

Parks Middle Parental and Family Engagement Plan

Mission Statement: We, the Parks Middle Family, ensure that all students will learn.

Vision Statement: Parks Middle School ensures that all key stakeholders are involved and interchangeably supportive of educational success and parental needs of all students.

Statement of Purpose: The St. Martin Parish School Board recognizes that parental involvement is the key to academic achievement. The term parent refers to any caregiver who assumes responsibility for nurturing and caring for children, including parents, grandparents, aunts, uncles, foster parents, stepparents, etc. Studies demonstrate that when parents are involved in their children's education, the attitudes, behaviors, and achievement of students are positively enhanced.

Parents and families provide the primary educational environment for children; consequently, parents are vital and necessary partners, with the educational communities, throughout their children's school career. Although parents come to the schools with diverse cultural backgrounds, primary languages, and needs, universally all parents want what is best for their children. Parental involvement must be a focus in the classroom if schools are to be able to achieve high academic standards and create productive citizens. Schools in collaboration with parents, teachers, students and administrators, must establish and develop efforts that enhance parental involvement and reflect the needs of students, parents, and families in the communities which they serve.

In order to meet these expectations, the Parental and Family Engagement Plan for Parks Middle School will address the following standards from all directions including school to family, family to school, community to school and school to community:
