TOPIC:

**RESOLUTION 06-18-19 FINDING THE PROPOSED VILLA PARK HIGH SCHOOL MODERNIZATION PROJECT EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, APPROVING THE FILING AND RECORDATION OF A NOTICE OF EXEMPTION, AND APPROVING THE PROJECT**

DESCRIPTION:

As part of the Measure S Bond Program, the District proposes modernization improvements at Villa Park High School (VPHS). The proposed project consists of the following campus improvements in two phases:

Phase 1

1. Development of a two-story, 45,000-square-foot science center that would replace the existing one-story 300 Building near the northeast corner of the campus
2. Provision of nine portable interim housing classrooms and one portable restroom on the hardcourts south of the swimming pool
3. Reconfiguration of the parking lots (Lots 1 through 4) and two eastern driveways serving these lots

Phase 2

4. Modernization of the existing buildings including but not limited to interior remodeling and utility improvements, and for the 100/200 Building, the modernization includes relocation of the staircases from the north elevation to south elevation
5. Reconfiguration of the parking lots (Lots 1 through 3)
6. Improved drop off/pick up area with additional queuing
7. Removal of the nine portable interim housing classrooms and restroom

Projects undertaken by public agencies are subject to the California Environmental Quality Act (CEQA) as outlined in Public Resources Code (PRC) Section 21000 et seq. and the State CEQA Guidelines (California Code Regulations, Title 14, Section 15000 et seq.).

The proposed modernization improvements at VPHS are a "Project" under CEQA. Staff has evaluated the Project in whole and has determined that the proposed improvements are categorically exempt from further environmental review and the provisions of CEQA under CEQA Guidelines Section 15314.

Staff has determined that the Project is not subject to any exceptions to the categorical exemption (CEQA Guidelines Section 15300.2). Therefore, the District may file a Notice of Exemption (NOE) for the Project, which exempts the Project from further environmental review and the provisions of CEQA.

Adoption of Resolution 06-18-19 provides the required acknowledgements and findings with respect to the Project at VPHS to enable the District to:

1. Find the Proposed VPHS Modernization Project exempt from CEQA,
2. Approve the filing and recordation of a NOE,
3. Approve the Project, and
4. Authorize staff to file the NOE for the Project with the appropriate public agencies.

The Notice of Exemption will be filed with the County Clerk and the State Office of Planning and Research (OPR). The filing of a NOE with the County Clerk starts a 35-day statute of limitations period on legal challenges to the agency's decision that the project is exempt from CEQA. The NOE is available for review in the Business Services Office.

**FISCAL IMPACT:**

There is no direct fiscal impact as a result of adopting Resolution 06-18-19.

**RECOMMENDATION:**

It is recommended that the Board of Education adopt Resolution 06-18-19: (1) Finding the Proposed VPHS Modernization Project Exempt from CEQA; (2) Approving the Filing and Recordation of a NOE, (3) Approving the Project, and (4) Authorizing staff to file the NOE for the Project.

UNIFIED SCHOOL DISTRICT FINDING THE PROPOSED PARK VILLA  
HIGH SCHOOL MODERNIZATION PROJECT EXEMPT FROM THE  
CALIFORNIA ENVIRONMENTAL QUALITY ACT, APPROVING THE

APPROVING THE PROJECT**

**WHEREAS**, the Orange Unified School District ("District") owns and operates Villa Park High School at 48041 Taft Avenue, Villa Park, Orange County, California, Assessor's Parcel Number 372-232-02 ("Site"); and

**WHEREAS**, the District proposes to modernize Villa Park High School ("Project"); and

**WHEREAS**, the proposed project consists of demolition of the 300 Building and development of a new science center; provision of interim housing classrooms during construction; modernization of various school facilities, including but not limited to 100/200 Building; reconfiguration of parking lots; and new landscaping and lighting, security improvements, and aesthetic improvements; and

**WHEREAS**, prior to commencement of the Project, the District must comply with the California Environmental Quality Act ("CEQA"); and

**WHEREAS**, categorical exemptions to CEQA are set forth in Article 19 of Title 14 of the California Code of Regulations ("CEQA Guidelines"); and

**WHEREAS**, the Project is categorically exempt under CEQA Guidelines Sections 15314 and 15301; and

**WHEREAS**, CEQA Guidelines Section 15314, Minor Additions to Schools, sets forth an exemption from CEQA for minor additions to existing schools within existing school grounds where the addition does not increase original student capacity by more than 25 percent or 10 classrooms, whichever is less; and

**WHEREAS**, the Project would meet the criteria set by CEQA Guidelines Section 15314, as the Project would not change the existing number of 84 classrooms or existing enrollment capacity of 3,360 seats; and

**WHEREAS**, CEQA Guidelines Section 15301, Existing Facilities, sets forth an exemption from CEQA for operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures and facilities, including school facilities, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination; and

**WHEREAS**, the Project would meet the criteria set by CEQA Guidelines Section 15301, as the Project provides various improvements throughout the campus including parking lot reconfigurations, driveway and access modifications, utility, landscaping, lighting, and aesthetics improvements to modernize the existing school facilities on the same existing campus without expanding or changing the existing school uses; and

**WHEREAS**, the District has determined that the Project is not subject to any of the exceptions to categorical exemptions set forth in CEQA Guidelines Section 15300.2; and

**WHEREAS**, the Site is not in a sensitive environment of hazardous or critical concern; and

**WHEREAS**, the Project's environmental effects when combined with the environmental effects of known successive projects of the same type in the same place at the Site, and the environmental effects caused by other District projects, including at Orange, Canyon, and El Modena high schools, over time are not environmentally significant and cumulatively considerable; and

**WHEREAS**, the District is unaware of any unusual circumstances that would result in a reasonable possibility that the Project will have a significant effect on the environment; and

**WHEREAS**, the Project will not damage scenic resources within a highway officially designated as a state scenic highway; and

**WHEREAS**, the Site does not appear on a list compiled pursuant to Government Code Section 65962.5 due to historic contamination; and

**WHEREAS**, the Project will not cause a substantial adverse change in the significance of a historical resource.

**NOW, THEREFORE**, the Board of Education of the Orange Unified School District hereby finds, determines, declares, and resolves as follows:

**Section 1.** That all of the recitals set forth above are true and correct, and the Board so finds and determines.

**Section 2.** That the District has considered whether the Project may have a significant effect on the environment.

**Section 3.** That the District has concluded, after reviewing the Project through its own independent review and analysis, that the Project will not have a significant effect on the environment.

**Section 4.** That the District adopts the analysis and conclusions in the Notice of Exemption (NOE) as its findings and incorporates the NOE by reference as fully set forth herein.

**Section 5.** That the Project is subject to CEQA Guidelines Sections 15314 and 15301 and is not subject to any exception to exemptions found in CEQA Guidelines Section 15300.2 and is therefore exempt from CEQA.

**Section 6.** That the District approves the Project.

**Section 7.** That the District's Superintendent, or the Superintendent's designee, is instructed to file and/or record a Notice of Exemption from the California Environmental Quality Act, consistent with this Resolution and available for review at the District Office, Business Service department located at 1401 N. Handy Street, Orange CA 92867 with any and all appropriate public agencies or entities, subject only to minor, non-substantive revisions, if necessary.

**Section 8.** This Resolution shall take effect immediately upon adoption.

Debt Management Policy

The purpose of this Debt Management Policy is to provide functional tools for debt management, capital planning, and cash flow management in a conservative and prudent manner.

The Board of Education intends that the District establish and maintain a framework for public finance borrowings such as general obligation bonds (“GO Bonds”), lease financings, community facilities districts (“CFDs”), tax and revenue anticipation notes (“TRANS”) and other forms of indebtedness by the District.

1. The issuance of debt by the District is an appropriate and necessary method of financing capital projects, providing working capital and financing certain capital equipment purchases over time.
2. Careful and consistent monitoring of such debt issuance is required to preserve the District’s credit strength, budget and financial flexibility.

3. POLICY

- a. The purpose of this Debt Management Policy is to provide functional tools for both short term and long-term debt management and capital planning and objectives, as well as to enhance the District’s ability to manage its debt and lease financings in a conservative and prudent manner.
- b. In following this policy, the District shall pursue the following debt management goals.
  - i. When funding capital improvements, working capital, or equipment, the District will review all funding sources and determine the best source based on need and use of items being financed. For capital projects the District will review the capital improvement program to determine if debt issuance is the best source of funding given the overall capital improvement program and budget.

For publicly offered debt the District shall endeavor to attain the best possible credit strategy for each debt issue (with or without credit enhancement) in order to reduce interest costs, within the context of preserving financial flexibility and meeting capital funding requirements. For some of the District’s debt, in particular CFDs, the District may not pursue credit ratings if doing so does not lower the cost of borrowing.

- iii. The District shall remain mindful of debt limits in relation to assessed value changes within the District and the tax burden needed to meet long-term capital requirements.
- iv. The District shall consider market conditions and District cash flows when timing the issuance of debt.
- v. The District shall determine the amortization (maturity) schedule, which will best fit with the overall debt structure of the District at the time new debt is issued.
- vi. The District shall give consideration to matching the term of the debt issue to the useful lives of related assets whenever practical, while considering repair and replacement costs of those assets to be incurred in future years as an offset to the useful lives, and the related length of time in the payout structure.
- vii. The District shall, when planning for the issuance of new debt, consider the impact of such new debt on overlapping debt and the financing plans of local, state and other governments that overlap with the District.
- viii. The District shall, when issuing debt, assess financial alternatives to include new and innovative financing approaches whenever feasible, such as categorical grants, revolving loans or other state/federal aid, to minimize the encroachment on the District's general fund and the tax burden.

4. AUTHORIZATION AND TYPES OF DEBT AUTHORIZED TO BE ISSUED

- a. Authority and Purpose of the Issuance of Debt – The laws of the State of California authorize the issuance of debt of the District and confer upon it the power and authority to make lease payments, contract debt, borrow money, and issue bonds for public improvement projects. Under these provisions, the District may contract debt to pay for the cost of acquiring, constructing, reconstructing, rehabilitating, replacing, improving, extending, enlarging and equipping District projects and or facilities, or to refund existing debt or to provide for the cash flow needs of the District.
- b. Short-Term Debt (maturity of 13 months or less)
  - i. The District shall generally manage its cash position in a manner so that internally generated cash flow is sufficient to meet general operating needs.

- ii. However, the District may issue fixed-rate and/or variable rate short-term debt, which may include TRANs, when such instruments are needed to meet the District's cash flow requirements for operations (working capital).
- c. Long-Term Debt (maturity of greater than 13 months)
  - i. Debt issues may be used to finance capital facilities, projects and certain capital equipment where it is appropriate to spread the cost of the projects over more than one fiscal year.
  - ii. Projects, which are not appropriate for spreading costs over future years shall not be debt financed.
  - iii. Under no circumstances, shall long-term debt be used to fund District operations.
  - iv. The District may issue long-term debt that may include, but is not limited to GO Bonds, CFDs Bonds, lease financings, including Lease Revenue Bonds, Certificates of Participation, and/or other capital lease-purchase structures for capital facilities, projects and certain capital equipment.
  - v. In the event the District has outstanding long-term debt in the form of lease financing structures if and when referendum-approved debt proceeds become available, the District may, if authorized, use a portion of such proceeds to redeem or defease such outstanding debt. In doing so, the District recognizes that voter-approved long-term debt is generally the lowest cost borrowing available to the District.
  - vi. **Before ordering a bond election, the Board shall obtain reasonable and informed projections of assessed valuations that take into consideration projections of assessed property valuations made by the county assessor. (Education Code 15100)**

5. LIMITATION OF DEBT

- a. The District intends to comply with California Education Code Section 15106, which limits the District's total outstanding debt (i.e., principal portion only) to 2.50% of the assessed valuation of the taxable property of the District. TRANs and lease payment obligations in support of lease financings generally

do not count against this limit except as provided in California Education Code Section 17422.

- b. Limitations on the size of a TRAns issue shall be based on a conservative calculated cash deficit as best known at the time of issue.

6. STRUCTURE OF DEBT ISSUES

- a. Relation of Debt to District Budget – The District shall review and consider its existing capital improvement/facilities plan when issuing debt.
- b. Maturity of Debt – The District shall structure debt to mature in compliance with Section 147 (b) of the Internal Revenue Code (or any successor thereto) and the applicable provisions of both the Education Code and Government Code.
- c. Debt Service Structure – The District shall design the financing schedule and repayment of debt so as to take best advantage of market conditions, provide flexibility, and, as practical, to recapture or achieve its best credit rating for future use. Annual debt service payments shall generally be amortized on a level basis or consistent with either revenue or budget demands, or in the case of GO Bonds, consistent with conservative growth expectations for assessed valuation and taking into consideration both existing and future GO Bond issuances.
- d. Call Provisions – The Superintendent or designee, based upon analysis from the underwriters and financial advisors of the economics of callable versus non-callable features, shall set forth redemption and/or prepayment recommendations for each debt issue.
- e. Credit Enhancement – The District may enter into credit enhancement agreements such as municipal bond insurance, reserve sureties, and letters of credit with commercial banks, municipal bond insurance companies, or other financial entities when such enhancement results in lower borrowing costs, eliminates restrictive covenants, or has a net economic benefit to the debt issuance. The District shall use a competitive process to select providers of such credit enhancements to the extent applicable.

7. SALE OF SECURITIES

- a. Public Sale – There are two methods of a public sale of debt, competitive and negotiated. Preference shall be given to competitive sales. However, both methods of sale shall be considered for all issuance of debt to the extent allowed by law, as each method has the potential to achieve the lowest financing cost given the right conditions.

- i. Competitive Sale – When a competitive bidding process is deemed the most advantageous method of sale for the District, award shall be based upon, among other factors; the lowest offered True Interest Cost (“TIC”).
  - ii. Negotiated Sale – When a negotiated sale process is deemed the most advantageous method of sale for the District, selection shall be based upon, among other factors, qualifications, experience, pricing ability, and fees.
- b. Private Placement – While not used as frequently as negotiated or competitive public sale methods, a private placement sale may be appropriate when the financing can or must be structured for a single or limited number of purchasers.

8. CREDIT RATING AGENCIES

- a. In public issuance of debt, the District shall endeavor to attain the best possible credit rating for each debt issue (with or without credit enhancement).
- b. In private placement, the District will consider the debt issuance on its overall credit rating.
- c. The District shall endeavor to maintain effective relations with credit rating agencies.
- d. The District and its financial advisor shall meet with, make presentations to, or otherwise communicate with the credit rating agencies on a regular basis in order to keep the credit rating agencies informed concerning the District’s capital project plans, debt issuance program, debt management activities, and other appropriate financial information.

9. REFUNDING AND RESTRUCTURING OUTSTANDING DEBT

- a. Whenever deemed to be in the best interest of the District, the District may consider refunding or restructuring outstanding debt. The primary considerations for refunding or restructuring outstanding debt shall be financially advantageous or beneficial structuring.
- b. The financial advantages of refunding outstanding debt shall be based upon a review of a net present value analysis of any proposed refunding in order to make a determination regarding the cost-effectiveness of the proposed refunding.

- i. Generally, the District may initiate a refunding when four (4.00%) percent net present value or greater savings as a percentage of the refunded aggregate principal amount can be achieved.
- ii. The target net present value savings as a percentage of the refunded aggregate principal amount shall be no less than three (3.00%) percent at the time of sale. The Superintendent shall have the discretion to designate a lower percentage savings if more applicable, such as for transactions with only a few years until maturity or for lease financings being defeased or redeemed from proceeds of GO Bonds.

10. INTERNAL CONTROLS

The District shall be vigilant in using bond proceeds in accordance with the stated purposes at the time such debt was incurred. In furtherance of the policy, and in connection with the issuance of all GO Bonds:

- a. As required by Government Code Section 53410, the District shall only use GO Bond proceeds for the purposes approved by the district's voters; and
- b. The Superintendent shall have the responsibility, no less often than annually, to provide to the District's Board of Education a written report which shall contain at least the following information:
  - i. The amount of the Bond proceeds received and expended during the applicable reporting period; and
  - ii. The status of the acquisition, construction or financing of the school facility projects, as identified in any applicable bond measure, with the proceeds of the GO Bonds.

These reports may be combined with other periodic reports which include the same information, including but not limited to, periodic reports made to the California Debt and Investment Advisory Commission, or continuing disclosure reports or other reports made in connection with the GO Bonds. These requirements shall apply only until the earliest of the following: (i) all the GO Bonds are redeemed or defeased, but if the GO Bonds are refunded, such provisions shall apply until all such refunding bonds are redeemed or defeased, or (ii) all proceeds of the GO Bonds, or any investment earnings thereon, are fully expended.

- c. The District shall post on the District website the Annual Report of the District's Independent Bond Oversight Committee which has been given the responsibility to review the expenditure of GO Bond proceeds to assure the

community that all GO Bond funds have been used for the construction, renovation, repair, furnishing and equipping of school facilities, and not used for teacher or administrator salaries or other operating expenses.

- d. The District shall hire an independent auditor to perform an annual independent financial and performance audit of the expenditure of GO Bond proceeds, and to post such audits on the District website.
- e. Written requisitions identifying the amount and purpose of a proposed draw of bond or other debt proceeds shall be signed by a District official and submitted to the appropriate officials at the County of Orange or trustee, as applicable.

11. MISCELLANEOUS

- a. The District acknowledges that the capital marketplace fluctuates, municipal finance products change from time to time, and that issuer and investor supply and demand vary. These fluctuations may produce situations that are not anticipated or covered by this policy. As such, the Board of Education may make exceptions or modifications to this policy to achieve the debt management goals outlined above. Management flexibility is appropriate and necessary in such situations, provided specific authorization is granted by the Board of Education.
- b. The Superintendent may develop additional specific elements of a debt management framework through rules and regulations, which, along with this policy, shall be reviewed periodically in consideration of changing laws, District needs and market conditions.
- c. **With regard to general obligation bonds, the district shall invest new money bond proceeds in the county treasury pool as required by law. (Education Code 15146)**

StudentsTransitional Kindergarten

The Board of Education desires to offer a high-quality transitional kindergarten (TK) program for eligible children who do not yet meet the minimum age criterion for kindergarten. The TK program shall assist children in developing the academic, social, and emotional skills they need to succeed in kindergarten and beyond.

The District's transitional kindergarten shall be the first year of a two-year kindergarten program. (Education Code 48000)

The Board encourages ongoing collaboration among District preschool staff, other preschool providers, elementary teachers, administrators, and parents/guardians in program development, implementation, and evaluation of the District's TK program.

Eligibility

The District's transitional kindergarten program shall admit children whose fifth birthday is from September 2 through December 2 (Education Code 48000)

Parents/guardians of eligible children shall be notified of the availability of the TK program and the age, residency, immunization and any other enrollment requirements. Enrollment in the TK program shall be voluntary.

Upon request of a child's parents/guardians, the district may, on a case-by-case basis after the Superintendent or designee determines that it is in the child's best interest, admit into the district's TK program a child whose fifth birthday is on or before September 1 and who is therefore eligible for kindergarten.

**At any time during the school year, the district may admit into the TK program a child whose fifth birthday is after December 2 of that same school year, provided that the Superintendent or designee recommends that enrollment in a TK program is in the child's best interest and the child's parents/guardians approve. Prior to such enrollment, the child's parents/guardians shall be provided information regarding the advantages and disadvantages and any other explanatory information about the effect of early admittance. (Education Code 48000)**

Curriculum and Instruction

The District's TK program shall be based on a modified kindergarten curriculum that is age and developmentally appropriate. (Education Code 48000)

The program shall be aligned with the preschool learning foundations and preschool curriculum frameworks developed by the California Department of Education. It shall be designed to facilitate students' development in essential skills related to language and literacy, mathematics, physical development, health, visual and performing arts, science, history-social science, English language development, and social-emotional development.

The number of instructional minutes offered in transitional kindergarten shall be the same as that required for the District's kindergarten program.

Staffing

The Superintendent or designee shall ensure that teachers assigned to teach in TK classes possess a teaching credential or permit from the Commission on Teacher Credentialing (CTC) that authorizes such instruction.

A credentialed teacher who is first assigned to a TK class after July 1, 2015, shall, by August 1, 2020, have at least 24 units in early childhood education and/or child development, comparable experience in a preschool setting, and/or a child development teacher permit issued by the CTC. (Education Code 48000)

The Superintendent or designee may provide professional development as needed to ensure that TK teachers are knowledgeable about the standards and effective instructional methods for teaching young children.

Continuation to Kindergarten

Students who complete the TK program shall continue in kindergarten the following school year. Parents/guardians of such students shall not be required to submit a signed parental permission form for kindergarten attendance.

However, whenever children who would otherwise be age-eligible for kindergarten are enrolled in TK, the Superintendent or designee shall obtain a Kindergarten Continuance Form signed by the parent/guardian near the end of the TK year consenting to the child's enrollment in kindergarten the following year. A student shall not attend more than two years in a combination of transitional kindergarten and kindergarten. (Education Code 46300)

Assessment

The Superintendent or designee shall develop or identify appropriate formal and/or informal assessments of transitional kindergarten students' development and progress. He/she shall monitor and regularly report to the Board regarding program implementation and the progress of students in meeting related academic standards.

Title I Programs

~~In order to improve the academic achievement of disadvantaged students, the District shall use federal Title I funds to provide eligible students with supplementary services to reinforce the core curriculum and assist students in attaining proficiency on state academic achievement standards and assessments.~~

~~The Superintendent or designee shall provide technical assistance and support to any school participating in the Title I program, including consultation in the development and implementation of school plans and activities. (20 USC 6312)~~

~~The Superintendent or designee shall involve parents/guardians in the joint development of the District's written Parent Involvement Policy pursuant to 20 U.S.C. § 6318.~~

**Local Educational Agency Plan**

**The Board of Education desires to provide a high-quality education that enables all students to meet challenging state academic standards. In schools with a large number or percentage of economically disadvantaged families, the district shall use Title I funds to provide services that strengthen the academic program and provide support to students at risk of failing to achieve academic standards.**

**Title I funds shall be used to supplement, not supplant, funds available from state and local sources for the education of students participating in Title I programs. (20 USC 6314, 6321)**

**Descriptions of how the district will address the required components of the Title I local educational agency plan, as specified in 20 USC 6312, shall be included within the district's control and accountability plan (LCAP), the LCAP Federal Addendum, or another document. School-level strategies shall be aligned with the district's plan and be tailored to the specific needs of the students at the school.**

**In addition, the district and each school receiving Title I funds shall develop a written parent/guardian and family engagement policy in accordance with 20 USC 6318.**

~~The Superintendent or designee shall consult with teachers, principals, administrators, other appropriate school personnel, and parents/guardians of participating students in the development, periodic review, and, as necessary, the revision of a local educational agency (LEA) plan. The plan and any revisions shall be submitted to the Governing Board for approval. (20 USC 6312)~~

~~The plan shall address the components specified in 20 USC 6312, which describe the assessments, strategies, and services the District will use to help low-achieving students meet challenging academic standards.~~

~~The initial plan shall be submitted to the California Department of Education (CDE) and approved by the State Board of Education. Subsequent revisions of the plan shall be kept on file in the District.~~

Comparability of Services

**In schools receiving Title I funds**, state and local funds shall be used by schools receiving Title I funds to provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all District schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade-span basis.

**To demonstrate comparability of services among district schools, the district shall:**

- 1. Adopt and implement a districtwide salary schedule**
- 2. Ensure equivalence in teachers, administrators, and other staff, as measured by either or both of the following:**
  - a. The ratio of students to instructional staff at each Title I school within a grade span, which shall not exceed 110 percent of the average ratio for all non-Title I district schools within that grade span**
  - b. Salary expenditures for instructional staff at each Title I school, which shall be no less than 90 percent of the average salary expenditure across non-Title I district schools.**
- 3. Ensure equivalence in the provision of curriculum materials and instructional supplies, by determining whether the per-student expenditure of state and local funds for curriculum materials and instructional supplies in Title I schools is between 90 and 110 percent of the districtwide average**
- 4. Determine whether the amount of state and local funds allocated per student for each grade span is between 90 and 110 percent of the per student average for each grade span in non-Title I schools**

In determining comparability, the District shall not include staff salary differentials for years of employment. The District also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to disabled students, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

The Superintendent or designee shall annually assess comparability in accordance with the above criteria and maintain records documenting the district's compliance. If any instances of non-comparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

#### Participation of Private School Students

The district shall provide or contract to provide special educational services, instructional services (including evaluations to determine the progress being made in meeting students' academic needs), counseling, mentoring, one-on-one tutoring, or other Title I benefits to eligible private school students residing in a participating school attendance area. Such services and benefits shall be provided on an equitable basis in comparison to services and other benefits for public school students. (20 USC 6320, 7881)

#### Program Evaluation

The Board of Education shall ~~use state assessment results and other available measures or indicators to annually review the progress of each participating school and determine whether the school is making adequate yearly progress toward ensuring that all students meet the State's proficient level of achievement on state academic assessments.~~ **regularly monitor the progress of economically disadvantaged and low-achieving students in Title I schools. During the annual evaluation of the district's progress toward achieving each goal identified in the LCAP or other planning document addressing 20 USC 6312, the Board shall review disaggregated data on academic achievement, school attendance, and other outcomes for such students and shall ensure that strategies are revised as necessary to support continuous improvement.**

FacilitiesFacilities Master Plan

The Superintendent or designee shall develop and maintain a ~~Orange Unified School District~~ facilities master plan **for district facilities. This plan shall** be maintained and kept up-to-date **and** ~~The plan shall~~ reflect the short and long term educational programming needs of the students based on the district educational goals. To assist in the accurate assessment of these needs, the plan shall include an identification of social, economic and political factors in the community together with district-level housing and funding issues which will ultimately affect the success and effectiveness of the district building and renovation program.

The plan shall, at a minimum, incorporate population and enrollment projections based on a review of: (1) residential housing growth patterns; (2) kindergarten enrollments; **(3) birth-rate data; and (4) student yield factors.**

Concurrent with efforts to identify those demographic factors affecting school enrollment, the plan shall include an analysis of present and future design needs of the district together with an assessment of those qualitative factors which reflect the characteristics and capacity of each school facility.

The plan shall be based on an assessment of the district's short- and long-term facility needs, giving consideration to:

1. Current and projected school enrollments for each grade level, based on residential housing growth patterns in accordance with city/county general plans and other demographic factors.
2. The district's educational goals. (cf. 0200 - Goals for the School District)
3. Current and projected educational program requirements.
4. Student safety and welfare.
5. An evaluation of existing buildings and needs for modernization and renovation. (cf. 7111 - Evaluating Existing Buildings)
6. State planning standards and local zoning requirements.
7. The community's social, economic and political characteristics.
8. Estimated costs associated with meeting the district's facility needs.

The Superintendent or designee shall ensure that staff, parents/ guardians, students, and business and community representatives are kept informed of the need for facilities construction or modernization.

The Superintendent or designee shall also establish a facilities committee that shall meet at regular intervals in order to give community members opportunities to provide input into the planning process. (cf. 1220 - Citizen Advisory Committees)

To ensure that proposed facilities conform with all state planning standards and local zoning requirements, the Superintendent or designee shall consult architectural and engineering firms, utility companies, local governmental and planning agencies, the **Orange County Department of Education** ~~county office of education~~, the California Department of Education, the Division of the State Architect and the Office of Public School Construction. Assistance from colleges and universities, planning laboratories and private consulting firms shall be authorized when necessary to augment district staff resources.

### **School Capacities**

1. **For elementary classrooms, "Capacity" is defined by the terms and conditions in accordance with the Local Control Funding Formula (LCFF) Guidelines as 30 students per elementary classroom** for all available classrooms and specifically excludes Library space, Instructional Support Center space and Multi-Purpose space. **If no criteria is established under the LCFF Guidelines, then a loading factor of 30 students per classroom will be utilized.**

"As built" is defined as the original footprint of the actual building including any originally planned relocatable space.

2. The minimum capacity required to operate a school is 51% of as built capacity. At such time that a school reaches 50% of as built capacity, the Superintendent or designee shall direct staff to begin the capacity review process for recommendation(s) to the Board of Education.
3. The maximum capacity to operate a school is 95% of as built capacity. At such time that a school reaches 96% of as built capacity, the Superintendent or designee will follow subsequent administrative regulations.
4. It is conceivable that a campus could expand to either 120% of as built capacity or 145% of as built capacity. Should this occasion ever arise, the Superintendent or designee shall recommend to the Board of Education the school be capped for new enrollment purposes.

The District has a number of construction and modernization projects that are not certified as complete by the Division of the State Architect (DSA). Some of these projects are more than 15 years old. District staff has been working on closing out these projects for the past few years. However, additional work remains. DSA closeout and certification of these projects is important in order not to impede any future work on the campuses where these projects exist, including the high schools.

Given the nature of this work, a firm that specializes in project closeouts best facilitates it. OneSource Consulting, LLC, worked in the past with the District on previous project closeouts and is familiar with the District and the projects that remain to be certified.

OneSource Consulting, LLC, has proposed to provide the research and background investigation necessary for resolution, certification, and closeout of 14 of the District's highest priority projects on a time and materials basis for an amount not to exceed \$50,000 plus reimbursable costs of \$7,000 (\$57,000). District staff has reviewed the proposal and believe the costs to be reasonable.

**DESCRIPTION:** The S.D. This partnership is intended to benefit the District in the hiring and retention of quality educators.

Originally this program was funded for the 2016-17 and 2017-18 school years. The District has been notified that an additional \$80,000 has been allotted to extend this project into the 2018-19 school year.
