

CONCURRENT ENROLLMENT

Concurrent enrollment classes are taught through Weber State University, Utah State University, Utah Valley University, and Salt Lake Community College. It is the student's responsibility to admit to the University offering the class and pay applicable fees.

The benefits of concurrent enrollment may include:

- (1) Tuition fees are based on credit hours (\$5.00/hour) and registration fees and charges for required textbooks will be assessed by Universities.
- (2) Classes are taught at WXHS.
- (3) Students earn high school credit and university credit for the same class.
- (4) Credit usually is transferrable to other state colleges/universities.

Be aware that concurrent credit/grade earned at the university level will be placed on the permanent college transcript and may affect financial aid.
