Draft of School Improvement Plan – Ms. Nelson has feedback from the staff. Looking to revise the goals for Quality Staffing and attendance. Draft will be sent out Tuesday, April 18. Would like feedback by Wednesday the 19th. Final draft send out Thursday. All should come sign. Submitted April 21.

Community Council Elections – Need to look at timelines. Question brought up about holding an election in the spring and in the fall to make sure all positions are filled. Will need to talk to new principal. This is not something that the office can take on at this time of the year.

The Utah Legislature has completed their work for the 2017 General Legislative Session. We are unaware of any legislation that directly affects the work of school community councils and do not anticipate any changes in State Board Rule.

Voters passed Amendment B in the November election resulting in schools receiving about 30% more money to plan for in the 2017-2018 School LAND Trust Plans than schools received this school year.

As you wrap up the work of your council this spring, please review the two- year terms of the members of your council to know which positions will be up for election and set up the school timeline for noticing and conducting elections. It is important for current parent members to encourage others to run and serve in the upcoming year.

The following documents may help encourage parent participation.
