Students also dedicate one Monday a month volunteering at Caroline House in Bridgeport with their after school program practicing Spanish and helping out where needed. Throughout the year, the Spanish Honor Society also holds a collection drive every quarter to help those in need. Students wishing to join this academic/service society need to have completed the first semester of the Intermediate Level in Spanish and have maintained a 3.6 overall GPA and in their Spanish classes.

TrigStar

Name of Moderators: Mrs. Katherine Brennan/Ms. Maureen Bohan

Meeting Place: X305 and X 307

Typical weekday of meetings: Tuesdays after school

Trig Star is an annual high school mathematics competition sponsored by the National Society of Professional Surveyors based on the practical application of Trigonometry. The program recognizes the best students from high schools throughout the nation. The program acquaints students with the use and practical application of trigonometry in the surveying profession. On a few occasions, a surveying professional from **Redniss and Mead** (a land surveying and civil engineering firm) will come to Prep, meet with our group bringing equipment and tools to teach us how to use them. In addition, our team will work together to prepare for the Trig Star exams by practicing with trigonometry and its test applications.
