

LODI UNIFIED SCHOOL DISTRICT

Rule 6177

Instruction

Summer School

Mandated Offerings

The district shall offer summer school instruction in the following areas:

A-G courses & Electives including but not limited to Mathematics, English, Science, and other core classes for high school students in grades 9 – 11 in need of remediation, enrichment or acceleration to meet LUSD graduation requirements.

For the purposes of these programs, a student shall be considered to be enrolled in a grade immediately upon completion of the preceding grade.

1. Programs for substantially handicapped students, in accordance with Education Code 41976.5 and the Code of Regulations, Title 5, Section 3043.

Attendance

Courses taught during the summer are condensed and concentrate in the instructional content of those offered during the regular school year, attendance during the summer session is crucial.

Students may not have more than one (1) absence in each semester class. Absences may not be cleared or made up. If a second absence occurs, the student will be dropped from the class resulting in the loss of ALL CREDIT. One tardy will be issued for every 30 minutes of instructional time missed during the summer school day. Three tardies will be equivalent to one absence.

Admission

Students in grades 9-11 regularly attending Lodi Unified District schools shall have the first opportunity to enroll in core academic summer high school classes.

Remaining summer high school openings in core academic subjects shall be open to both district and non-district students, with district students having first priority.

Rotation of School Sites

Sites for summer school programs shall be rotated each year in an effort to equalize long-term maintenance needs and to make summer school programs more equally accessible to all students, regardless of residence or regular attendance area.
