendar shall be decided during negotiations each year taking into consideration professional development needs as well as the needs of educators to prepare for school, complete grades, etc. Schools on the year-round calendar have adjusted schedules that incorporate these days.
  - (ii) Administrators shall be sensitive to teachers’ needs as they prepare for the school year. School trainings during the Professional Days shall be planned with input from the JSSC.
  - (iii) Any District training during the Professional Days will be discussed and/or implemented through the Association/District liaison process, balancing District and school needs.
- [c] In addition to the four (4) Professional Days, educators have one contract day prior to the beginning of the school year reserved for individual and team planning activities. School and District meetings and activities will not be held during this time.
- [d] B and C track teachers will receive one (1) additional professional day for their extra track change.
- [e] Each year, the District may conduct orientation/training sessions for educators who are hired that year. Newly employed educators are obligated to attend these orientations in addition to the contract days in 7.1.1[a].
- [f] Contract days are subject to the Leave Provisions.
- [g] Educators receive no paid holidays or vacations.

**7.1.2. Notice of Resignation**

- [a] In the event that an educator decides to terminate employment with the District, he/she shall give prior written notice of at least thirty (30) calendar days to the Superintendent. This notice requirement also shall apply to educators who terminate employment prior to the beginning of the school year. If, however, this procedure is not observed, the Superintendent reserves the right to impose a financial penalty of \$500 and deduct the same from the educator’s earnings.

7.1.3. Length of School Day

- [a] Full time educators agree to a regular seven and one half (7½) hour school day, including a daily scheduled duty free lunch period of at least thirty (30) minutes except in cases of inclement weather and emergency situations.
- [b] When schools are closed for emergency situations, educators need not report to work that day. The Utah State Board of Education may require that days missed be made up.
- [c] When a late start for students is announced, educators are expected to report to work as soon as safety allows but no later than thirty (30) minutes before the scheduled student arrival time without adjustment to compensation.
- [d] The employment obligation involves a commitment of time and responsibility in the supervision of students beyond the classroom during the school day.
- [e] Educators are expected to focus on learning for all students by creating an educationally rich environment and adhering to the professional standards by which they are evaluated. In addition, assignments will be necessary outside of the regular school day to support and supervise various school activities including parent-teacher meetings. Other evening activities which require attendance by all teachers shall be limited and scheduled in collaboration with the JSSC.
- [f] Educators can be required to attend faculty meetings as scheduled by their principals. These meetings may be held at times beyond the regular seven and one-half (7½) hour school day, but should be held immediately before or after the school day and shall not normally exceed forty-five (45) minutes outside the school day. Meetings involving the entire faculty shall not exceed two (2) meetings per month unless supported by the JSSC or in emergency situations. Attendance at these meetings is not optional and shall not entitle educators to additional compensation.
- [g] Meetings for IEPs, 504s, etc. scheduled during prep time or meetings that extend beyond contract hours shall be coordinated with educators involved.

7.1.4. The second Monday and the corresponding Tuesday of each month will be identified for employee association business. When those days conflict with parent-teacher conferences and/or other School Board approved calendared events, the Association will communicate adjusted Association meeting dates to the District administration and departments impacted by the change.

7.1.5. Transportation to and from school is an individual responsibility. Therefore, no car pool arrangements should be made which interfere with scheduling at the school where assigned.

7.1.6. Outside Employment During School Year

- [a] Since teaching is a major responsibility requiring a maximum effort, the teacher should not be gainfully employed in other remunerative work on school days during the school year where such work interferes with his/her effectiveness as a teacher.

7.1.7. Student Safety

- [a] All District employees shall be responsible for helping to provide for student safety during emergencies and disasters as specified in the District Emergency Preparedness Plan. In the event of a major declared emergency or disaster, the Superintendent may issue a supplemental declaration providing that employees shall be designated as emergency/disaster service workers. All employees so designated shall be responsible during the declared period to help provide for the safety and well being of students under their care until the students are all accounted for and released from school. The Superintendent shall designate the duration of the emergency/disaster period. Employees designated as emergency/disaster service workers shall serve in this capacity until released by the Superintendent or designee(s).

7.1.8. Professional Obligations

- [a] Educators are encouraged to avoid non-essential distractions of a personal or family nature during assigned work hours. Non-emergency personal phone calls or other similar disruptions during working hours should be avoided. Educators shall not bring their children to school on contract or professional development days unless authorized in advance by their principal.

7.1.9. Professional Appearance

- [a] A professional appearance is encouraged for all educators. Care should be taken to dress in a manner which reflects well on the teaching profession and the District.

**LETTER OF INTENT**

For the 2017-2018 school year the Davis School District and the Davis Education Association agree to the following:

**1. Elementary Prep Time**

It is the intent of the Board and Davis Education Association to continue to work collaboratively to enhance the elementary prep time program.

**2. Professional Development**

The Association and the District understand the increasing demands of training and implementation of Davis Essential Skills and Knowledge (DESK) Standards, Evaluate Davis, SAGE, and School Improvement Plans. Schools should design training and professional learning opportunities that focus on these essentials and are planned in collaboration with the JSSC and Community Council.

**3. Professional Evaluation**

The District and the Association will continue to collaborate on the evaluation system through informal discussions and the Liaison Council. Efforts will focus on support for all educators in understanding the evaluation system and ensuring the system is valid and reliable.

IN WITNESS WHEREOF, the parties have executed this Agreement as of July 1, 2017.

**ADDENDUM #1**

**Educators New to the Teaching Profession**

**Workload Task Force Guidelines**

**Approved Tuesday, May 13, 2008 in District Liaison**

Guidelines for Educators New to the Teaching Profession (first three (3) years):

1. Secondary — No more than two teaching preparations for educators new to the teaching profession (This would depend on curricular subject area needs). Elementary — No split grade level assignments for three (3) years.
2. In the first year for an educator new to the teaching profession: coaching or extra-duty assignments, i.e., lunch du, JSSC, bus duty, committee assignments, etc., should be limited, if possible. Secondary — if hired into an area in the curriculum specific to activities, i.e., physical education, debate, drama, etc., assignments may be given to coach in one or two sports. If assigned to teach in core curricular areas, administrators need to be very sensitive to the extra-duty coaching assignments given. Elementary — avoid, if possible, assigning educators new to the profession to major committees.
3. No educators new to the teaching profession will be assigned a student teacher.
4. Administrators should offer support to educators hired to teach in curricular areas that require teaching more than two (2) preparations. The principal or his/her designee will communicate procedures/protocols inherent in the school to all teachers new to the building, program or grade level, i.e., budgets/financial process, extra-duty assignments, co-curricular, coaching, committees, etc.
5. Secondary educators new to the teaching profession should not serve as department chair during their first two (2) years.
6. Administrators should be very careful when approaching new secondary educators to take on productivity teaching assignments. Administrators should always let the teacher know that this is a choice, not a required assignment. Teachers can refuse with no consequences. Do not use “we need you to teach,” it is always “would you like to teach productivity” — eliminate pressure. No productivity in first year!
7. Maintain open lines of communication with educators new to the teaching profession. Administrators, mentors, and school directors to have open and candid discussions as to the needs and conditions that will enhance a new educator’s experience.
8. E.S.L. endorsement will be encouraged within the first three (3) years of a new educator’s experience. Becoming E.S.L. endorsed should not be a first year requirement.
9. Educators new to the profession should not be placed in portable classrooms, if possible.

## ADDENDUM #2

### Individual Learning Plan Conference Guidelines

Please refer to the following when planning your Individual Learning Plan (ILP) weeks.

#### **STUDENT TIME**

During ILP weeks, Wednesday and Thursday will be an early-out day for students. The school will use the same start and end times for Friday schedules.

#### **TEACHER TIME**

Each ILP week should include seven and one-half hours of teacher time beyond the regular contract. This schedule insures that teachers earn the two compensatory days built into the District Calendar. In scheduling the additional 7.5 hours each conference week, each school principal and JSSC should determine the most appropriate schedule for the school community. Schedule 15 minute conferences.

#### **COMPENSATORY TIME**

Each teacher with large class sizes which require the teacher to work beyond the hours appropriated for ILP conferences will provide the principal with a plan for compensatory time to be approved by the principal.

#### **KINDERGARTEN**

Kindergarten teachers will follow the same schedule and format for ILP conferences as the rest of the school. K-grade teachers may select one day during each of the ILP conference weeks to have a substitute take their class while they plan and prepare, or to begin conferencing with parents. (If they choose to conference during this time, begin with children who don’t have a sibling in other grades so parents are not required to make two visits for ILP’s). Full-time teachers receive a full day substitute, while half time teachers receive a half day substitute. Kindergarten teachers may adjust their conferences to 10 minutes when:

- It doesn’t interfere with the school’s scheduling for multiple students in one family.
- A shorter conference is appropriate when parents may have recently been contacted.
- Other reasons that you feel are appropriate.

#### **COMMUNICATION**

Please make sure the District Transportation Department, crossing guards, etc. are told in advance of the schedule changes.

**Davis School District Employee  
Code of Ethics**

It is expected that employees shall adhere to the "Davis School District Employee Code of Ethics." Employees involved in any capacity in the education of young people must represent the highest standards and values of the community. The purpose of this code is to establish ethical standards for the conduct of all District employees. Following these standards will ensure the highest principles of behavior and uphold the trust vested in us by our community. As employees of the Davis School District, we assume the responsibility for representing the District in a manner characterized by trust, morality, and ethical principles. All employees shall:

- (1) Treat students, parents, fellow employees, and community members with dignity and respect, demonstrating fairness and sensitivity for ethnic, religious, and cultural heritage.
- (2) Promote a safe, nurturing, and positive school and work environment.
- (3) Establish and maintain open and positive communication with patrons and fellow employees.
- (4) Maintain confidentiality concerning students, families, and employees, and avoid spreading rumors.
- (5) Address problems and grievances in an appropriate manner, beginning with the person closest to the problem.
- (6) Demonstrate knowledge of and act in accordance with District policies and procedures, as well as legal and contractual standards, responsibilities, and obligations.
- (7) Support the District Plan for Fostering Educational Excellence.
- (8) Demonstrate a commitment to learning and professional growth.
- (9) Dress appropriately.
- (10) Model and promote appropriate language.
- (11) Use facilities and equipment in a manner that protects the resources and property of the District.
- (12) Protect District assets and financial resources by following accepted accounting practices and District policy.
- (13) Comply with the Utah Ethics Act and refrain from using one's position for personal gain, including disclosing any substantial personal investments in any business entity which will create a conflict of interest between my private interest and my public duties by filing a "Disclosure Pursuant to Utah Public Officers' and Employees' Act" form.
