

We have assigned each district a “zone” which will fall into one of the three zones. Each Zone will be given a week that they are assigned to have our IMRS team in their zone for textbook removal. As you can see your zone will tentatively be “hit” every 4 months. It’s our belief that this will occur on the 3<sup>rd</sup> week of the month. We will be emailing the school and letting them know in advance that their pickup dates are coming up. We have scheduled these dates well in advance so that your district will have plenty of time to know when this is happening and can plan accordingly.

Thank you for your cooperation.
