2018-19 School Year

Low cost – High Limit “accident” coverage Optional coverage for students at low rates Insurance is primary if you have no other coverage

Dear Parent or Guardian:

For your convenience the School District has again arranged for you to purchase student accident insurance for your child at a very low premium. Attached is a brochure from our insurance provider, Bollinger Specialty Group. If your current health coverage consists of high deductibles and/or copayments, this coverage could be very valuable to you.

The coverage is written on a \$100 excess basis. The policy will pay for the first \$100 of incurred bills from a covered accident. After the first \$100 it becomes secondary to any other health insurance you may already have. If you do not have any other health insurance, this insurance will continue to pay on a primary basis. The Plan provides a \$500,000 maximum benefit per student injury.

Coverage is available on a school time only basis or on a 24-Hour basis. The 24-Hour plan provides coverage at school, on weekends, summer vacations, home, and play.

There is also optional coverage available for accidental dental insurance.

If you are interested in purchasing this comprehensive coverage, it is available online at <http://www.bollingerschools.com/lowermerion>

You can read a complete description of the coverage and either purchase it online or download and print the application and mail it in. The site should be available in August.

Rates:

School time only	\$ 30.00	
24-Hour	113.00	
Accidental Dental	20.00	\$5,000 limit

Your selection of this insurance is entirely voluntary. If you have any questions concerning the policy or claims, please contact Robert McIntyre Insurance at 610-687-5757.

Sincerely,

Victor Orlando
Business Manager
