Acting in the County of: _____

Troy School District Play Structure Re-Installation Hill Elementary School

4600 Forsyth – Troy, Michigan 48085

Part 1 – General

1.01 WORK SCOPE

- A. Provide labor, materials, and equipment necessary to re-install Play Structure based on CPSC and ADA guidelines. Digital pictures of unit enclosed.
- Installer must be certified and/or authorized by manufacturer to install the Composite Structure.
 - Prep new location for play structure, excavate spoils and remove from site. Disposal of excavated spoils must comply with all Local and State regulations.
 - Repair any damaged area caused by heavy equipment. Repair all turf surface areas affected by this project. Top-dress damage area; rake out debris and stones, seed and straw.
 - Install drainage system to prevent flooding and promote proper drainage to minimize decay of Loose-Fill Surface material inside the play structure border (approximately 80 feet by 40 feet required). Bid package must outline type of drain tile used, fill, number of layers of Geotex felt used, depth of border and if a drywell system is required.
 - Smart Tech Border or equal (no wood products allowed). Border must be installed so it does not create a trip hazard at any point around the entire unit.
 - Install Slide Mats (3' by 4' by 2" thick) at the base of each slide (2).

1.02 SCHEDULING

- A. The completion date for the project is **15 December 2006**. Project will be ready to start on the day the bid is approved by the Troy School District Board of Education.
- B. Must provide a timeline report outlining the installation from start to finish (estimated based on normal conditions).

Part 2 – Material

2.01 MATERIALS

- A. Loose-Fill Surface material depth must comply with CPSC guidelines.
- B. Sample (s) of each product must be part of the bid package and in compliance with CPSC guidelines.
- C. Provide MSDS for products that are classified as a potential hazard to workforce, district employees or the community.
- D. Disposal of packing material is the responsibility of the installer, not Troy School District. Materials should be disposed of in accordance with Local and State guidelines.

Part 3 – Execution

3.01 INSPECTION

- A. Once the installation is completed the company rep will be required to walk the site with the Director of Operations (Kenneth D. Miller) for final approval.

3.02 Safety Guidelines

- A. It is recommended that you walk the site to verify scope of work. During normal school hours all bidders will be required to check in with the main office at each of the sites before entering school playground areas.
- B. Must maintain a safety zone around areas being serviced at all times.
- C. You will be required to check with the Director of Operations prior to the start of this project for approval to store or create a staging area for heavy equipment, trailers and materials.

3.03 QUALITY ASSURANCE

- A. Work areas must be kept safe, clean and organized at all times.
- B. Contractor will be responsible for any and all damage caused during the installation process.
