

RECREATIONAL RIDING PROGRAM: UPPER SCHOOL AND MIDDLE SCHOOL

Garrison Forest School offers a Recreational Riding program for students Grade 6 through Grade 12.

Designed to properly start the beginning rider, the Recreational Riding program includes lessons focusing on skill development and basic horse care, including grooming and tacking-up. Mounted and unmounted training develops a thorough base of equestrian knowledge, skills and abilities, as well as competitive edge.

For continued safety and individual success of each rider, class size is limited and enrollment is on a first-come, first-served basis. Participants may compete in GFS sponsored events, where appropriate.

Costs for Upper School and Middle School:

\$550 (once/week)

\$1,050 (twice/week)

\$1,575 (three times/week)

All recreational riders may choose to ride 1-3 times/week.

Upper School students who ride 3 times/week may receive Physical Education credit. Costs are based on the number of lessons per week during a season/trimester (a season is fall, winter or spring).

Apparel and Equipment Needed:

All Recreational riders must be dressed in long pants, preferably jodhpurs, boots with a heel and have an appropriate (ASTM-approved) riding helmet with a harness. Riders must have a grooming kit (available for purchase from the school).
