

## NEW LEBANON ELEMENTARY SCHOOL BUILDING COMMITTEE

### Community Update – September 2018

---

#### About the School Building Project

This intra-district elementary International Baccalaureate magnet school will serve students in grades PreK-5. The centrally located learning commons, equipped with flexible furnishings & adaptable technological infrastructure, allows for multiple zones of simultaneous learning. The building is designed to meet the sustainability goals established by the Educational Specifications and to achieve a gold-level LEED rating from US Green Building Council.

The following work was accomplished:

- Walkway bridges have been installed
  - Temporary egress on the East of the existing building has been established
- Site Excavation and Underground Utilities; Storm drainage
  - Excavation on Richard Street
  - Electrical service from Mead Ave
- Roof is installed and watertight
- Ductwork, sprinkler piping, domestic water and electrical conduit are all being installed
- Furniture bid packages have been received and Purchase Orders have been issued

Work anticipated for the coming weeks:

- Ductwork, sprinkler piping, domestic water and electrical conduit
- Exterior wall framing and sheathing (envelope) underway with masonry ongoing
- Glass is continuing to be installed
- Interior framing and MEP rough-in is ongoing

The project has received 2 reimbursements from the state to date totaling \$8,214,311.

If you have a concern, please contact the Gilbane Project Manager, Daniel Phillips at (914) 246-4862.

Building East facade – 8/18/2018
