# QHHS TITLE 1 PROGRAM

<http://www.quartzhillhs.org>

*Quartz Hill High School...  
Home of the Rebels!*

## WHAT IS TITLE I?

Title 1 is a federal program. The federal government gives the money to the state, the state gives it to the district, and the district gives it to the school. The district identifies schools based on the economics of the student body. However, we are to spend the money based on the educational needs of our students.

Students are identified as being eligible for Title I assistance primarily based on test scores from the California State Standards Test. Students scoring at Basic, Below Basic, and Far Below Basic in the areas of English and Math are identified as Title I students. (Students scoring Proficient or Advanced are not identified). These tests are given every spring and the results are mailed home in the summer. We use test scores because that is the main way our school is graded by the state and federal government.
