INFORMATION FOR PARENTS

Bursaries

Each year, at the discretion of the Governors, a number of assisted places are made available in selected year groups and entry points to Notre Dame School. These places are offered to girls who would benefit from a Notre Dame Catholic education but whose families are unable to afford the full fees and who have no substantial capital assets. This support is also available to scholarship candidates. Parents will be required to provide detailed financial information and will be interviewed in relation to their application. The award shall be for a period of 12 months, after which time the level of award and the parents' current financial statement shall be subject to further review. The award is entirely at the discretion of the Governors.

Application process

1. New and current parents to the school can apply for a Bursary for entry, or continuation into a new entry point to the school. A confidential means-tested application will be required to be submitted in line with the application deadlines detailed below. This will be followed by a full review of a family's circumstances and a home visit is carried out prior to an application being considered.
2. Discounted fees apply only to the termly tuition fees and excludes all additional costs, such as school meals and transport.
3. Applications will only be considered for the following entry points into the school:

YEAR GROUP	APPLICATION DEADLINE
For Year 7 (11+ entry)	30 th November prior to the January entrance examination, before the September of proposed entry.
For Year 9 (13+ entry)	30 th November prior to the September of proposed entry.
For Sixth Form (16+ entry)	30 th November prior to the September of proposed entry.

Considerations

1. The Bursary Fund is limited and those judged most suitable or likely to gain most from the educational provision will be given priority. A supporting statement should be completed for consideration outlining why your daughter would benefit from a Bursary and a Notre Dame Catholic education; highlighting any strengths and how she would contribute to the wider school environment.
2. It is recognised that judgements about what sacrifices a family should make to pay school fees will be personal. However, the school has a duty to ensure that all bursary grants are well focused and so as well as current earnings, other factors which will be considered in determining the necessary level of grant will include: the ability to improve the financial position or earning potential of the family; opportunities to release capital (significant capital savings

and investment would be expected to be used for the payment of school fees, as would equity value in houses); in cases of separation, the contribution made by the absent parent and contribution to household costs by other, wider, family members or outside sources.

3. Acknowledging that others might have a different view, the School considers that the following would not be considered consistent with the receipt of a bursary: frequent or expensive holidays; new, luxury or superfluous cars, investment in significant home improvements; a second property/land holdings.

Award

1. The award and value of a bursary (percentage of fees remitted) will be assessed by the Bursary Committee who meet in the spring term. The Bursary Committee will assess only completed applications received, prior to the published deadline, for the entry into the school or continuation to a new entry point in the following academic year. The selection and award of a bursary will be at the sole discretion of the school.
2. The award of a bursary shall be for a maximum period of 12 months after which time the level of bursary and parents' current financial statement shall be reviewed. The award is entirely at the discretion of the Governors.
3. The qualifying criteria for the award of a bursary are not disclosed and are confidential to the school.
4. The award of a bursary may be withdrawn if the obligations of the pupil or parents are not met as outlined in the Conditions of Award set out below and/or a parent fails to disclose financial information that could be considered material when carrying out the family's financial assessment.

Hardship Awards

1. Hardship awards may be made at any stage of a pupil's time at the school in cases of unforeseen or temporary difficulty.
2. Current parents who are experiencing genuine financial difficulties or temporary difficulties, may apply to the Governors for assistance outside of the published application process deadlines by completing an application form which is available from the Bursary Office. All financial assistance is means tested and existing parents will be required to provide detailed financial information and be interviewed in relation to their application.
3. Following assessment, if granted, ongoing financial assistance will be for a short period and is likely to only be for a maximum of the remainder of the current key stage or entry point into the school or until a pupil completes their next public examinations, at the time of application. The level of the award and parents' current financial situation shall continue to be reviewed every 12 months.

4. The resources available to provide support are limited, so priority will be given to those pupils in their GCSE or A level years.

- 8. Standard Terms and Conditions:** These Conditions of Award take precedence over any of the School's standard terms and conditions which are inconsistent with them but in all other respects the standard terms and conditions as amended from time to time shall apply and these Conditions of Award shall be interpreted in accordance with them.
