ROCORI SCHOOL DISTRICT

Meeting Agenda for the Technology Committee
September 21, 2018

1. Introductions

2. Summer projects

    a. Website
       i. Teacher pages- 1st week of October instructional coaches will have teacher page training. Teachers will be able to edit themselves. Teacher might be better served by using OneNote or Teams if they are using it for posting assignment and instructional materials. Last year, it was decided not to require a teacher webpage.

       ii. A discussion needs to be had on what direction we are going with giving people additional access to edit.

    b. Updating network closets.

    c. Laptop carts ordered over the summer should be out in the next couple of days. Unforeseen MDM issues that caused the delay.

    d. Possible repurpose of old science laptops for small group testing once their laptops replaced. Testing required ensuring compatible.

    e. Richmond, JCE, two RHS carts will be ordered.

    f. CSE is in the process of getting outside Wi-Fi
       i. Health Purpose- an app is used to connect to a student's monitoring device through Wi-Fi. The Wi-Fi needed to be extended to the playground area.
       ii. Richmond has similar case. Wi-Fi will be looked into for playground area.

    g. Working with Channel 10 to get Wi-Fi access to the football field.
       i. Channel 10 is hoping to livestreaming different sporting event games.
    h. Working to get Office 365 pro plus deployed has features (translation, dictation) that are added to PowerPoint, Word etc. No additional cost.

3. Committee Chairs.

    a. Two teacher chairs (Elementary, Secondary)
       i. Form through the PLAT Committee
       ii. Greg Spanier, Mary Waite

4. Think about referendum ideas.
   a. Update security
   b. Enhance communications
      i. New Website
