

# Social Stories

## Walking in Line

In Kindergarten we walk in a straight line.

We may walk to gym or to the library or to music.

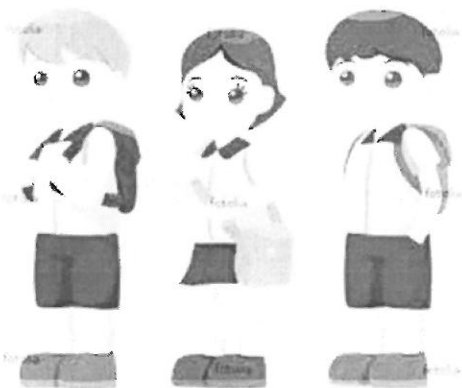

Sometimes Jacob gets to be first in line

Jacob likes being first in line.

Sometimes other children get to be first in line. It is okay.

When Jacob is not first, he can still see Mrs. B.

It is okay to be in the middle of the line.

## **Recess**

### **The story**

After lunch we go to recess.

Sometimes recess is on the playground.

A lot of the children play on the playground equipment.

It is fun to play on the playground equipment.

Everyone should play safely.

When the whistle blows that means it is time to line up and go inside.

I will try to line up as soon as the whistle blows.

This will make my teachers happy.

After I line up I will try to stay in line.

Everyone will be proud of me!

## **Having a Substitute Teacher**

\_\_\_\_\_ our class will have a substitute teacher.

This means that a different person will be the teacher for the day.

Sometimes your teacher will not be at school. Your teacher might be sick or need to go to a meeting.

It is okay to feel nervous, but the substitute teacher will be nice and help you with your work.

Your regular teacher will be back soon.

## **Having a Substitute Teacher**

\_\_\_\_\_ our class will have a substitute teacher.

This means that a different person will be the teacher for the day.

Sometimes your teacher will not be at school. Your teacher might be sick or need to go to a meeting.

It is okay to feel nervous, but the substitute teacher will be nice and help you with your work.

Your regular teacher will be back soon.

## GETTING READY TO WORK

In first grade we sometimes have to write.

Sometimes we have to do math or write a story.

It is important to sharpen my pencil quickly and return to my seat to work.

It makes my teacher very happy when I am ready to work and begin to write.

It makes me smile when my teacher says “I like how Dominic is ready to work”.
