

Davis High Community Council Minutes January 6, 2016

Attendees: Diana Anderson, Richard Swanson, Brad Chapple, Alan Porter, Ryan Wilko, Corine Barney, Dianna Barton, Gregg Laub, Kurt Cottrell, Amanda Grow, Allison Frazier, Barbara Hartmann, Dorothy Watkins, Marcie Hayes, Veronica Greenland, Andrea Richards, LeeAnn Hyer, Cade Hyde (student), Rachel Laub (student), Sam Sargent (student), McGyver Clark (student) and Carson Robb (student).

Diana Anderson welcomed the Community Council members and Dianna Barton read the minutes. Gregg Laub motioned to approve the minutes from December's meeting and Dorothy Watkins seconded the motion.

Mr. Swanson introduced DSD uses for the technology iBoss. It will be discussed further at the next meeting. He also noted that an updated budget is attached to the agenda for the Council to review.

Amanda Grow reported on the ACT Strategies class that was completed in November. The average number of test taking attempts of students that took her class was 2.1. There was a 1.4% increase in student's composite scores. Amanda presented information for a proposed class for Juniors in the Spring (to prepare for the March 1 test.)

- A question was asked as to the importance of taking a practice test at the beginning of Amanda's class – especially if students have previously taken the ACT. Amanda explained that being able to see the types of questions that the student is missing provides critical information to know specifically what type of help is needed.
- Amada shared the advantage of student having access, through Canvas, to the information learned in class. It is available, not only through the duration of the class, but throughout the school year.
- The Council discussed the possibility of offering an after school ACT Strategies class as well.
- For the upcoming test that all Juniors will be taking, Corine Barney suggested requiring a small fee to encourage student buy-in. (As opposed to the CC paying 100% of the fee.)

Alison Frazier made a motion proposing CC monies be used + \$15 student fee for the cost of the class. (A "scholarship" fee waiver will be available for students who qualify.) Dorothy Watkins seconded the motion.

The student body officers reported on the success of their Dash for Cash they held in December. \$5K was their goal. They raised \$14K. Overall, the total amount of money collected for donations was \$20,600. (\$5,600 over their goal!)

McGyver Clark presented his findings on pricing for emergency prep kit items. Grainger offered better pricing than tax-free government prices. It was suggested that he might incorporate the help of young men doing this as part of an Eagle Scout project. In total, \$7,750 was requested as "classroom supplies" for the emergency prep kits. Mr. Chappell confirmed that Trust Land funds cannot be used for such purposes. A suggestion was made that they ask for donations to cover some of the items or cost.

Cade Hyde reported on the SAEV coalition that is in full force District-wide. A kick-off meeting was held to organize school representatives. Calls and emails to state legislators are the biggest need right now.

Rachael Laub has developed an excellent website that was shown. It can be accessed at saevutah.com. It was suggested that a petition roll be available on the website. Cade Hyde named several things that he is requesting from the Community Council:

- Communicate with parents (via email and calls)
- Talk to other CCs
- Call/email legislators while in session
- Come to City Council Meetings, open forum to support the coalition on Jan, 7, 7:00PM
- Submit a written statement
- Look for business contacts such as the Utah Crime Council or other affiliations.
- Post Facebook links driving people to the website.

Diana Anderson proposed that the CC support the efforts of the student body officers and SAEV. Mr. Swanson seconded the motion. Diana Anderson is going to introduce the SAEV coalition at the DSD School Board meeting Jan, 12, 6:00PM. She also is going to look into having them present at the Tanner Clinic board meeting and Davis North Hospital board meeting.

Marcy Hayes asked how the parking permits were going to be distributed for second semester. Mr. Swanson indicated that he didn't think it would as much trouble as the beginning of the year because there is a higher standard required to obtain a parking pass – No Us or Fs, and all fees/fines must be paid in full. A question was asked what the parking pass funds are used for. Mr. Swanson explained that the money is used for general maintenance, signage, striping the lot and paying teachers to monitor and ticket vehicles in violation.

Gregg Laub motioned to adjourn the meeting. Kurt Cottrell seconded the motion.

College & Career Readiness	ACT Goals	Quality Teaching
<p>North Star Class designated for students that need to improve study skills, that we also provide additional tracking for. Referred by counselors. Classes by Talley and Parrish \$16,000 (+\$7000 Voted 8/12/15) \$23,000 To Date: \$2780.68</p>	<p>ACT Prep Class Provide more flexibility before and after school, and during lunch. (Amanda Grow?) \$10,000 Combine with Box Below. Voted 10/7/15</p>	<p>Computer Refresh Adding sound & DVD capabilities to 252 computers \$4,000 To Date \$4,000.00</p>
<p>Truancy Tracker Track student attendance and contact parents, teachers, and administration of attendance and truancy concerns. \$7,000 To Date: \$4267.91</p>	<p>ACT Productivity Two classes per semester to help students interested in improving ACT scores. \$16,000 Combine with Box Above Voted 10/7/15 To Date: 1440.00</p>	<p>Lap top Lab A new and updated lab to be utilized by our CTE department, specifically tied to critical thinking and classroom projects. \$25,000 To Date: \$23,315.00 +\$1685.00</p>
<p>Credit Recovery (Grad Point) Track Graduation requirements, remediate or intervene students into class to help recover lost credit. \$2,500 To Date: \$1851.49</p>	<p>Two Week Math ACT Prep Instructor will target students to work on math and study skill curriculum. \$1,000</p>	<p>Audio Enhancements Sound enhancements for classrooms to assist teacher and learner. From 10 @ 1250 to 20 at 1250 \$25,000 To Date: \$24,071.81 +\$928.19</p>
<p>Little Rock Nine Two of the original Little Rock Nine to visit Davis High School for a curricular history experience. \$5,000 increase to \$7000. Each speaker costs \$3500. \$7,000 To Date: \$7000.00</p>	<p>Chemistry Tutoring Chemistry tutoring, teacher will train top 2-3 AP Chemistry students in school to mentor middle performing chemistry students. \$2,800 to \$3000 \$3000 To Date: \$692.59</p>	<p>Projectors Update 12 projectors, some are very old and poor quality, cost to replace bulbs is close to cost of updated projector \$7,750 To Date: \$7512.00 +\$238.00</p>
<p>Math Lab Teacher instruction for math tutoring to take place before and after school. \$7,000 To Date: \$2977.69 (5 teachers)</p>	<p>Counselor Information Nights for Parents to Inform and Instruct using Key Indicators for ACT Testing. \$2000</p>	<p>Apple TV Teacher utilizing iPad to screen educational apps in the classroom. Fourteen units. \$1,200 To Date: \$1,200.00</p>
<p>Hope Squad</p>	<p>Create Student Sessions in Math that students can access</p>	<p>Professional Development</p>

<p>Student training and mentoring as it relates to our at-risk population \$1500 increase to \$3000 to send students to leadership conference at Weber State. \$3000 To Date \$3000.00</p>	<p>for free to take understand Math Prompts. \$2,000</p>	<p>Pay for professional educational speakers. Solution Tree, Lean education, Etc. \$10,000 (all on campus) To Date: \$6873.87</p>
<p>Percussion Productivity Class of 30-40 students during school hours, reduction in class sizes. \$8,000 To Date: \$4090.70</p>		<p>Mentor Pay Just under 20 teachers that are in the 1st 3 years of their teaching career. Provide weekly/bi-weekly support and training. \$3000 increase off campus opportunities</p>
<p>Science Mini-lab Four computers and a printer to be shared by chemistry teachers to allow students the opportunity to analyze data during lab assignments. \$3,000 To Date: \$1,628.00</p>		<p>Mini Laptop lab for Math classes. To Date: \$11,360</p>
<p>Summer Boot-Camp A program to target incoming sophomores with 2-3 F's in core subject areas, four teachers and one councilor to provide summer instruction and mentoring opportunities and 1.25 credits of recovery \$7,000 (Voted 8/12/15 to move to Northstar)</p>		<p>Kindle Fire Purchase for CANVAS (40) <u>32@\$49.99</u> Approved 12/2/15 To Date: \$1599.68 Still need to vote on: 8 units @ 49.99 = \$399.92 40 cases @ 4.00 = \$160.00 Charging Station = \$1200-\$3000</p>
<p>Student Recognition Invite students down and award certificate of accomplishment, have a social with students, and a drawing (Prizes to come from dance tickets, Game day T-shirts Etc.) \$5,000 No Go, Against Policy</p>		
<p>Math Essentials Math class for students that do not qualify for Sp. Ed. Services, but that struggle with math.</p>		

\$8,000 Moved to USTAR Productivity		
VEX Robotics Classroom engineering kits to support curriculum of new Davis High class. \$8,000 To Date: \$8,000.00		
Media Center Assistant Assist the Media Center Specialist, so that she can instruct students, as well as extend the Media Center Hours \$7500 To Date: \$3523.46		
Physics Mini Lab 6 Computers with cameras. LoggerPro Site License \$5600 To Date: \$6534.54		
Scholarship Secretary Meet with Juniors and Seniors to review Scholarship Opportunities \$7500		
Total Monies: \$97,000	\$34,000	\$75,950 Grand Total Requested: \$206,950
