CIRCLE OF FIFTHS – name the Major key represented by each treble clef key signature:

What is the rule for determining the name of a major key when it has sharps in the key signature?

What is the rule for determining the name of a major key when it has flats in the key signature?

What key signature has no sharps and no flats?

How do you determine the natural minor of a major key?

What is a closely related key?

Here is another way to look at the CIRCLE OF FIFTHS:
