Pursuant to the Texas Education Code 44.031(a)(5), the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and Chapter 271 of the Texas Local Government Code, it is anticipated that school districts will recognize the broad applicability of SBISD contracts and how they apply to school districts.

All Suppliers should indicate their willingness to provide all or some of the goods and/or services requested in this proposal to other Districts. The responses to this proposal will be used as a baseline to determine which firms may be eligible for further participation in the district's marketing program. The marketing program is designed to help school districts improve their educational learning and business environments by the formation of mutually beneficial partnerships with firms that provide supportive expertise and services.

While each Interlocal Agreement will encompass part, or all of the services requested, each will be individually adapted, using the response from this CSP, to the individual needs of the participating district. Separate, but related contracts, will be drawn to reflect Agreements on each additional district partnership. Even though the CSP has been developed to be as comprehensive as possible, it is impossible to assure that all services needed in every interlocal contract will be included in the CSP response. Therefore, all Suppliers responding positively to this section shall also agree that such additional goods and/or services may be needed to satisfy the requirements of future Interlocal Agreements to provide goods and/or services to other districts will be included as part of this CSP.

#### DEFINITIONS

Below are a list of terms commonly used when describing payroll practices:

- Accrual Accrual days are the days employees receive which can be utilized for needed absences.
- Annualized Pay pay calculated given an hourly/daily rate and work schedule divided equally across 24 paychecks.
- Payroll Exception an instance where an employee does not work exactly the hours scheduled for a given week resulting in either overtime, compensatory time, dock, or accrual usage.

#### SPRING BRANCH ISD PAYROLL PRACTICES

The majority of SBISD employees are paid using an exception-based, annualized pay methodology. Nonexempt staff members are assigned an hourly rate of pay, a standard number of hours per week, and a duty calendar. Annualized pay is calculated as the product of the hourly rate, hours worked per day, and the number of days worked. Pay is spread evenly over 24 checks for the fiscal year as seen in the example below:

Hourly Rate	10.25 / hour
Hours per Day	7.5
Days per Year	188
Annualized Pay	14,452.50
Pay Check Amount	602.19

Non-Exempt staff that work more than their scheduled hours in a given week are compensated for that time with either overtime or compensatory time compliant with the Fair Labor Standards Act. Non-Exempt Staff that work fewer than the scheduled hours for the given week must either charge an accrual bank or be docked for the missing time. Time is calculated on a weekly basis with the week beginning on Sunday and ending on Saturday.

Non-Exempt staff are calculated weekly using the following method below:

- 1. Determine base pay hours available by subtracting accrual hours used from scheduled hours
- 2. Allocate hours worked each day from Sunday to Saturday as follows:
  - a. Allocate to base pay until all available base pay hours for the week are allocated
  - b. Hours that exceed base pay but are less than 40 are allocated to 1x Overtime
  - c. Hours worked that exceed 40 hours are allocated to 1.5x Overtime
  - d. For weeks where the sum of accrual hours and hours worked are less than the scheduled hours for the week, the employee is docked for the missing hours
