Two Intergovernmental Agreements (IGA) were reviewed pertaining to the Northbrook School District Emergency Preparedness Plan (EPP). The EPP is currently being implemented in Northfield Township schools, park districts and various religious organizations. Our goal continues to be to implement a standard protocol for emergency response and unified command structure.

The first IGA reviewed pertains to the implementation and use of the EPP between Northbrook School District 27 and Northfield Township organizations (schools, community organizations and park districts). The key points within this IGA include language for agreement of use, licensing and indemnification.

The second IGA reviewed pertains to the implementation and use of this EPP between Northbrook School District 27 and the other parties outside the township. The key points within this IGA include language for agreement of use, license fee, consulting fee and indemnification.

The Board had the opportunity to review the IGAs and ask questions. This was the first draft review. Based on feedback from the Board, the attorneys and administration will work on final IGAs and bring both back to the Board for final approval.
