

**Farmington High Community Council Meeting Notes**  
**September 6, 2018**

Members in attendance: Tony Smith, Steve Kemp, Terri Hall, Valerie Johnson, Paulynn Hacking (chair), Principal Swanson, LeNina Wimmer, Allen Jacobson, Marcie Hayes, Becky Wendt, Shalice Larsen & Christy Mortensen

Guests in attendance: Merci Rossmango, Justin Whittaker & Brett Sims

Welcome by Swanson

Summit Discussion:

- Teaching is taking place. Yes, it is hard and yes we are making changes. It is difficult for students to get used to the new system similar to the learning curve when the district went to Canvas. The program is not a new program it is just new to us. Summit is a 15 year vetted program. This is NOT a complete online program—teaching is happening. Teachers are interacting with student more than ever before.
- Terri Hall explained the difference between the cognitive skills and the content knowledge.
- LeNina Wimmer and Justin Whittaker showed the summit platform to the council and shared some key elements of the platform.
- Decision was made to send out a Summit update to all parents.
- The school is asking for patience from students and parents in learning the platform.

Safety in the Student parking Lot:

- discussed the safety of students crossing and that students should use the appropriate cross walks.

Training Video: ran out of time. Did not show
