California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Liberty High School is a continuation school providing an alternative educational setting for high school juniors and seniors who are credit deficient and/or considered at-risk of not graduating high school. The school serves students who reside in the city of Lodi and the northern perimeter of San Joaquin County. Liberty's campus is a single building located in an older, residential section of Lodi and houses approximately 125-150 students. Each year, 50-60 graduates complete the district requirements to receive their high school diploma and attend the graduation ceremony. It is the vision of Liberty High School to serve as a haven in which all students experience academic success and personal growth as they earn their diploma and plan for their future.

School Description and Mission Statement (School Year 2017-18)

Liberty High School was opened in the fall of 1968 to serve the alternative needs of high school students. Its campus is housed in a single building located in an older, residential section in the City of Lodi. Currently, Liberty High School is one of two continuation high schools in the Lodi Unified School District serving students ages 16-18 in the 11th and 12th grades. Plaza Robles High School is the sister continuation school that opened in 1991 to serve students from north Stockton. Students enrolled in Liberty come primarily from Lodi High School and Tokay High School with its enrollment fluctuating between 125 and 155 students. Like most schools within the district, Liberty operates on a modified traditional calendar. The school's population consists of students who are moderately to severely deficient in credit and are at-risk of not graduating from high school. All students are enrolled voluntarily and reflect the local ethnic population, primarily White and Latino.

Mission Statement:

Our mission is to provide support, resources and opportunities to students who have not experienced success in the traditional high school program so they may earn a diploma and prepare for a productive future. Education is offered in a climate designed to foster a sense of community where students experience positive relationships, gain confidence and recognition, build resiliency and time management skills, achieve academic success, explore educational options and receive assistance in developing a plan for their post-secondary endeavors in a structured, yet flexible environment.

School Facility Conditions and Planned Improvements

AGE OF SCHOOL BUILDINGS:

Year built 1940.

MAINTENANCE AND REPAIR:

The Liberty High School facilities' condition, including grounds and restrooms, are very good based on custodial staffing, a regular district painting and maintenance schedule and funding available for equipment and supplies. Custodial workers are assigned based on a district formula to ensure equity. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

CLEANING PROCESS AND SCHEDULE:

A scheduled maintenance program is administered by Lodi Unified School District to ensure that all classrooms, restrooms and facilities are well-maintained and in good repair. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

DEFERRED MAINTENANCE PROJECTS: N/A

MODERNIZATION PROJECTS: 2014 Replaced windows, removed some portables, repainted school & added additional parking. 2015 Prop 39 Lighting Retrofit and HVAC controls. Renovated outside back life lab area. 2016-17 Added access control & cameras.

NEW SCHOOL CONSTRUCTION PROJECTS: N/A

Data on school facilities was collected for Liberty High on 10-13-17.

Lodi Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or the district office. As of October 2017, none of the eight emergency facilities needs specified in Education Code Section 17592.72 (c)(1) exist at Liberty High. These needs include:

- gas leaks
- nonfunctioning heating, ventilation, fire sprinklers, or air-conditioning systems
- electrical power failure
- major sewer line stoppage
- major pest or vermin infestation
- broken windows or exterior doors or gates that will not lock and that pose a security risk
- abatement of hazardous materials previously undiscovered that pose an immediate threat to pupils or staff
- structural damage creating a hazardous or uninhabitable condition

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2016-17)

Students at Liberty High have the opportunity to participate in CTE courses at Lincoln Technical Academy, the district's Career Technical Education learning center, in which courses are designed with career and college preparation in mind. Liberty High students also have the opportunity to participate in Careers in Education and Microsoft Office Certification courses on this campus. Programs and courses offered at Liberty are designed to improve student achievement and success, while continuing to place specific emphasis on the standards-based curriculum.

School Safety Plan (School Year 2017-18)

A Comprehensive School Safety Plan is in place to address safety issues as well as a school wide plan to eliminate bullying behavior. Key elements of the safety plan include safe school strategies and programs, disaster response procedures, procedures for safe ingress and egress and rules and procedures on school discipline. School wide behavior expectations and discipline policies are consistently applied, and students are provided adult supervision at all times. Visitors to the school must sign in at the office and receive a visitor's pass prior to going to classrooms. Visitors must return to the office and sign out upon leaving the school. Our Comprehensive School Safety Plan was last reviewed on 11/10/2016.

Professional Development

Lodi Unified School District is committed to supporting school district staff through quality professional development. Teachers receive professional development each year. A variety of data is used to determine the focus of staff development in Lodi Unified School District. Data from state assessments, district assessments and teacher surveys assist us in identifying areas of concentration. Our current focus is on common core in mathematics and English language arts, social science, core practices, assessment, and technology. Our goal is to continue to have a highly trained professional staff that supports the success of all students in the classroom. We provide several programs and a variety of strategies to allow staff full access to training.

Teacher Induction Program (TIP) is available to newly credentialed teachers through the district. Teachers participate for two years in workshops, trainings and work closely with an assigned mentor teacher. Non-instructional personnel are offered training in technology, budget, and job specific content. Many Paraprofessionals take advantage of district offered training. Instructional coaches are available to work with staffs on-site in their classrooms as well as through district sponsored events.
