The Board recognizes that informal resolution can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. Informal resolution, such as mediation, may be offered to resolve complaints that involve more than one student and no adult. However, informal resolution may only be used if all parties voluntarily agree to participate in the process after receiving full disclosure of the allegations and their options for formal resolution. Additionally, informal resolution may only be used if the district deems it appropriate in light of the underlying allegations. Informal resolution shall never be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party would feel compelled to participate (e.g., a student complaint against an employee).

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law and in a manner consistent with federal and state guidance. As appropriate, for any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep confidential the identity of the complainant and/or the subject of the complaint if he/she is different from the complainant, as long as the integrity of the complaint process is maintained.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

(cf. 4131 - Staff Development)
