California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Wagner-Holt is located in North Stockton at 8778 Brattle Place. Completed in 1989, the campus includes a multipurpose room, library, computer lab, 23 classrooms and 12 portables. An additional ten new classrooms and a teacher workroom were completed in 2005.

The mission of our community is to nurture our children intellectually, physically, socially, and emotionally to their fullest potential. Excellence in learning will be promoted through a standards-based curriculum utilizing high quality, interactive, in-depth, and engaging instructional approaches. The staff is committed to creating and maintaining an orderly, trusting, and caring environment where teaching and learning are exciting and students are assisted as they develop responsibility and demonstrate respect for themselves and other members of our diverse learning community. All aspects of the school's organization are child-centered and designed to accommodate various learning styles so that all may experience success. The Learning Community will put the interest of the children at the heart of every decision.

Our vision is that Wagner-Holt shall become a community of lifelong learners who lead fulfilling lives as productive, responsible, involved citizens in today's global society.

School Facility Conditions and Planned Improvements

AGE OF SCHOOL BUILDINGS:

This school sits on 12 acres and was completed in 1990 with 17 classrooms, multi-purpose room, library and 9 portable classrooms. A Chapter I pre-school portable building was installed in 1991. It was replaced in 2005 due to mold issues. Two additional portable classrooms were added in 1999 for SDC and Intervention classes.

MAINTENANCE AND REPAIR:

The Wagner-Holt School facilities' condition, including grounds and restrooms, are very good based on custodial staffing, a regular district painting and maintenance schedule and funding available for equipment and supplies. Custodial workers are assigned based on a district formula to ensure equity. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

CLEANING PROCESS AND SCHEDULE:

A scheduled maintenance program is administered by Lodi Unified School District to ensure that all classrooms, restrooms and facilities are well-maintained and in good repair. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

DEFERRED MAINTENANCE PROJECTS: N/A

MODERNIZATION PROJECTS: 2013 Entire school was re-roofed, bus loop was redone & HVAC controls were replaced. 2014 Main gas line was replaced. 2015 Added access control, cameras, and front fence gate for security. 2017 Replaced asphalt around building H and Library.

NEW SCHOOL CONSTRUCTION PROJECTS: N/A

Data on school facilities was collected for Wagner-Holt Elementary on 10-13-17.

Lodi Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or the district office. As of October 2017, none of the eight emergency facilities needs specified in Education Code Section 17592.72 (c)(1) exist at Wagner-Holt Elementary.

These needs include:

- gas leaks
- nonfunctioning heating, ventilation, fire sprinklers, or air-conditioning systems
- electrical power failure
- major sewer line stoppage
- major pest or vermin infestation
- broken windows or exterior doors or gates that will not lock and that pose a security risk
- abatement of hazardous materials previously undiscovered that pose an immediate threat to pupils or staff
- structural damage creating a hazardous or uninhabitable condition

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

School Safety Plan (School Year 2017-18)

A Comprehensive School Safety Plan is in place to address safety issues as well as a school wide plan to eliminate bullying behavior. Key elements of the safety plan include safe school strategies and programs, disaster response procedures, procedures for safe ingress and egress and rules and procedures on school discipline. School wide behavior expectations and discipline policies are consistently applied, and students are provided adult supervision at all times. Visitors to the school must sign in at the office and receive a visitor's pass prior to going to classrooms. Visitors must return to the office and sign out upon leaving the school. Our Comprehensive School Safety Plan was last reviewed on 4/5/2017.

Professional Development

Lodi Unified School District is committed to supporting school district staff through quality professional development. Teachers receive professional development each year. A variety of data is used to determine the focus of staff development in Lodi Unified School District. Data from state assessments, district assessments and teacher surveys assist us in identifying areas of concentration. Our current focus is on common core in mathematics and English language arts, social science, core practices, assessment, and technology. Our goal is to continue to have a highly trained professional staff that supports the success of all students in the classroom. We provide several programs and a variety of strategies to allow staff full access to training.

Teacher Induction Program (TIP) is available to newly credentialed teachers through the district. Teachers participate for two years in workshops, trainings and work closely with an assigned mentor teacher. Non-instructional personnel are offered training in technology, budget, and job specific content. Many Paraprofessionals take advantage of district offered training. Instructional coaches are available to work with staffs on-site in their classrooms as well as through district sponsored events.
