

PRESENTS

WELLVIA

Telehealth

Our physician network is available over the telephone:

24/7/365

days of the year

HOW IT WORKS:

Patient calls our Patient Care Center.

A Patient Care Coordinator gathers health information.

A board-certified, state licensed physician consults with patient.

Physician calls in prescription if appropriate.

A Patient Care Coordinator follows up in 24-48 hours.

DID YOU KNOW?

70% of all doctor visits can be handled over the phone.

40% of urgent care visits can be managed using Telehealth.
