## SCHOOL'S DETAILS

<b>School</b>	Lady Eleanor Holles School			
<b>DfE number</b>	318/60002			
<b>Registered charity number</b>	1130254			
<b>Address</b>	Lady Eleanor Holles School Hanworth Road Hampton Middlesex TW12 3HF			
<b>Telephone number</b>	020 8979 1601			
<b>Email address</b>	office@lehs.org.uk			
<b>Headmistress</b>	Mrs Heather Hanbury			
<b>Chair of governors</b>	Mr Christopher Stokes			
<b>Age range</b>	7 to 18			
<b>Number of pupils on roll</b>	901			
	<b>Juniors</b>	191	<b>Seniors</b>	518
	<b>Sixth Form</b>	192		
<b>Inspection dates</b>	6 to 7 December 2017			

## **1. BACKGROUND INFORMATION**

### **About the school**

- 1.1 Lady Eleanor Holles School is a day school for girls aged between seven and eighteen. It was founded in 1710 and moved from its location near the Barbican in 1937 to its present site in Hampton, approximately ten miles from central London. A Christian foundation, it welcomes pupils of all faiths or none. The school is a registered charity of which its governors are trustees. The junior school has its own dedicated building on the school site and shares many of the senior school facilities.
- 1.2 Since the previous inspection in 2013, the junior school facilities have been extended by the provision of a science laboratory. Additions to the senior school facilities include a new arts centre incorporating a theatre and a recital room. A building project to provide a new entrance and further classrooms is nearing completion. The current headmistress has been in post since 2014.

### **What the school seeks to do**

- 1.3 The school aims to provide a supportive, happy and challenging environment within which girls can discover their passions and talents. It sets out to encourage all its pupils to be exactly who they are, whatever their interests and aspirations, so that they find confidence and strength of character while they develop the skills they will need for successful lives.

### **About the pupils**

- 1.4 Pupils come from a wide area including Ascot, Cobham, Ealing, Chiswick and Wimbledon. Most are from White British or British Asian professional families. Standardised data indicate the pupils throughout the school are of above average or well above average ability. The school has 106 pupils who are identified as having special educational needs or disabilities (SEND). The majority of these are cases of mild dyslexia, dyspraxia or dyscalculia and do not require specialist support. No pupils have statements of educational needs or educational and health care plans. None of the 98 pupils who speak English as an additional language (EAL) require extra support in school. The school's curriculum and teaching strategies are intended to provide appropriate stretch and extension for all pupils, including the most able.

## 2. REGULATORY COMPLIANCE INSPECTION

### Preface

The registration authority for independent schools is the Department for Education (DfE), which directs inspection according to a specified frequency or at any time where the DfE has particular concerns about a school. The Independent Schools Inspectorate (ISI) is the body approved by the Secretary of State for the purpose of inspecting schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and reporting on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Accordingly, inspection records whether the school meets each of these standards, which are arranged in eight Parts, each of which is divided into separate paragraphs. Additionally, the inspection reports on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. It comments on the progress made by the school in meeting the compliance action points set out in the school's most recent statutory inspection.

All association independent schools will have an inspection within three years from April 2016, in accordance with the Framework and DfE requirements. The inspection may be of COMPLIANCE ONLY or a combined inspection of EDUCATIONAL QUALITY AND COMPLIANCE depending on a number of factors, including findings from their most recent inspection. Schools judged not to meet the standards may also be subject to a progress monitoring visit before their next routine inspection. The progress monitoring visit will judge whether the school has taken the necessary action to meet any un-met standards identified at their previous inspection.

The inspection was also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated in the relevant section of the report and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the full regulations and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#).

## Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014, and associated requirements, and no further action is required as a result of this inspection.

### **PART 1 – Quality of education provided**

- 2.2 In the junior school, the school measures attainment using national curriculum tests. In the years 2014 to 2015, the results were well above the national average for girls in maintained schools.
- 2.3 At GCSE in the years 2014 to 2016, performance has been well above the national average for girls in maintained schools.
- 2.4 In the sixth form, A-level results in the years 2014 to 2016 have been well above the national average for girls in maintained schools.
- 2.5 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.6 The standards relating to the quality of education [paragraphs 1–4] are met.**

### **PART 2 – Spiritual, moral, social and cultural development of pupils**

- 2.7 Principles and values are actively promoted which facilitate the personal development of pupils as responsible, tolerant, law-abiding citizens.
- 2.8 The standard relating to spiritual, moral, social and cultural development [paragraph 5] is met.**

### **PART 3 – Welfare, health and safety of pupils**

- 2.9 Arrangements are made to safeguard and promote the welfare of pupils by means that pay due regard to current statutory guidance; good behaviour is promoted; bullying is prevented so far as reasonably practicable; health and safety requirements are met, including those relating to fire safety; provision is made for first aid. Pupils are properly supervised; admission and attendance registers are maintained, as required, and there is a strategic approach to risk assessment. A disability access plan is in place.
- 2.10 The standards relating to welfare, health and safety [paragraphs 6–16], the requirement of Schedule 10 of the Equality Act 2010, and the ban on corporal punishment under section 548 of the Education Act 1996 are met.**

### **PART 4 – Suitability of staff, supply staff, and proprietors**

- 2.11 The school makes appropriate checks to ensure the suitability of staff, supply staff, and proprietors and a register is kept as required.
- 2.12 The standards relating to the suitability of those in contact with pupils at the school [paragraphs 17–21] are met.**

### **PART 5 – Premises of and accommodation at schools**

- 2.13 Suitable toilet, changing and showering facilities for pupils and appropriate accommodation for their medical and therapy needs are provided. The premises are maintained to a standard commensurate

with health and safety; acoustics and lighting are appropriate; water provision is adequate. Suitable outdoor space is provided for physical education and outdoor play.

**2.14 The standards relating to the premises and accommodation [paragraphs 22–31] are met.**

## **PART 6 – Provision of information**

2.15 A range of information is variously published, provided or made available to parents, inspectors and the Department for Education. These include details about the proprietor, the ethos of the school and the curriculum, and of the school's arrangements for admission, behaviour and exclusions, bullying, health and safety, first aid, details of the complaints procedure, and the number of complaints registered under the formal procedure during the preceding school year, and the provision for those with education, health and care plans or English as an additional language. They also include particulars of the school's academic performance during the preceding school year, and its results in public examinations, inspection reports and (for parents only) a report at least annually of their own child's progress. The safeguarding policy is posted on the school's website.

**2.16 The standard relating to the provision of information [paragraph 32] is met.**

## **PART 7 – Manner in which complaints are handled**

2.17 Parental complaints, if any, are handled effectively through a three-stage process, (informal, formal and a hearing before a panel of three, one of whom is independent of the school). Each stage has clear time scales, and at the third stage the panel can make findings and recommendations which are communicated to the complainant. Records are kept appropriately, including of any action taken, whether or not a complaint is successful.

**2.18 The standard relating to the handling of complaints [paragraph 33] is met.**

## **PART 8 – Quality of leadership in and management of schools**

2.19 The proprietor ensures that the leadership and management demonstrate good skills and knowledge, and fulfil their responsibilities effectively, so that the other standards are consistently met and they actively promote the well-being of the pupils.

**2.20 The standard relating to leadership and management of the school [paragraph 34] is met.**

### **3. INSPECTION EVIDENCE**

- 3.1 The inspectors observed lessons, conducted formal interviews with pupils and examined samples of pupils' work. They held discussions with members of staff and with a group of governors, observed a sample of the extra-curricular activities that occurred during the inspection period and attended form meetings. Inspectors visited the educational resource areas. The responses of parents and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.

#### **Inspectors**

Mrs Colette Culligan

Reporting inspector

Dr Mark Golder

Compliance team inspector (Senior teacher, GSA and HMC school)
