

Davis High Community Council Minutes
February 1, 2017

Attendees: Richard Swanson, Cerissa Thompson, Bradley Chapple, Gregg Laub, Julie Tanner, Diana Anderson, Dianna Barton, Alan Porter, Ryan Wilko, Kim Humpherys, LeeAnn Hyer, Corinne Barney, Kimberly Luddington, Barbara Hartman, Dorothy Watkins, Andrea Richards, Hilary Pennock, Braxton Cutler (student), Carson Robb (student), Jono Rees (student), and Darron Coray (teacher).

Gregg Laub welcomed the Council. Minutes from January's meeting were reviewed and a motion to approve them was made by Andrea Richards. Hilary Pennock seconded the motion.

The student leaders gave an update of the various activities they are working on. Student Leader Update: One Act Plays, Dette's, Swim Team, Basketball, Wrestling, and Cheer. The "Extra Dance" will be held on Friday, March 24. It will have a Country theme with casual dress. The Friday before the dance, line dancing will be taught at the school for all who want to attend.

Richard Swanson reviewed the budget. Voting and approval for the following items was discussed:

- \$1500 for the Word Book Proposal: Diana Anderson motioned to approve the funds. Dianna seconded the motion.
- \$9K for Technology for Classrooms: Dianna Barton motioned to approve the funds. Hilary Pennock seconded the motion.

Mr. Swanson addressed budget adjustments and items that will need to be voted on with the Council.

- Percussion
- Historical Assembly with two Dr. King marchers and a Baptist choir on April 13th. (We will live stream with a temporary link on the school's webpage for 30 days.
- Math lab
- Next month, there's a potential that productivities will need to come out for second semester. This will benefit at-risk/special needs students.
- SAEV (flagged by Swanson) & Gregg Laub, will the review budget to assess surplus items.

The Council discussed the current status of the school's petition to the City Council for parking privileges on the street. We are frustrated with the city council and misleading encouragement given by Chris Snell and Jake Garn. Currently, the City Council is considering selling parking permits for street parking. They are working to make the tickets more re-inforceable (i.e. tickets will be a civil offense.)

Time was given to Julie Tanner to inform the Council of the following items:

- The definition of responsibilities of new School Board Members.
- Mr. Newey, our new Superintendent.
- At the recent Community Council training, it was announced that there will be a 30% increase in funding for the 20/17-18 school year; and a 10% increase for 2018-19.
- Mr. Swanson is well respected at the District and we are fortunate to have him as our Principal.
- Farmington High Boundary study. The District hires outside consultants for counsel.
 - March 7 will be the review of the process at the School Board Meeting.
 - April 19 survey sent to stake holders.
 - June meet with principals to review draft.
 - September meet with Community Councils with proposal.
 - October Open House
 - November, work study meet again
 - December final reading

- There is a potential for starting opening the new school with only Sophomores and Juniors.
- Salt Lake Innovative Early College High School is a small school example with similar curriculum to that of the new high school.

ACT Prep program concerns were brought up. Currently, \$2700 is being used from our budget. Amanda Grow will be incorporating an online option, yet the Council prefers face-to-face instruction. We are currently looking for other programs to help students focus on test taking skills.

As a look ahead to 2017-18, Gregg Laub will be working with Mr. Swanson and the Council on identifying specific needs that the school/teachers might have.

A motion to adjourn the meeting was made by Gregg Laub. Mr. Chapple seconded the motion.

Next meeting will be held on March 1st at 6:30am in the Counseling Center conference room

Student Achievement (Increase SAGE Scores)	College Career and Community (Increase SPED graduation rate)	Quality Teaching (Canvas and Plan from DCTs)	Academic Student (Progress in all classes)	Whole Emotional/Psychological (Meet emotional needs)
