## INTRODUCTION

### 0001 Name and Legal Status

The legal name of the School District is Southgate Community Schools. The School District is a general powers school district within the meaning of the Michigan Revised School Code (RSC), [MCL 380.1 et seq.](#)

### 0002 The Board of Education

The School District is governed by the Board of Education (the Board). A principal function of the Board is to adopt Bylaws and Policies that are reasonable and necessary to guide present and future Board and School District decision making and operations. The adoption, amendment or repeal of Bylaws or Policies requires the vote of a majority of the Board members elected and serving.

Bylaws and Policies supplement the wide body of federal and state statutory and regulatory law that applies to public school districts in the State of Michigan. Federal and state law supersede these Bylaws and Policies, to the extent of any inconsistency. The Board has determined that it is not reasonable or necessary to attempt to replicate federal or Michigan statutes or regulations in these Bylaws and Policies.

### 0003 The Superintendent of Schools

The Board will employ a Superintendent of Schools in conformity with the RSC and other applicable laws. The Superintendent will serve as the School District's chief administrator and is responsible for the development and implementation of Administrative Regulations that give operational effect to the Board Policies. Regulations are to be consistent with these Bylaws and Policies and, except as otherwise agreed by the Board, will not be effective for a period of one month from the date they are provided to the Board. The Board may, but is not required to, formally approve Administrative Regulations. A reference to the Superintendent in these Bylaws and Policies (and in any Administrative Regulations that may be promulgated) means the Superintendent or his/her designee, unless otherwise expressly stated.

The Superintendent is appointed as chief representative of the Board for the purpose of determining negotiation strategies and members of negotiation teams for collective bargaining with recognized unions and employee units.

The Board has adopted these Bylaws to define the manner in which the Board meets, operates and conducts its business. Bylaws are intended to provide for the Board's own internal governance, providing the basic framework for Board operations.

## 1001 Organization and Functioning of the Board

**Composition** The Board of Education is comprised of seven (7) members, elected or appointed in accordance with the RSC and the Michigan Election Law.

**Term of Office** The term of office of each member is six (6) years.

**Oath of Office** Newly elected, reelected and appointed members of the Board will take the required oath of office before being seated.

**Vacancies** In the event of a vacancy on the Board, the Board may appoint an eligible person to fill the position [consistent with Michigan law](#).

**Duties and Responsibilities of Board Members** Board members are elected to serve the interests of the School District and the entire school community. These interests may not be subordinated to any partisan principle, group or interest. Board members are expected to be and remain informed about issues that may come before the Board for decision. Regular attendance at Board meetings is necessary to fulfill the obligations of a Board member.

**Role of Individual Board Members** The Board acts as a whole, and only at properly convened Board meetings. An individual Board member lacks independent authority and may not act for or on behalf of the Board unless he/she has been specifically delegated authority by the Board to act in a particular instance.

**Code of Ethics** Each Board member will be asked to acknowledge and sign the following code of Ethics:

As a member of the Board, I will promote the best interest of the School District as a whole and will adhere to the following ethical standards and principles:

1. I will represent all School District constituents honestly and equally and refuse to surrender my responsibilities to any partisan principal, group or interest.
2. I will avoid any conflict of interest prohibited by law or appearance of such that could result from my position, and will not use my membership on the Board for personal gain, where contrary to the interests of the School District.
3. I will recognize that a Board member has no legal authority as an individual and that decisions can be made only by a majority vote at a public meeting of the Board.
4. I will take no private action that might compromise the Board or administration and will respect the confidentiality of privileged information.
5. I will abide by majority decisions of the Board, while retaining the right to seek changes in such decisions through ethical and constructive channels.

6. I will encourage and respect the free expression of opinion by my fellow Board members and will participate in Board discussions in an open, honest and respectful manner, honoring differences of opinion or perspective.
7. I will prepare for, attend and actively participate in School Board meetings.
8. I will become sufficiently informed about and prepared to act on the specific issues before the Board.
9. I will respectfully listen to those who communicate with the Board, seeking to understand their views, while recognizing my responsibility to represent the interests of the entire school community.
10. I will strive for a positive working relationship with the Superintendent, respecting the Superintendent's authority to advise the Board, implement Board policy, and administer the School District.
11. I will model continuous learning and work to ensure good governance by taking advantage of Board member development opportunities, including those sponsored by state and national school board associations, and encourage my fellow Board members to do the same.
12. I will strive to keep the Board focused on its primary work of clarifying the School District purpose, direction and goals, and monitoring District performance.

**Confidentiality** Board members will receive information that is not available to the general public. This includes information that is received during a closed session of the Board. In order for the proper functioning of the Board, an individual Board member will not share confidential information without the prior authorization of the Board or as may be required by law.

**Conflict of Interest** If a member of the immediate family (father, mother, husband, wife, son, daughter, sister, brother, father-in-law, mother-in-law, son-in-law, daughter-in-law, sister-in-law, brother-in-law, or step-family members) of a newly elected Board member is already an employee of the District, such Board member shall abstain from voting on any matter affecting the employment status of the employee.

**New Members** Board service requires considerable preparation and study. New Board members are strongly encouraged to participate in orientation and educational activities to acquaint themselves with the duties and responsibilities of a Board member.

**Committees** The Board may create various committees to gather information for the Board. Committee members will be appointed by the Board President. A committee will not consist of more than three (3) Board members.

**Election of Officers of the Board** The President, Vice President, Treasurer and Secretary of the Board will be elected at the Board's annual organizational meeting. The vote of a majority of the Board members elected and serving will be necessary for election to these offices. The elected officers will hold office for one year, and continue in office until their successors are chosen and take office. Board officers are eligible for reelection to their office.

**President** The President of the Board will preside at all meetings of the Board and conduct meetings in the manner prescribed by these Bylaws. The President will prepare the agenda for Board meetings in consultation with the Superintendent and may perform such other tasks as are reasonably necessary to facilitate Board meetings.

The President, or his/her designee, functions as the official spokesperson for the Board. The President will be the official recipient of correspondence directed to the Board and will provide copies of School District related correspondence to all other Board members and, in his/her discretion, to the Superintendent. Board members who receive School District related correspondence that was not addressed to the President will promptly provide a copy to the President.

The President and Secretary will sign all papers and documents required by law or otherwise authorized by action of the Board.

The President, on behalf of the Board, is authorized to consult with the Superintendent and/or School District legal counsel prior to presentation of an issue to the full Board.

**Vice-President** The Vice-President of the Board will have the powers and duties of the President during the temporary absence or disability of the President. The Vice-President will also have such other powers and duties as the Board may from time to time determine.

**Treasurer** The Treasurer of the Board will sign all School District documents required by law or otherwise authorized by action of the Board and perform other duties required by law and/or assigned by the Board.

**Secretary** The Secretary of the Board or his/her administrative designee will be responsible for taking and keeping the Board minutes in conformity with applicable legal requirements and performing such other duties as the Board may from time to time determine. The President and Secretary will sign all papers and documents required by law or otherwise authorized by action of the Board.

**Vacancies in Officer Positions** In the event of a vacancy in a Board office, the Board will elect a successor to serve for the balance of the term.

**Removal from Office** The Board may remove a person from an elected Board office by a majority vote of the serving members. Removal from an office does not constitute removal from the Board.

**Compensation** Board members will be paid a stipend, as determined by the Board.

**Reimbursement of Expenses** In addition to compensation for meeting attendance, Board members will be reimbursed for actual and necessary expenses incurred in the discharge of their official duties, as well as for attending Board approved activities and functions. Board members are expected to exercise good judgment, and ensure that expenditures incurred are reasonable, necessary, and in the best interest of the School District. Board members will not be reimbursed for entertainment expenses or the purchase of alcoholic beverages.

**Indemnification** The School District will indemnify the Board and individual Board members to the extent permitted by law. The School District will also purchase and keep in effect insurance policies for the defense and indemnification of the Board and individual Board members.

**Discipline and Removal** By a majority vote, the Board may censure an individual Board member or members for violating federal or Michigan law, these Bylaws or Board policy, or otherwise acting in a manner inconsistent with the office of a Board member. By a majority vote, the Board may petition the Governor to remove an individual Board member or members from the Board for any reason permitted by law.

**Professional Services** The Board may select and appoint qualified individuals or firms to provide professional services to the District for legal, architectural, and auditing/accounting services. In making such selections, the Board will, minimally, consider certifications, licenses, training and experience.

**District Email** Beginning on January 1, 2019, all Board members will use the email address provided by the School District for District-related communications.

## **1002 Meetings of the Board of Education**

**Michigan Open Meetings Act** The Michigan Open Meetings Act (OMA), [MCL 15.261 et seq.](#), governs many aspects of Board of Education meetings. These Bylaws supplement the requirements of the OMA.

**Annual Organizational Meeting** An organizational meeting will be held annually during the month of January. The business of the meeting will include:

- the election of Board officers;
- the establishment of Board committee(s);
- Board member compensation; and
- such other business as the Board may choose to address.

**Regular Meetings** Regular meetings of the Board will be held in accordance with the schedule established by the Board each year. The agenda for each regular meeting will be developed by the President of the Board in consultation with the Superintendent.

**Special Meetings** Special meetings of the Board may be called by the President or any three (3) Board members by providing not less than 24 hours notice to all Board members. The notice to Board members and the public shall be consistent in manner and form with the requirements of the OMA.

### **Meeting Procedures**

**Quorum.** Unless otherwise required or permitted by law, a majority of the serving members will constitute a quorum.

**Voting.** Unless otherwise required or permitted by law, the affirmative vote of a majority of the serving Board members is required to exercise the Board's authority. Absent a specific conflict of interest law prohibiting Board members from voting, Board members are expected to vote on all issues before the Board even if not in attendance at prior Board meetings.

**Guidelines for Public Participation at Board Meetings.** The Board will establish guidelines concerning public participation at Board meetings. The guidelines will include, but not be limited to:

- Limiting the time any individual may address the Board.
- Requiring individuals who wish to address the Board to identify themselves, their address, and any organization they may represent.
- Advising the public that, generally, the Board and individual Board members will not directly respond to comments or questions that arise during the public participation portion of the meeting.
- Requiring individuals who wish to address the Board to direct their comments to the entire Board and not to individual Board members, the Superintendent, other School District employees or members of the audience.

- Prohibiting behavior that is intemperate, abusive, defamatory or discourteous or that otherwise interferes with the orderly conduct and timely completion of the Board meeting.
- Excluding from the meeting an individual who engages in conduct that constitutes a breach of the peace.

**Rules of Order.** Disagreements concerning the rules of order for a meeting will be resolved according to the latest edition of *Robert's Rules of Order*. The Board may, however, suspend the Rules for a particular meeting or vote by action of a two-thirds (2/3) vote of those members present.

**Suspension or Waiver of the Bylaws.** Bylaws may be suspended by general consent or a two-thirds (2/3) vote of the Board members present at a properly constituted meeting. The suspension will apply to a particular instance and matter only and will not otherwise be applicable to subsequent actions or events.

## **1003 Adoption or Amendment of Bylaws and Policies**

The Board will adopt or amend Bylaws and Policies after readings at two separate Board meetings. The Board may, by a majority vote of members elected and serving, waive a first reading.

**Resident Students** Michigan law establishes which students have the right to attend school in the School District. The Superintendent will develop and implement regulations for the enrollment of resident students and their assignment to School District schools, facilities and programs. The Superintendent may also develop and implement regulations for intra-district open enrollment.

**Nonresident Students** Nonresident students may be permitted to enroll in the School District, as described below.

**Schools of Choice.** The Board may choose to permit the enrollment of nonresident students pursuant to a schools of choice program. If such a program is adopted, the Superintendent will develop and implement regulations for the enrollment of nonresident schools of choice students. Students duly enrolled pursuant to a schools of choice program will, thereafter, be considered School District students for all curricular and extracurricular purposes.

**Tuition Students.** The Board may choose to permit the enrollment of nonresident students pursuant to a tuition program. If a tuition program is adopted, the Superintendent will develop and implement regulations for the enrollment of nonresident tuition students. Students duly enrolled through a tuition program will, thereafter, be considered School District students for all curricular and extracurricular purposes.

**Foreign Exchange Students.** The Superintendent may develop and implement regulations for the enrollment of foreign exchange students.

**Homeless Students.** The School District will comply with applicable legal requirements concerning the enrollment of students defined as homeless under federal law. The Superintendent will appoint a designee to serve as the District's liaison with homeless students and their parents or guardians. The liaison will coordinate and collaborate with state and local officials, as necessary. Students duly enrolled as homeless students will, thereafter, be considered School District students for all curricular and extracurricular purposes.

**Children of Non-resident Employees.** A child of a non-resident employee of the School District may be permitted to enroll in the School District without the payment of tuition, provided the enrolling student is enrolling in the K-12 program. Once enrolled, such a student will be permitted to continue to attend the School District through graduation or receipt of a certificate of completion. This policy does not, however, bar the long-term suspension or expulsion of a student for a violation of the Student Code of Conduct.

**Shared Time Instruction** Under certain circumstances, students enrolled in non-public schools located within the geographic boundaries of the School District, as well as eligible students who are being home-schooled, are permitted to participate in non-core elective classes offered by the School District.

The core function of the School District is to educate students to prepare them to become productive and responsible citizens and adults. All other policies and considerations are secondary to this objective.

**Curriculum** The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing a legally compliant School District-wide curriculum. The curriculum is to be designed to further the educational growth of School District students and prepare students for post-secondary education and employment opportunities. All School District personnel are responsible for faithfully and effectively implementing the curriculum in their respective buildings and classrooms.

**Assessments** The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing legally compliant student assessments. These assessments are to be designed to accurately measure the degree to which students of the School District are progressing in the School District's curriculum, in general, and how each individual student is progressing within the curriculum.

The Superintendent, in consultation with selected School District personnel, is also responsible for developing and implementing an assessment reporting system. The purposes of the reporting system include informing the Board, School District staff, parents,<sup>1</sup> and the community, at large, about student progress within the School District's curriculum, in general; informing the Board, School District staff, parents and the community at large about student progress relative to their peers in other school districts and communities; and, notifying parents and students of the particular student's individual progress in the School District's curriculum. All School District personnel are responsible for faithfully and effectively administering the School District's assessments and following the prescribed system of assessment reporting.

**Progress Reports and Grades** The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing a system of legally compliant periodic progress reporting and grading that accurately reflects the degree to which students are progressing within the School District's curriculum, in general, and relative to their peers, as well as how each individual student is progressing. All School District personnel are responsible for faithfully and effectively implementing the School District's progress reporting and grading system.

**Placement and Retention** The Superintendent and building administrators, in consultation with parents, are responsible for placing and retaining students in schools, grades and courses consistent with the School District's core function of preparing students to become productive and responsible citizens and adults. Where agreement cannot be reached, following consultation, placement and retention decisions may be made notwithstanding parental objection.

**Graduation Requirements** In order to graduate and receive a high school diploma from the School District, a student must successfully complete all coursework required by law, all credits, coursework and assessments required by the School District and all other requirements that may be established and published from time to time by the Board.

## 2003 Education Records

**Generally** The Superintendent will develop and implement legally compliant regulations covering the creation, maintenance, preservation and confidentiality of student records. The Superintendent will notify parents annually of their rights with respect to student records and related matters, as required by the Family Education Rights and Privacy Act (FERPA) and Pupil Privacy Rights Amendment (PPRA).

**Directory Information** The Board designates the following student record information as *directory information*:

---

<sup>1</sup>The word "parents," when used in these policies, includes legal guardians and, where required by law, those acting in the place of parents.

- a student's name, address and telephone number;
- a student's photograph;
- a student's birth date and place of birth;
- a student's participation in School District related programs and extracurricular activities;
- a student's academic awards and honors;
- a student's height and weight, if a member of an athletic team;
- a student's honors and awards; and
- a student's dates of attendance and date of graduation.

Such information may be released by the School District, upon request, unless a parent or adult student has made timely objection, in writing, in accordance with FERPA.

**Student Surveys** Parents may inspect all materials used for any student survey, analysis or evaluation conducted by the School District in connection with a program that is funded by the United States Department of Education. The School District will not, without the consent of the parents of a student, require the student to participate in such a survey, analysis or evaluation that reveals or is intended to reveal information concerning the student's or the student's parents':

- political or religious affiliations, beliefs or practices;
- mental or psychological problems;
- sexual behavior or attitudes;
- illegal, anti-social, self-incriminating or demeaning behavior;
- critical appraisals of other individuals with whom the student or the student's parents have close family relationships;
- legally recognized privileged or analogous relationships, such as those with lawyers, physicians and ministers;
- income, other than when required by law to determine eligibility for programs or financial assistance.

## 2004 Extracurricular Activities

The Board strongly encourages the participation of School District students in extracurricular activities. Such activities are intended to supplement the School District's curriculum and provide opportunities for student enrichment. While important, it must be emphasized that participation in extracurricular activities is a privilege; not a right.

**Athletics** The Superintendent, in consultation with the Board and selected School District personnel, will develop and administer a robust program of interscholastic athletics. The athletic program must, at all times, adhere to the principle that participants are students first and athletes second.

**School District Clubs and Other Activities** The Superintendent, in consultation with the Board and selected School District personnel, will develop and administer a program of curricular and extracurricular student clubs and other activities.

**Student-Initiated Clubs** School District secondary students may also initiate clubs and other activities to be held on School District premises, subject to such rules and regulations as may be established by the Board, the Superintendent or District personnel consistent with the federal Equal Access Act and its Michigan equivalent. The School District will not discriminate among such student-initiated clubs and activities based on the religious, political or philosophical content of their meetings, provided the following conditions are met:

- Club meetings and events may not take place during instructional time.
- Club meetings and events must, in fact, be student initiated and student participation must be voluntary.
- Club meetings and events will not be sponsored by the School District or School District employees or agents.
- School District employees and agents may be present in only a supervisory capacity. They may not otherwise participate in club meetings and events.
- Persons not affiliated with the School District may not direct, conduct, control or regularly attend club meetings and events.
- Club meetings and events must not materially or substantially interfere with the orderly conduct of School District educational programs or activities.
- Clubs may be dissolved upon discovery of illegal and/or unethical activities.

## 2005 Communication

**Closed Forum** The School District is a closed forum, dedicated to the education of School District students based on the School District's curriculum. Where deemed necessary, the School District reserves the right to prohibit communication by students or others while observing all applicable legal requirements.

**Student Publications** The School District supports and encourages student publications that are part of the School District's curriculum, including school newspapers, yearbooks and similar publications.

**Distribution and Posting of Materials** The posting and distribution of materials on School District premises is prohibited, unless the materials are generated by the School District itself or provides factual information about School District academic or extracurricular activities. All postings and materials to be distributed require the prior written approval of the building administrator or his/her designee.

The Superintendent, in consultation with building administrators, may develop and implement regulations for the posting and distribution of other information. In all cases, the School District prohibits the posting or distribution of literature that:

- Is libelous, defamatory, obscene, lewd, vulgar, or profane;
- Violates federal, state or local laws;

- Advocates the use or availability of any substance or material that may reasonably be believed to constitute a direct and substantial danger to the health or welfare of students, such as tobacco, alcohol or illegal drugs;
- Incites violence;
- Interferes with or advocates interference with the rights of any individual or the orderly operation of the schools and their programs;
- Is primarily of a commercial nature, including but not limited to material that primarily seeks to advertise products or services; or
- The primary purpose of which is fundraising, except as approved in advance by the Superintendent.

## 2006

## Behavior

**Introduction** The Board of Education is committed to providing a school environment in which staff may deliver and students may receive educational services without disruption or interference. Expectations for students are based on principles of civility, mutual respect, and otherwise doing what is necessary to be a functioning member of a school community. These expectations apply to conduct on School District premises, while en route to and from school, while in attendance at school functions, as well as when off-campus, to the extent the off-campus behavior is likely to or does substantially disrupt District academic or extracurricular activities or programs.

**Attendance** Regular school attendance is expected of all students. The Superintendent shall develop and implement regulations to promote regular school attendance.

**Student Appearance** Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate or compromise reasonable standards of health, safety and decency.

**Student Code of Conduct** The Superintendent, in consultation with selected School District personnel, will develop and implement a legally compliant Student Code of Conduct. The Student Code of Conduct will apply to student behavior on school premises, while en route to and from school, at School District related events, as well as to off-campus behavior, to the extent the off-campus behavior is likely to or does substantially disrupt District academic or extracurricular activities or programs, or to the extent the District is legally required to consider the off-campus behavior, such as criminal sexual conduct and cyberbullying.

- Principals are delegated the authority to suspend a student from school for misconduct for a period not to exceed ten (10) school days. The Student Code of Conduct to be developed by the Superintendent is to include the due process protections that will apply in connection with such suspensions.
- The Student Code of Conduct will include a procedure for considering and disposing of recommendations by the administration for long term suspensions (in excess of 10 school days) and expulsions. The procedure will be consistent with this policy.

**Long Term Suspensions.** The Board of Education delegates to the Superintendent the authority to issue long-term suspensions, pursuant to legally compliant procedures set forth in the Student Code of Conduct. The Superintendent's decision on such suspensions will be final.

**Expulsions.** The Board has the authority to issue expulsions.

The Superintendent may also develop and implement an Athletic and Extracurricular Code of Conduct. The Code will be developed on the foundational basis that participation in athletics and extracurricular activities is a privilege; not a right.

The Superintendent will post the School District's Student Code of Conduct and Athletic and Extracurricular Code of Conduct on the School District's web site and take other reasonable measures to assure that students and parents are aware of their existence.

**Other Student Behavior** Michigan law requires that the Board adopt policies concerning bullying, "verbal assault" and locker searches. The Board adopts the following policies, which the Superintendent is to incorporate into the Student Code of Conduct.

**Student Bullying** The Board recognizes that bullying and cyberbullying significantly interfere with the learning process. Through this Policy, the Board prohibits bullying "at school," as defined below, as well as off-campus conduct that is likely lead to a material or substantial disruption of the school learning environment for one or more students.

This Policy is intended to protect *all* students from bullying, including cyberbullying, regardless of the subject matter or motivation for the behavior. The Board, through this Policy, also prohibits retaliation or false accusations against a target of bullying, as well as a witness or another person with reliable information about an act of bullying. The identity of an individual who reports an act of bullying shall remain confidential.

In order that this Policy be properly implemented, the Board directs that:

### **Implementation**

*Responsible School Official.* The Principal of each school building is primarily responsible for implementing this Policy for the school to which he or she is assigned.

*Publication.* The Superintendent shall revise the District's Student Code of Conduct, consistent with this Policy, to specifically prohibit bullying and cyberbullying, as defined below. The Superintendent is directed to post this Policy on the District's website.

*Reporting.* All administrators to whom incidents of bullying are reported are required to fill out and submit the appropriate form to the building's principal. The Superintendent shall report to the Board of Education, on a monthly basis, all verified incidents of bullying, and the resulting consequences that were imposed.

*Administrative Regulations.* The Superintendent shall promulgate such administrative regulations as he/she may deem necessary for the implementation of this Policy. The regulations shall include all of the following:

- a procedure for an individual to report an act of bullying;
- a procedure for the prompt investigation of a report of an act of bullying by the building principal or his/her designee;
- a procedure for providing notification to the parent or guardian of both the claimed victim of an act of bullying and the parent or guardian of the alleged perpetrator;
- a procedure to protect the confidentiality of a person making a report of bullying;

- a procedure for documenting any prohibited bullying incident that is reported; and
- a procedure for the Superintendent to report to the Board of Education, on an annual basis, all verified incidents of bullying, and the resulting consequences that were imposed.

**Definitions.** The following definitions shall apply for purposes of this Policy:

*“Bullying”* means any written, verbal or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more District students, either directly or indirectly, by doing any of the following:

- (i) substantially interfering with educational opportunities, benefits or programs;
- (ii) adversely affecting a student's ability to participate in or benefit from educational programs or activities by placing a student in reasonable fear of physical harm or by causing substantial emotional distress;
- (iii) having an actual and substantial detrimental effect on a student's physical or mental health; or,
- (iv) causing substantial disruption in, or substantial interference with, the orderly operation of the school.

*“At school”* means in a classroom, anywhere else on school premises, on a school bus or other school-related vehicle and at a school-sponsored activity or event, whether or not the activity or event is held on school premises. *“At school”* includes the off-premises use of a telecommunications access device or telecommunications service provider if the device or service provider is owned by or under the control of the District.

*“Cyberbullying”* means any electronic communication that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- (i) substantially interfering with educational opportunities, benefits or programs;
- (ii) adversely affecting a student's ability to participate in or benefit from educational programs or activities by placing a student in reasonable fear of physical harm or by causing substantial emotional distress;
- (iii) having an actual and substantial detrimental effect on a student's physical or mental health; or
- (iv) causing substantial disruption in, or substantial interference with, the orderly operation of the school.

**Accountability.** Each student in the School District is accountable for his/her own behavior, based on age-appropriate expectations. Respect for all students is part of a safe and healthy learning environment. Each student is expected to demonstrate respect through their interactions with the give-and-take of friendships, group cooperation, social interaction, compromise and acceptance of differences among other students and staff.

**Retaliation.** Retaliation against a target of bullying, a witness, another person with reliable information about an act of bullying or any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy independent of

whether a complaint is found to have been substantiated. Suspected reprisal or retaliation should be reported in the same manner as bullying.

Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated.

Retaliation and intentionally false reports may result in disciplinary action.

The Superintendent is directed to implement this Policy and is authorized and directed to promulgate such administrative regulations as may be deemed necessary.

**Verbal Assault** A verbal assault is a communication or series of communications that does or is intended to put a reasonable person in fear of harm to himself/herself or his/her property. The Superintendent will address verbal assault within the Student Code of Conduct.

**Locker and Other Searches** Lockers provided to students are the property of the School District and students and others have no expectation of privacy with respect to the lockers or their contents. School District principals and their designees may search student lockers at any time for any reason and may request the assistance of local law enforcement personnel. When conducting locker searches, School District personnel will respect the privacy rights of students regarding items found that are not illegal or possession of which is not in violation of School District policy. Any searches of personal property on school grounds will be conducted in a manner consistent with applicable legal standards.

**Personal Electronic Devices** The School District reserves the right to prohibit the possession or use of personal electronic devices on School District property or at School District-related functions. For purposes of this Policy, "personal electronic device" means a privately owned device that is used for audio, video or text communications.

Students are permitted to use personal electronic devices only as follows:

- Before and after the regular school day.
- During the student's scheduled lunch time.
- As directed by a teacher or other professional staff member for educational purposes.

Students may possess personal electronic devices on their person but the devices must be powered off and kept out of sight in backpacks/purses or lockers except during the times, above.

The Superintendent may develop regulations to further control student possession and use of personal electronic devices.

## **2007 Health and Safety**

**Programs and Activities** School District personnel will take reasonable precautions to preserve the health, safety and welfare of students participating in School District related programs and activities.

**Health Concerns Raised by Parents or Guardians** Parents are responsible for informing the School District of health and safety concerns particular to their children and cooperating with the School District to address those concerns. The Superintendent will develop and implement regulations for addressing the health and safety concerns of students with disabilities within the meaning of Section 504 of the Rehabilitation Act of 1973.

**Immunization** Except as otherwise specifically provided by law, the Board requires that all students be properly immunized, not later than the first day of school.

**Medication** The Superintendent will develop regulations concerning student medications. The regulations will address the possession, storage and accessing of student medications, as well as the administration of prescription medications to students while at school.

**Performance Enhancing Substances** Students are prohibited from using or being in the possession of any performance-enhancing substances, including, but not limited to, those that may be listed by the National Collegiate Athletic Association, the Michigan High School Athletic Association or the Michigan Department of Community Health.

**Seclusion and Restraint** The Board directs School District personnel and others to comply with Michigan law prohibiting seclusion and restraint, except for emergency seclusion and emergency physical restraint in the manner permitted by law.

**Wellness** The Board of Education recognizes that student wellness is integral to learning, growth and development. The School District will promote proper nutrition and nutrition education, as well as regular physical activity, as steps toward student wellness. The Superintendent will develop administrative regulations to implement this policy.

**Epinephrine Auto-Injectors (Epi-Pens)** The School District will acquire or purchase and maintain at least two functioning epinephrine auto-injectors (epi-pens) for and at each school building it operates. Properly trained School District personnel or authorized contractors will administer an epi-pen injection to any individual on school grounds who is believed to be having an anaphylactic reaction or any student who has a prescription on file at the school. The District will notify the parent(s) or legal guardian of any student to whom the District administers an epi-pen injection on school grounds or at a school-related activity.

The purpose of this policy is to comply with 2013 PA 187 (PA 187). This policy is not intended, and should not be construed, to create or grant any rights or remedies to any person. The Superintendent will promulgate administrative regulations for implementing this policy consistent with the requirements of PA 187, which regulations will incorporate, by reference, the Michigan Department of Education's Medication Administration Guidelines.

**Cardiac Emergency Response Plan** The Superintendent, or his/her designee, will promulgate a Cardiac Emergency Response Plan, as required by 2014 PA 12.

**Student Suicide** All District personnel should be alert to students who exhibit signs of unusual depression or who threaten or attempt suicide. Any such signs or the reports of such signs from students or personnel should be taken with the utmost seriousness. The Board authorizes the Superintendent to develop and implement regulations to assist District personnel in utilizing an intervention procedure for students exhibiting signs of depression and/or suicide, including:

- Step 1 – Stabilization;
- Step 2 – Assessment of the Risk;
- Step 3 – Use of Appropriate Risk Procedure(s);
- Step 4 – Communication with Appropriate Parties; and
- Step 5 – Follow-Up.

The Board authorizes the Superintendent to implement instruction for students on the dangers of depression and suicide through age-appropriate programs. This instruction will focus on: awareness of the risks and warning signs; access to appropriate prevention services; and prevention of suicidal behaviors among students. Parents will be notified of any suicide prevention instruction prior to such instruction being provided.

**3000****CURRICULUM AND INSTRUCTION**

---

---

**3001****Curriculum Development**

The Superintendent is responsible for the development, implementation and ongoing evaluation of the School District's curriculum. All new courses shall be approved by the Board before being implemented. The curriculum will:

- be consistent with the Board's policy on Student Learning and Achievement;
- meet or exceed all requirements of the State of Michigan for instructional programs; and,
- be standards based and founded upon legally compliant, research based grade level learning and achievement standards that lead to the awarding of a School District diploma.

The School District's curriculum will also include legally compliant, research based learning and achievement standards for students who participate in career and technical education programs, as well as address the needs and provide legally compliant opportunities for students with disabilities and students who are considered gifted.

The Superintendent will appoint well qualified administrators and teachers to assist the Superintendent in implementing and improving the School District's curriculum, as well as otherwise improving student learning and achievement.

**3002****Parent and Family Engagement**

The Board strongly encourages and supports the involvement of parents in their children's education. The Superintendent will develop and implement regulations, in consultation with parents, which will include:

- The manner in which the School District will cooperate with parents of students to develop students' intellectual and vocational skills in a safe and positive environment;
- The manner in which the School District will permit parents to review the School District's curriculum, textbooks and teaching materials;
- The manner in which the School District will permit parents to observe instructional activities, other than testing and assessments, in which their students are enrolled and present; and
- The manner in which the School District will permit the disclosure or use of student information for purposes of sales or marketing.

Parent and family engagement is also considered a key component of federal Title I programs. In order to help build a partnership between home and school for purposes of Title I, the School District:

- Informs parents of the program, the reasons for their children's participation and the specific instructional objectives;
- Trains parents to work with their children to attain instructional objectives;
- Trains teachers and other staff involved in Title I programs to work effectively with the parents of participating students;
- Consults with parents on a regular basis;
- Provides opportunities for parents to be involved in the design, operation and evaluation of the program; and
- Provides opportunities for the full participation of parents who lack literacy skills or whose native language is not English.

The Superintendent will develop and implement regulations that are compliant with Title I. The regulations are to support the above principles and actions and also assure that services provided with state and local funds in Title I schools are comparable to those provided in non-Title I schools in the School District.

### **3003 Instruction**

To the maximum extent feasible, student instruction will be delivered using research based and peer reviewed instructional methodologies. The Superintendent may develop regulations that are consistent with this policy.

### **3004 Textbooks and Other Instructional Materials**

The Board delegates to the Superintendent the authority to purchase instructional materials recommended to the Board, for its approval, including textbooks that are compatible with the School District's curriculum. The Superintendent may utilize well qualified administrators and teachers to assist in the selection of instructional materials, including textbooks, to be recommended to the Board.

### **3005 Selection of Media Center Materials**

The Board intends that students be provided access to a wide variety of educational materials, in various media, to support learning. The Superintendent is authorized to make or approve purchases for the media center and may receive recommendations for such purchases from professional staff members, parents and students.

### **3006 Parental Objections**

The Superintendent will develop regulations that provide an opportunity for the presentation and fair consideration of parental objections to the School District's curriculum, the selection of textbooks and other instructional materials and media center materials.

**3007****School Year / School Calendar**

The Superintendent will develop and recommend for approval by the Board a school year that is consistent with the Board's policies on Student Learning and Achievement. The school year adopted by the Board will meet all applicable legal requirements and, to the extent feasible, will be coordinated with the school year calendars of the intermediate school district and neighboring school districts.

**3008****School Day**

The Superintendent will develop and recommend for approval by the Board a school day that is consistent with the Board's policies on Student Learning and Achievement. The school day will meet all applicable legal requirements.

**3009****Limited English Proficiency**

The Board is committed to providing equal educational opportunities for all students in the School District. This includes students who have an English language deficiency. The Superintendent will develop and implement programs of instruction that:

- Appropriately identify students who have an English language deficiency;
- Provide appropriate instruction to limited English proficient students to assist them in gaining English language proficiency; and,

Annually assess the English proficiency of students and monitor their progress in order to determine the degree to which they may participate in a regular classroom environment.

A quality educational program is very largely a function of the personnel employed to implement the educational goals of the Board of Education. The Board will search for and employ persons of the highest character who have the skills and other qualifications necessary to meet staffing requirements.

Board policies apply to all School District employees, including personnel who are covered by a collective bargaining agreement. In the event that a Board policy conflicts with an enforceable provision of a collective bargaining agreement, the bargaining agreement will control the particular matter for employees who are within the coverage of that agreement. Any provision of a collective bargaining agreement that purports to cover a prohibited subject to bargaining is not enforceable.

All staff members have the responsibility to make themselves familiar with, and abide by, the laws of the State of Michigan as they affect their work, the policies of the Board, and implementing Administrative Regulations designed to implement them.

#### 4001 Administrative Staff and Organization

**The Superintendent of Schools** The Board will employ a Superintendent of Schools in conformity with relevant provisions of the Revised School Code and other applicable laws.

**Other Administrators** The Board may employ other administrators as it deems necessary for the proper operation of the School District.

#### 4002 Employment Considerations

**Equal Employment Opportunity** The Board is committed to equal employment opportunities in all aspects of employment, including recruitment, selection, training, promotion and retention of staff.

**Discrimination and Harassment** The Board is committed to maintaining a learning/working environment in which all individuals are treated with dignity and respect, free from discrimination and harassment. There will be no tolerance for discrimination or harassment on the basis of race, color, national origin, religion, sex, marital status, genetic information, disability, age, or any other illegal grounds.

**Nepotism** It is the intent of the Board to avoid favoritism as well as the appearance of favoritism towards relatives in all matters concerning employment in the School District. The Board adopts the following standards:

- No Board member or employee shall participate in any personnel action, including a recommendation for appointment, employment, promotion or evaluation, concerning an applicant or employee to whom she or he is related.
- No Board member or employee may directly supervise or evaluate an employee to whom that person is related. If a person is hired or transferred into a position the person will immediately report that fact to the Superintendent, who will consult with the Board of Education concerning the proper disposition of the matter.

This policy should not, except as expressly provided, be interpreted to prohibit the employment of relatives of Board members or relatives of School District employees.

For purposes of this policy, the terms “related” or “relative” refer to the following relationships: father, mother, son, daughter, brother, sister, spouse, father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, or any other persons who reside at the same location as the Board member or employee.

**Criminal Background Checks** The Board seeks to ensure a safe and secure environment for students, staff and other members of the school community. Accordingly, the School District will comply with state law and require that any individual working in a school building, whether as an employee or working regularly and continuously under contract, submits to a criminal history and background check by the department of state police. If an individual has been convicted of a listed offense, as defined by Michigan law, the School District will not employ the individual. If the individual has been convicted of a felony other than a listed offense, the School District will consider the severity of the felony, when the conduct occurred, its effect on the ability of the individual to work in a school building, and any other matters considered relevant to the safety of the school community. An individual with a felony conviction will not be permitted to work in a school building unless the assignment is specifically approved by the Superintendent and the Board of Education. Should the School District become aware, at any time, that an individual already working in a school building has been convicted of a listed offense or a felony, the same procedures will apply. The Superintendent will develop and implement administrative regulations to carry out this policy.

## 4003 Conditions of Employment

**Alcohol and Drug Free Workplace** The Board maintains a workplace free of alcohol and illegal drugs, as well as prescription drugs for which the employee does not have a current, valid prescription. An employee or volunteer who is found to have unlawfully manufactured, distributed, dispensed, possessed or used alcohol or any drug in the workplace shall be disciplined, up to and including discharge from employment. Similarly, an employee or volunteer who is found to have been present in the workplace while under the influence of illegal drugs, prescription drugs for which the employee does not have a current, valid prescription or alcohol will be subject to discipline, up to and including discharge from employment.

**Omnibus Transportation Employees** The School District is required to and will comply with the Omnibus Transportation Employee Testing Act of 1991. The Superintendent will develop and implementing regulations to conduct alcohol and drug testing of all employees working in safety sensitive transportation positions, within the meaning of the Act.

**Staffing, Layoff and Recall of Teachers** This policy relates to all teachers working for the School District as defined by the Michigan Teachers’ Tenure Act, MCL 38.71 *et seq.* As used in this policy, the term “personnel decision” refers to any situation where the School District is:

- conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position;
- conducting a recall from a staffing or program reduction; or
- any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position.

All personnel decisions will be made based on the following factors, in order of priority:

- individual performance;
- significant, relevant accomplishments and contributions;

- relevant special training.

The focus of personnel decisions will be the retention of effective teachers. Length of service or tenure status will not be a consideration unless the factors described above are found to be equal, and, then, only at the discretion of the Superintendent.

No teacher who has received a rating of ineffective on his/her last year-end evaluation will be given any preference that would result in that teacher being retained over a teacher who received a performance rating other than ineffective.

The Superintendent will develop and implement regulations or practices necessary to ensure implementation of this policy in accordance with Michigan law.

**Assignment and Transfer** The Board of Education believes that the appropriate placement of qualified and competent staff is essential to the successful functioning of the District. The Superintendent will be responsible for the proper assignment and transfer of all professional staff members and, in doing so, will attempt to optimize meeting the academic needs of the District's students.

**HIPAA** The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires the School District to provide employees with notice of the uses and disclosures of their protected health information that may be made by the School District. The School District will comply with the requirements of HIPAA with regard to any employee benefit or group health plan provided by the District that is subject to the requirements of the Act. The Superintendent will develop and implement regulations necessary to ensure continuing School District compliance with the requirements of HIPAA.

**Leaves of Absence** An employee may be granted a leave of absence, with a right to return to employment upon expiration of the leave. A leave of absence is without pay unless otherwise provided by law, Board policy or a negotiated contract. The Superintendent will develop and implement legally compliant leave of absence regulations, specifying the various types of leave that are available to School District employees and the manner in which application for a leave may be made.

**FMLA** The School District will comply with the Family and Medical Leave Act (FMLA), 42 USC 12201 *et seq.*, and corresponding regulations. The School District will use the rolling calendar method under the FMLA. The FMLA leave of any employee of the School District will be without pay. If the employee has paid leave time available under an applicable contract, the employee will be required to use that paid time concurrent with any FMLA leave.

**Medical Examinations** The Superintendent or his/her designee may require an employee to submit to a medical examination when:

- Required or permitted by federal or state law.
- Required or permitted by the employee's contract of employment.
- Information suggests that a health condition may be negatively affecting the employee's ability to perform the essential functions of his/her job, with or without accommodations.
- Information suggests that the employee is a direct threat to his/her safety or the safety of others.
- An employee has provided medical documentation as the basis for a health leave or in return from a health leave and the School District believes that a second medical opinion is warranted.

If the Superintendent requires an employee to submit to a medical examination, all costs will be borne by the School District. The employee will be required to sign a release authorizing the physician to submit a

copy of the report of the examination directly to the Superintendent. A copy of the physician's report will be maintained in a separate, confidential personnel file.

## **4004 Evaluations, Discipline and Discharge, Resignations**

**Performance Evaluations** All teachers and administrators can improve their performance and should strive for excellence in order to provide the best possible education for the students of the School District. To that end, the School District will use a rigorous, transparent and fair evaluation system for all teachers and administrators. This system will comply with Michigan law and include annual year-end evaluations for all teachers and administrators, unless otherwise permitted by Michigan law.

The evaluation system is intended to be used to improve the performance of all teachers and administrators and encourage professional growth. The system is also intended to result in the separation from employment of those teachers and administrators who, after notice and an opportunity to improve, are found to continue to be ineffective. The Superintendent will develop and implement any legally compliant Administrative Regulations necessary to put this policy into effect.

The Superintendent will be evaluated annually by the Board in a manner consistent with Michigan law.

**Performance Based Compensation** The Superintendent will develop for Board review and approval a legally compliant system of performance based compensation.

**Ineffective Teachers** Teachers will receive ratings pursuant to the School District's evaluation policy and administrative regulations. Any teacher rated ineffective on a year-end evaluation will be placed on an individualized development plan (IDP). That teacher will be evaluated mid-year during the next school year, in addition to receiving a year-end evaluation. If the teacher continues to be found ineffective after a second year, the School District will act to discharge the teacher, either through termination (if probationary) or the filing of tenure charges (if tenured), unless special circumstances are found to exist.

**Discipline and Discharge** This discipline and discharge policy applies to all School District employees. Furthermore, the employment of a probationary employee, including a probationary teacher, may be terminated at any time, for any reason that is not in violation of state or federal law. Where this policy conflicts with an individual contract of employment or an enforceable provision of a collective bargaining agreement, the applicable contract or agreement will supersede this policy.

The Board believes in maintaining a work environment that allows employees to be successful in providing an education to students of the School District. In return, employees are required to meet the highest standards of personal integrity, professionalism and performance. Employees whose conduct or performance is inconsistent with the School District's expectations are subject to corrective and/or disciplinary action.

Discipline, for purposes of this policy, includes verbal and written warnings, verbal and written reprimands, suspensions and dismissals/discharges. Discipline does not include verbal or written directives, verbal counseling aimed at correcting behavior or conduct, placement upon a voluntary or involuntary paid leave of absence and performance evaluations. Such actions are not subject to this policy.

Disciplinary actions are taken at the discretion of the School District, and may arise for any reason that is not arbitrary or capricious. Except as otherwise expressly provided by law, individual employment contract or an enforceable provision of a collective bargaining agreement, all disciplinary decisions of the School District are final and not subject to any grievance or arbitration procedure.

**Resignations** The Superintendent is authorized to accept resignations on behalf of the Board. A resignation must be in writing and is effective upon acceptance by the Superintendent.

**Gifts to School Personnel** No employee of the School District shall:

- Accept any but nominal personal gifts of money, services or goods from a student of the School District or the parent or guardian of any student.
- Accept any but nominal gifts or favors from any person, firm or corporation that is involved, directly or indirectly, or may be interested in becoming involved, in any commercial dealings with the School District.

**Whistleblower Protection Policy** Employees are expected to report suspected unlawful activity in the School District without fear of retaliation. The Superintendent will develop regulations to inform employees of the protections and obligations that exist under the Michigan Whistleblowers' Protection Act, MCL 15.361 *et seq.* The regulations will include a procedure for reporting alleged violations.

**Outside Activities** Employees may not engage in activities which interfere with their School District duties and responsibilities or denigrate the School District or the employee's profession.

Teachers are not permitted to receive pay for tutoring students currently assigned to them. Teachers may tutor other students of the School District with the prior permission of their building principal. No private tutoring may be provided during the regular school day, on School District property at any time or using School District equipment or supplies.

**Political Activities** Political activities of any employee campaigning for a candidate or ballot proposal shall be conducted outside of district buildings, off District premises and outside working hours. Students shall not be used by employees outside of school hours to campaign for a specific candidate or ballot proposals, unless student-initiated and approval has been obtained from the parents of those students. In accordance with Michigan law, District resources are, in no way, to be used in furtherance of any political activities.

Any expenses or fees associated with such professional development opportunities must be pre-approved by the Superintendent or his/her designee in order to be eligible for reimbursement.

**Professional Staff Contracts** The employment of teachers shall be secured through written contracts according to their status as a probationary or tenured teacher. The Superintendent is authorized to sign teacher contracts on behalf of the Board.

**Job Descriptions** The Board authorizes the Superintendent to maintain job descriptions which shall be brief, factual, and, wherever possible, generically descriptive of similar jobs. The District should maintain copies of all active job descriptions for access by District employees, as needed or requested.

**Illegal Conflicts of Interest** School District employees and agents engaged in the selection or administration of contracts may not have a prohibited conflict of interest. **Prohibition of Referral or Assistance** All District employees, Board members, and school officials must provide instruction in sex education in strict compliance with MCL 380.1507 of the Revised School Code. In addition, all District employees, Board members, and school officials are prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

Pursuant to state law, District personnel found to be in violation of this policy will be assessed a fine by the District of no less than 3% of his or her annual compensation. In furtherance of this responsibility, the Board directs the Superintendent to establish financial procedures to ensure the proper and effective accounting of all School District monies, that monies are administered in accordance with generally accepted accounting principles and that all legal requirements concerning School District monies are satisfied in letter and spirit. Under the supervision of the Superintendent, financial reports and statements will be prepared and submitted to the Board on a monthly basis, or more frequently if requested by the Board.

**5002****Budget Planning and Adoption**

The Board is required to adopt a budget prior to July 1 of each year, to be in place for the ensuing school year. The budget is a formalized statement of anticipated revenues and expenditures of the District and includes all district fund categories that are used to carry-out the District's educational goals and objectives. The budget will be prepared and published in conformity with GASB 54 and will endeavor to maintain an end-year general fund balance of 10% of the preceding year's expenditures that shall not fall below 5% of the preceding year's expenditures.

The Superintendent or his/her designee is responsible for preparing the budget and its timely presentation to the Board. Following adoption by the Board, the Superintendent or his/her designee will regularly inform the Board of actual or anticipated variances that may occur during budget implementation and recommend any action that may be required to be taken by the Board.
