

FACS Exploration - B

COURSE DESCRIPTION

This course provides students the opportunity to develop essential skills in the various career pathways related to Family and Consumer Sciences (FACS). Students will explore and cultivate skills in food and nutrition sciences, childcare, consumerism, entrepreneurship, family relationships, personal responsibility, and career and job-related tasks

STRANDS

Explore employability skills, entrepreneurship, the principles of the free enterprise system and their impact on families, communities and careers.

Identify and discuss social skills related to Human Services careers needed to develop personal independence and interpersonal relationships

Discuss and participate in activities regarding childcare services/early childhood education and its effect on families, communities, and careers

Identify and discuss the importance of food and nutrition sciences and related careers through class activities and lab experiences
