

Nueva is an extraordinary school, and we believe that our current families share this conviction, as do our graduates. At the same time, we understand that the costs associated with an independent school education may at first seem overwhelming. If you are concerned about affordability or are trying to put together a cost-benefit analysis of some sort, our Admissions Office is eager to discuss with you any question you may have about the school, confirm your understanding of the costs of attendance, and talk with you about financial options and alternatives, such as those described below.

### **Deferred Payment Plans**

Nueva offers two deferred payment options—one that spreads payments over 3 months and one that spreads payments over 10 months. Both options involve a fee but neither adds interest to the amount due. The fee is waived for families receiving financial awards.

### **Financial Awards**

Nueva distributes over \$4.5M of need-based financial awards and is deeply committed to removing the obstacle of affordability for qualified students who would not otherwise be able to attend. Information about our various programs and about how to apply for financial awards can be accessed via the link below.

and-financial-award](http://www.nuevaschool.org/admissions/tuition-info-and-financial-award)

### **Loan Programs**

There are many financial institutions that offer several loan options to help families budget for tuition. Many loan options offer flexible payment schedules, low interest rates, and extended term limits. Visit [www.nais.org](http://www.nais.org) for more information.
