## Parking lot traffic pattern

Here are a few tips to remember when using our parking lot & Drop Off Zone:

Please turn off your vehicle whenever possible to improve the air quality around our school and our state.

The entry to the parking lot is **ONE WAY/ENTER ONLY**.

The **ONLY** place to exit is where the parking lot meets the bus zone near our crosswalk (in green on map above).

There is a crosswalk between the drop off zone and the bus zone—**PLEASE USE IT** and do not let students walk through traffic to get to school.

There are **TWO** lanes in the drop off zone. One for dropping off and picking up and one for driving through

without stopping.

When picking up, please do not pull up to the school until you see your children.

Please have students enter and exit from the curb side, nearest the school if at all possible.

It's up to all of us to keep our kids safe. The number one thing we can all do is remember to slow down and be patient and polite in all areas around the school. Our children's safety depends on it! Thanks for your help and understanding!
