

Parking Lot Procedures Changes this year

In order to keep our students safe no students will be allowed to run across a parking lot without an adult with them. **PLEASE** make sure that you use a parking stall when you come in to the school building, and not the pick up/drop off zone. This includes “just running in quickly.” Unless you are in a designated parking stall, ***Please Do Not*** park in a pickup/drop off zone, or leave your car unattended.

We will have few staff on duty to watch this process, due to funding cuts. Please monitor yourself and others. If you notice a car that is unsafe, or not following the procedures, please take down the license number and we will have our police officer contact them.

Parents and Car pools will have their choice as to which parking lot you prefer to use.

Front of school

Enter off of 200 West and exit onto Orchard Drive. Remember to remain in your car for students to come to you. Usually, this parking lot has had empty stalls if you want to run in and pick up your child. Please don't park in a stall and motion for your child to come to you.

East of school

Please expect to actually get your child into your car in the location under the trees at the east end of the drop off zone. **Please do not stop by the doors as this causes a backup of cars into the street.**

We have painted lines on this parking lot indicating a pick up line and a drive through line. Please stay in the appropriate lane. **NO CHILD WILL BE ALLOWED TO RUN ACROSS THE PICK UP LANE TO A CAR IN THE DRIVE THROUGH LANE!** We have made the parking lot entrance on the WEST side for ENTRANCE only. The EAST entrance will be for EXIT only. You can choose an exit lane to turn left, or a lane to turn right. The center parking lot isle may be used to go in and park in a stall to walk over and get your student. You can also wait for an opening to move to the drop off lane and pick up your child from there. We ask that parents be courteous of others when squeezing into the pick up area. **UNDER NO CIRCUMSTANCES SHOULD YOUR CHILD RUN ACROSS THE DRIVE THROUGH LANE TO MEET YOU IN THE CENTER LANE!**

Students that are meeting other students to walk home towards the east, or being picked up at the cat walk, will go out the east exit and meet at a spot of their choosing on the playground.

No cars are to use the bussing zone for pick up and drop off. The only exception is afternoon kindergarten, which will use it for DROP OFF only. Please do not park on the west side of 200 West, (across the street from the bus zone) for any kind of drop off or pick up of students.

THANK YOU FOR TRYING TO HELP US KEEP ALL BOULTON STUDENTS SAFE!
