Pre-elementary
Technology Responsible Use Policy

Eton School recognizes that an effective education system develops students who are globally aware, civically engaged, and capable of managing their lives. In addition, Eton believes that students need to be proficient users of information, media, and technology to succeed in a digital world. Eton's technology enables educators and students to communicate, learn, share, collaborate, create, solve problems, manage their work and take ownership.

Eton School's goal is to provide students with rich and abundant opportunities to use technology based upon a developmental approach (readiness and grade level). In keeping with the Montessori philosophy to instill independent, responsible thinking and decision making, Eton School does not utilize filtering software.

Eton School technology users adhere to the following standards and expectations:

- Use all hardware and software with care and respect.
- Maintain the integrity of files and data by not trespassing, modifying, copying or deleting files of others without the person's consent.
- Be respectful of copyrights, as anything created by others is their property.
- Never give out personal information such as home address, telephone number, or name and location of Eton School without permission of a teacher or staff member.
- Report to an Eton School teacher or staff member any information that is inappropriate (obscene, harmful to minors or prohibited by law) and any communication that harasses, threatens or is discriminatory.
- Allow others equal opportunity to use technology.

Eton School makes no warranties (expressed or implied) with respect to:

- the content of any advice, information or items received by a user;
- any costs or charges incurred as a result of seeing or accepting any information and items; and
- any costs, liability, or damages caused by the way the user chooses to use his or her access to the network.

Eton School reserves the right to change its policies and rules at any time.

The signatures below signify that we (student and parent/guardian) have read, understand, and agree to abide by the terms of Eton School's Responsible Use Policy and further understand that misuse and/or violations in use of technology may result in loss of technology use/privileges.
