

Dear RSS Parents,

As Superintendent, I invite our parents, community partners and elected leaders to review the NC Report Card snapshot. In addition to school performance, it serves as a tool to gather information on different aspects of our individual schools and our district.

The Rowan-Salisbury Board of Education and our school staff are committed to inspiring our students to achieve at their highest level. The school board adopted the district's new three-year Strategic Plan for 2017-2020 that is guiding us in achieving these goals. Each school in the district created individual School Improvement Plans aligning with the district's Strategic Plan for a common focus for student achievement.

Here are the highlights of our Strategic Plan:
