

Community Council
April 11, 2018

Those in attendance: Annette Solt, Christa Maynes, Kate Niederhauser, Darryl Denhalter, Jean Bradford, Ashlie Little, Jamie Caldwell, Kathy Chadwick, Helena Langford, Jim Wright, Heidi Olson

Welcome – Kate Niederhauser welcomed and last month’s meeting minutes were approved.

Safety Measures – Blake Haycock, School District Security Officer, spoke with us about the steps the district and local law enforcement are taking on a continual basis to ensure school safety. Then he opened it up to a question/answer session. Concerns were brought up by council members about the lack of communication concerning details about what’s happened previously at the junior high. In the end, there was a general consensus that we need to be careful to question rumors and not spread them. If there is something the parents/community needs to know, they will know. Ask a member of community council in attendance for specific details.

SIP – The final draft of the School Improvement Plan was looked at and approved. It will be submitted on Friday, April 13th.

The meeting scheduled for May 9th was cancelled. Ashlie Little was nominated to be next year’s Community Council Chairperson, and she accepted.
